To Our Shareholders

Thank you very much for your continued understanding and support.

Consolidated revenue, operating profit, and profit attributable to owners of the parent company for the period under review all reached record highs due to the impact of foreign exchange rates, increased sales volume, appropriate pricing commensurate with costs, improved model mix, cost reductions, and other efforts.

As a direction for future growth, the Company announced its technology strategy for the next 10 years in July last year and the Mid-Term Management Plan “By Your Side” in February this year.

By putting into practice our Founding Spirit, Mission Statement, and Philosophy of Conduct, we as Team Suzuki aim to be a presence that improves and supports the lives of our customers by providing products and services that are closely connected to our customers’ lives based on mobility, such as automobiles, motorcycles, and marine products, and provide infrastructure mobility. In order to continue to be a familiar and dependable presence for our customers and society, we will not remain in the same line of business as before, but will carry out new initiatives and grow by taking on the challenge of discontinuity.

In order to realize infrastructure mobility that is closely linked to the lives of our customers, we will develop what they really need in the Suzuki way (by use of technologies that minimize energy consumption with a “Sho-Sho-Kei-Tan-Bi” approach—meaning “smaller,” “fewer,” “lighter,” “shorter,” and “beauty”—which was announced in our technology strategy for the next 10 years). By communicating our thoughts to our customers in our products, we aim to increase the value of Suzuki that is perceived by our customers and have them continue to choose Suzuki products. By improving the job skills of each employee and effectively utilizing AI, we will efficiently and steadily achieve results and accomplish the Mid-Term Management Plan “By Your Side.”

Also, based on an appropriate governance foundation, we will continue to strive diligently to address environmental and legal issues in order to grow sustainably with all stakeholders.

We look forward to the continued support and encouragement of our shareholders.

Toshihiro Suzuki, Representative Director and President

Mission Statement, Philosophy of Conduct, and Corporate Slogan

Vision (What We Aim for)

Team Suzuki aims for “an infrastructure mobility closely connected with people’s lives”

Mission Statement and Philosophy of Conduct ("Suzuki Operating System")

Founding Spirit

To make the mother's work easier

Michio Suzuki, our founder, established in 1909 the Suzuki Loom Works, where he created his first loom and presented it to his mother.

Mission Statement

Suzuki established the Mission Statement, which indicates the corporate policy of the Suzuki Group, in March 1962.

The Mission Statement sets three goals for all employees of the Suzuki Group to understand and strive for: a goal toward carrying out a company's social missions (making products), a goal for the corporate organization that they belong to (building the company), and a goal for themselves (developing human resources), respectively.

With the motto “products of superior value,” which is mentioned in the first paragraph of the Mission Statement, all employees of the Suzuki Group are making daily efforts as value creators.

Philosophy of Conduct

[Sho-Sho-Kei-Tan-Bi (Smaller, Fewer, Lighter, Shorter, Beauty)]

The phrase “Sho-Sho-Kei-Tan-Bi” is an abbreviated phrase that means “smaller, fewer, lighter, shorter, beauty” in Japanese. Suzuki's basic policy of conducting efficient, high-quality manufacturing that eliminates waste was first expressed at its production sites using this phrase.

Thereafter, “Sho-Sho-Kei-Tan-Bi” became widely known as a motto for the entire Suzuki Group, reaching far beyond production to all manner of departments and situations, as well as its overseas operations.

The concepts highlighted by this motto are fully implemented in the manufacturing of Suzuki's products. Over the years, the motto has become well established within Suzuki as words that simply express Suzuki's Philosophy of Conduct.

- “Smaller” leads to enhanced efficiency by making things compact,
- “Fewer” optimally distributes resources to what is most necessary by omitting waste
- “Lighter” slims down for enhanced efficiency,
- “Shorter” speeds up decision-making, action and reporting, communication, and consultation processes.
- The meaning behind “beauty” is that all activities are for the best interest of our customers, and that our customers can only be satisfied for the first time once we meet all criteria of performance, quality, cost,

reliability, safety and security, and compliance.

[Genba, Genbutsu, Genjitsu (Actual place, Actual thing, Actual situation)]

We will go directly to the actual place, see and touch the actual thing, and make realistic decisions grounded in facts.

