(5) Basic Policy for Distribution of Profit and Dividends for FY2024 and FY2025

The Company has a basic policy of realizing stable dividends with a dividend payout ratio of 40% or more. In light of this basic policy, and after a comprehensive review of performance in the fiscal year ended March 31, 2025 and future investment plans, etc., the Company has decided to pay out an ordinary dividend of ¥80.00 per share (a ¥40.00 year-end dividend in addition to an already-paid interim dividend).

2. Basic Policy on Selection of Accounting Standards

It is currently the policy of the Company to compile consolidated financial statements based on Japanese accounting standards, given that most stakeholders of the Group are shareholders, creditors and business partners in Japan, and in light of the resulting ease of comparison of consolidated financial statements period for period and with other companies in Japan.

In the future, we plan to consider adopting International Financial Reporting Standards, based on trends in proportions of overseas shareholders and in application of such accounting standards by competitors in Japan.
