### **Notice Concerning Revision of Medium-term Management Plan**

The Company hereby announces that it has decided to revise the figures planned for the final year of its Medium-term Management Plan (fiscal year ended March 2024 through fiscal year ending March 2026) announced on April 17, 2023, as follows.

#### Notice

#### 1. Details of the revision

(millions of yen)

	FYE Mar 2025 Result	FYE Mar 2026	
		Initial target (Revised upward on May 15, 2024)	Revised target
Consolidated net sales	155,958	155,000	160,000
Consolidated ordinary profit	15,574	12,000	15,800
Ordinary profit ratio	10.0%	7.7%	9.9%

#### 2. Reasons of the revision

The Company has decided to revise the numerical targets of the Medium-term Management Plan as described above due to the achievement of the initial targets for net sales, ordinary profit, and ordinary profit ratio for the fiscal year ending March 2026 ahead of schedule in the fiscal year ended

March 2025, as a result of the growth in net sales and profits at each stage. This was against the background of a favorable order-receiving environment, including increases in large-scale redevelopment projects mainly in the Tokyo metropolitan area and capital investment projects such as private-sector factories.