We will thoroughly eliminate theoretical discussions, and instead observe the actual things at the actual places, recognize the actual situation and appropriately capture the essence of things. Having done so, we will work to solve problems in a realistic manner.

[YARAMAIKA (Entrepreneurial Spirit)]

The ability to always maintain quick decision-making, close inter-personal relationships, and the flexibility required to address change is often cited as an example of “lean management.”

Even as the size of the Company grows, every employee will work hard to ensure that Suzuki does not succumb to big company disease. To fulfill our social missions, we will continue to boldly tackle challenges.

Corporate Slogan

We created the slogan “By Your Side” to express our Mission Statement and Philosophy of Conduct in a simple way. What lies in these three words is our principle of “focusing on the customer,”—an unchanged commitment since our founding. Having worked to give form to that vision for more than 100 years, we are determined to hand it to the next generation, evolving from “a mobility company that supports people’s daily lives” to “an infrastructure company closely connected with people’s lives.” We will strive to stand by our customers so that we can be a partner that is closer to them, for longer.

REFERENCE DOCUMENTS FOR THE GENERAL MEETING OF SHAREHOLDERS

MATTERS TO BE RESOLVED AND REFERENCE MATTERS

Agenda Item 1: Disposal of Surplus

We are committed to providing returns to our shareholders who hold our shares for the medium to long term through the enhancement of corporate value and progressive dividends.

Specifically, we aim to enhance corporate value through the realization of our Mid-Term Management Plan by pursuing growth investments centered on expanding production capacity to meet the growing demand in India and developing technologies aimed at minimizing energy consumption. In terms of shareholder returns, we will distribute dividends on a stable and continuous basis based on the principle of progressive dividends.

In line with this policy, we have set the year-end dividend per share at 21 yen and the annual dividend at 41 yen. This annual dividend represents an increase of 10.5 yen (34.4%) compared to the previous year's dividend of 30.5 yen (on a post-stock split basis).

Furthermore, as outlined in the Mid-Term Management Plan "By Your Side," which was announced on February 20, 2025, we will adopt DOE as a new indicator suitable for progressive dividends, starting from the fiscal year ending March 31, 2026, and raise the DOE level to 3.0% to strengthen shareholder returns.

1. Matters for year-end dividend

(1) Matters for distribution of dividend assets to shareholders and their total amount

¥21.00 per ordinary share of the Company Total amount ¥40,522,377,294

(2) Effective date of distribution of surplus June 30, 2025

2. Matters for other disposals of the surplus

(1) Item and amount of the decreased surplus

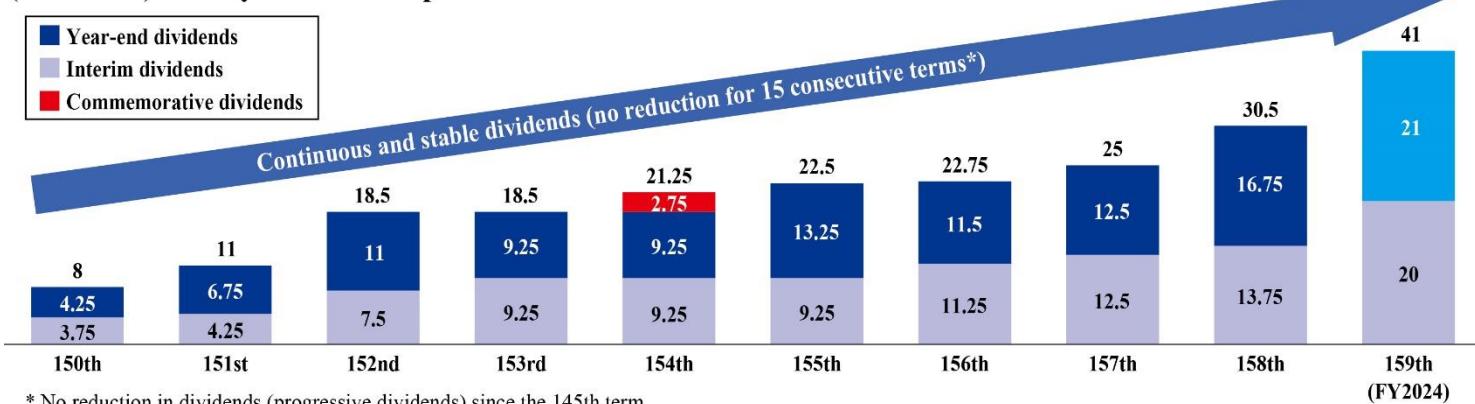

Retained earnings brought forward ¥148,000,000,000

(2) Items and amount of the increased surplus

General reserve ¥148,000,000,000

(Reference) History of dividends per share

Unit: Yen

* No reduction in dividends (progressive dividends) since the 145th term

* Effective April 1, 2024, the Company conducted a four-for-one common stock split. For comparison with the current term, dividends for the 158th term and prior terms are stated on a post-stock split basis.

Agenda Item 2: Election of Nine (9) Directors

The term of office of each of the eight (8) current Directors are due to expire at the close of this General Meeting of Shareholders. Accordingly, adding one (1) director to enhance the skillset and promote diversity on the board, we propose the election of nine (9) Directors.

The names and particulars of the candidates for the position of Director are provided below.

(Reference) Training for Directors, Audit & Supervisory Board Members and Managing Officers

We conduct training programs for Directors, Audit & Supervisory Board Members and Managing Directors to enhance their skills and capabilities. They cover a range of subjects: behaviors expected of executives, their roles and responsibilities, and theater workshops where participants act out the selfless devotion expected in their roles, , as well as training on compliance, risk management, company history, feedback from shareholders and investors, capital policy, shareholder returns, digital transformation, AI utilization, and green transformation.

(Reference) Policy and procedures for nominating candidate of Directors and candidate of Audit & Supervisory Board Members

The standard for electing Directors includes that they must have a great deal of experience and knowledge in their respective fields, that they must be capable and qualified managers, and that they must have a wide-ranging view of global business management.

For candidate of Outside Directors, the Company looks for people who have a broad range of knowledge, experience and sufficient achievements in their field of origin, and who satisfy the Company's "Standard for Independence of Outside Directors and Outside Audit & Supervisory Board Members" in order to strengthen their ability to supervise management.

For candidate of Audit & Supervisory Board Members, the election standard includes that the candidate must possess a high level of knowledge and proficiency in auditing all fields of the Company's business, including auditing accounts.

For candidate of Outside Audit & Supervisory Board Members, the Company looks for people who have a high level of specialist knowledge and a great deal of experience in finance, accounting, legal affairs, technology, etc., and who satisfy the Company's "Standard for Independence of Outside Directors and Outside Audit & Supervisory Board Members" in order to strengthen the neutrality of the auditing system.

Furthermore, for both candidate of Directors and candidate of Audit & Supervisory Board Members, the Company does not consider whether within or without company, gender or nationality.

The suitability of candidates to propose for election as an agenda item for the General Meeting of Shareholders is deliberated by the Committee on Personnel and Remuneration, etc., based on the result of this deliberation, (and with the assent of the Audit & Supervisory Board in the case of candidate of Audit & Supervisory Board Members) the Board of Directors then decides on the candidates.

(Reference) The Standard for Independence of Outside Directors and Outside Audit & Supervisory Board Members

The Company judges an independent person who does not fall under any of the followings as an Outside Director or an Outside Audit & Supervisory Board Member:

1. Persons concerned with the Company and its subsidiaries ("the Group")
 - (1) With regard to Outside Directors, any person who is or was a person executing business (Note 1) of the Group at present or in the past,
 - (2) With regard to Outside Audit & Supervisory Board Members, any person who is or was a Director, Managing Officer or employee of the Group at present or in the past, or
 - (3) A spouse or a relative within the second degree of kinship of the present Director or Managing Officer of the Group.
2. Persons concerned such as business partners or major shareholders, etc.
 - (1) Any person who is a person executing business of any of the followings:
 - 1) A company of which major business partner is the Group (Note 2)
 - 2) A major business partner of the Group (Note 3)
 - 3) A major shareholder having 10% or more of total voting rights of the Company
 - 4) A company for which the Group has 10% or more of total voting rights
 - (2) A person who is or was a representative partner or a partner of the Group's Accounting Auditor at present or in the past five years
 - (3) A person who receives a large amount of remuneration from the Group other than remuneration for Director/Audit & Supervisory Board Member (Note 4)
 - (4) A person who receives a large amount of donation from the Group (Note 5)
 - (5) A spouse or a relative within the second degree of kinship of the person who falls under category from (1) through (4) above

(Note 1) A person executing business:

A director executing business, an executive officer, a managing officer or an employee

(Note 2) A company of which major business partner is the Group:

A company which belongs to the group of the business partner who receives 2% or more of its consolidated net sales in the latest business year ended of the group (or an equivalent amount) from the Group in any of the business year in past three years

(Note 3) A major business partner of the Group:

A company which belongs to the group of the business partner who makes payment 2% or more of the Group's consolidated revenue or provides the Group with 2% or more of loans of its consolidated total assets in the latest business year ended of the Group in any of the business year in past three years

(Note 4) Those who receive a large amount of remuneration:

In any of the business year in the past three years,

- a consultant or legal or accounting expert, etc., who receives annual compensation 10 million yen or more other than remuneration as a Director/Audit & Supervisory Board Member as an individual
- a consultant or legal or accounting expert, etc., who belongs to an organization that receives annual compensation 2% or more of its annual total revenues

(Note 5) Those who receive a large amount of donation:

In any of the business year in the past three years,

- a person who receives annual donation 10 million yen or more

- a person who belongs to an organization that receives annual donation 2% or more of its annual total revenues and manages its activities which is the purpose of the donation

Agenda Item 3: Revision of Remuneration for Directors

The amount of remuneration for the Directors of the Company was approved at the 151st Ordinary General Meeting of Shareholders, held on June 29, 2017, to be within the annual amount of 750 million yen (of which, the amount for Outside Directors is an annual amount of 36 million yen or less), and that within that range, Directors (excluding Outside Directors) shall be paid a fixed basic remuneration and a bonus linked to indicators determined by the Company, such as consolidated business results. Subsequently, at the 157th Ordinary General Meeting of Shareholders, held on June 23, 2023, the annual amount of 750 million yen was left unchanged, and only the remuneration for Outside Directors was revised to an annual amount of up to 50 million yen, which remains in effect today.

Taking various factors into consideration comprehensively, including the need to incentivize the achievement of the management goals outlined in our Mid-Term Management Plan “By Your Side,” the expansion of the responsibilities of Outside Directors, the increase in the number of Outside Directors, and the remuneration levels at other companies, we wish to revise the annual remuneration for Directors up to 1,050 million yen (of which, the portion for Outside Directors will be 150 million yen or less). The remuneration for Outside Directors will remain unchanged, consisting only of basic remuneration.

Based on the above circumstances, the Company has judged that the content of this Agenda Item is reasonable.

Currently, there are eight (8) Directors (including three (3) Outside Directors), but if Agenda Item 2, “Election of Nine (9) Directors,” is approved as proposed, the number of Directors will be nine (9) (including four (4) Outside Directors).

Agenda Item 4: Revision of Remuneration Accompanying the Introduction of a Performance-Based Restricted Stock Remuneration System for Directors (Excluding Outside Directors)

Remuneration due to the granting of restricted stock to Directors of the Company (excluding Outside Directors; hereinafter referred to as "Eligible Directors") was approved at the 151st Ordinary General Meeting of Shareholders, held on June 29, 2017, as follows. The remuneration to be paid shall be in the form of monetary remuneration rights for an annual amount of up to 300 million yen, and the maximum number of ordinary shares of the Company to be issued or disposed of in exchange for Eligible Directors' contribution of the entire monetary remuneration rights in kind shall be 400,000 shares per year (the number is adjusted based on the effect of a four-for-one stock split effective on April 1, 2024). Subsequently, at the 154th Ordinary General Meeting of Shareholders, held on June 26, 2020, the transfer restriction period was revised to the period from the date of delivery of the shares to the date of retirement from the position of Director of the Company, which remains in effect today.

The Company now wishes to revise its existing restricted stock remuneration system to a performance-based restricted stock remuneration system (hereinafter referred to as the "System"). Under the System, the Company will grant shares of restricted stock in accordance with the degree of achievement of financial and non-financial performance indicators for each fiscal year as the performance evaluation period (this restricted stock is hereinafter referred to as "Restricted Shares"), and revise the annual amount of monetary remuneration rights to be paid for the granting of Restricted Shares to be separate from the amount of remuneration for Directors set forth in Agenda Item 3, "Revision of Remuneration for Directors," to be up to 500 million yen.

This agenda item has been deliberated by the Committee on Personnel and Remuneration, etc., which consists of a majority of Outside Directors, and the Committee has judged the contents to be reasonable as follows.

- (1) The remuneration is in line with the revised policies relating to the determination of the content of remunerations of individual directors that was resolved by the Board of Directors (see page 37) on the condition that this Agenda Item is approved as originally proposed.
- (2) The remuneration is appropriate for the purpose of stock remuneration, which is to further enhance the incentive effect for achieving the management goals set forth in the Mid-Term Management Plan "By Your Side" and improving the Company's medium- to long-term corporate value, and to increase shared values between the Eligible Directors and Shareholders.

If Agenda Item 2, "Election of Nine (9) Directors," is approved as proposed, the number of Directors eligible for this System will be five (5), excluding Outside Directors.

[Overview of the System]

(1) Allocation and payment of Restricted Shares

The Company shall designate each fiscal year as a performance evaluation period (hereinafter referred to as the "Eligible Period") and pay monetary remuneration rights to Eligible Directors in accordance with the degree of achievement of performance evaluation indicators set by the Board of Directors during the Eligible Period. Each Eligible Director shall receive the allocation of Restricted Shares by paying the entire amount of such monetary remuneration rights in kind. For that reason, at the start of the Eligible Period, the Company has not determined whether to grant Restricted Shares to each eligible Director or the number of Restricted Shares to be granted (hereinafter referred to as the "Number of Shares to Be Granted").

In addition, the above monetary remuneration rights shall be paid on the condition that the Eligible Directors agree to the above in-kind contribution and conclude a performance-based restricted stock subscription agreement containing the provisions set forth in (5) below.

The initial Eligible Period shall be from April 1, 2025 to March 31, 2026, and thereafter, Restricted Shares may be granted for each fiscal year as a new Eligible Period.

(2) Total number of Restricted Shares

The total number of Restricted Shares to be allocated to Eligible Directors shall be up to 400,000 shares for

each Eligible Period.

However, if, on or after the day of resolution of this Agenda Item, a certain situation arises, namely a split of ordinary shares of the Company, a consolidation of shares, or other circumstances requiring an adjustment of the total number of Restricted Shares to be allocated, the total number of Restricted Shares may be appropriately adjusted.

(3) Method of calculating the Number of Shares to Be Granted

The performance evaluation indicators necessary for calculating the specific Number of Shares to Be Granted, including the numerical targets to be used in the allocation of Restricted Shares, shall be determined by the Board of Directors.

In cases where the Company allocates Restricted Shares to each Eligible Director by calculating the Number of Shares to Be Granted to each Eligible Director, if the total number of Restricted Shares to be allocated to the Eligible Directors exceeds the total number of Restricted Shares specified above, or if the amount of monetary remuneration rights to be paid exceeds the maximum annual amount, the number of Restricted Shares to be allocated to each Eligible Director and the amount of monetary remuneration rights shall be adjusted by a reasonable method, such as proportional allocation, as determined by the Board of Directors.

(Reference) Method of calculating the Number of Shares to Be Granted to each individual during the initial Eligible Period (tentative)

The Number of Shares to Be Granted to each individual shall be the sum of (i) and (ii) below, and the number of shares less than 100 shares shall be rounded down.

- (i) Reference Number of Shares to Be Granted (*1) × 90% × TSR evaluation factor (*2)
(Any fractional share less than one share shall be rounded down.)
- (ii) Reference Number of Shares to Be Granted (*1) × 10% × evaluation factor other than TSR (*3)
(Any fractional share less than one share shall be rounded down.)

*1 Determined by the Board of Directors in accordance with the position, duties, etc. of each Eligible Director.

*2 Determined by comparison of the TOPIX growth rate including dividends with the Company's TSR (calculated based on the following formula), within the range of 90% to 110%.

TSR evaluation factor = Company's TSR ÷ TOPIX growth rate including dividends

$$\begin{aligned} \text{Company's TSR} &= \frac{\text{Average closing share price in the last month of the Eligible Period (March)} + \text{total dividend for the Eligible Period}}{\text{Average closing price in the month prior to the start of the Eligible Period (March)}} \\ \text{TOPIX growth rate including dividends} &= \frac{\text{Average closing price of TOPIX including dividends for the last month of the Eligible Period (March)}}{\text{Average closing price of TOPIX including dividends for the month prior to the start of the Eligible Period (March)}} \end{aligned}$$

*3 Determined by the Board of Directors within the range of 90% to 110% according to the degree of achievement of the numerical targets for the performance evaluation indicators for each Eligible Period. The performance evaluation indicator for the initial Eligible Period is planned to be the consolidated operating profit per person (excluding foreign exchange effects) for the Eligible Period divided by the consolidated operating profit per person for the previous fiscal year.

(4) Requirements for allocation, etc.

Upon the end of an Eligible Period and if the following grant requirements are met, monetary remuneration rights shall be paid to each Eligible Director, who will receive Restricted Shares by contributing all of the monetary remuneration rights in kind.

Restricted Shares shall be allocated by the Company through the issuance of new shares or the disposal of treasury shares. The amount to be paid shall be determined by the Board of Directors to be an amount that will not be particularly advantageous to each Eligible Director, based on the closing price of the ordinary shares of the Company on the Tokyo Stock Exchange on the business day immediately prior to the day of the resolution of the Board of Directors for the allocation of Restricted Shares (or, if no trading was conducted on that day, the closing price on the immediately preceding trading day).

- (i) The Eligible Director must have continuously held the position of a Director of the Company during the term of office for which the Restricted Shares are to be allocated. This period shall be from the date of the Ordinary General Meeting of Shareholders for the previous fiscal year to the day before the date of the Ordinary General Meeting of Shareholders for the relevant fiscal year.
- (ii) The Eligible Director must not have committed any certain acts of misconduct as determined by the Board of Directors of the Company.
- (iii) The Eligible Director must satisfy other requirements deemed necessary by the Board of Directors.

Notwithstanding (i) above, if there are any Eligible Directors who newly assume office during the Eligible Period, the Number of Shares to Be Granted to such Eligible Directors shall be reasonably adjusted. Also, notwithstanding (i) above, if there are any Eligible Directors who retire from their position as a Director of the Company for reasons such as the expiration of their term of office or other reasons deemed valid by the Board of Directors before the Restricted Shares are granted, the Company may, in lieu of granting the Restricted Shares, pay the relevant Eligible Director an amount of money reasonably determined by the Board of Directors as equivalent to the amount of the monetary remuneration rights, within 500 million yen, the annual amount of remuneration under the System described above.

(5) Details of the performance-based post-delivery restricted stock subscription agreement

Upon allocation of Restricted Shares, the performance-based post-delivery restricted stock subscription agreement to be concluded between the Company and the Eligible Directors who will receive Restricted Shares pursuant to a resolution of the Board of Directors shall include the following details.

(i) Details of transfer restrictions

Eligible Directors who have been allocated Restricted Shares may not transfer, pledge, grant a security interest in, or otherwise dispose of the Restricted Shares allocated to them to any third party (hereinafter referred to as a "Transfer Restriction") during the period from the date of allotment of the Restricted Shares to the date of retirement from the position of a Director of the Company (hereinafter referred to as the "Transfer Restriction Period").

(ii) Acquisition of Restricted Shares for no consideration

If an Eligible Director who has been allocated Restricted Shares retires from their position as a Director of the Company, the Company shall, unless the Board of Directors finds that there are valid reasons not to do so, rightfully acquire the allocated Restricted Shares for no consideration.

(iii) Removal of Transfer Restrictions

The Company shall remove Transfer Restrictions on all Restricted Shares allocated at the time of expiration of the Transfer Restriction Period. However, if the relevant Eligible Director retires from their position as a Director of the Company before the expiry of the Transfer Restriction Period for reasons deemed valid by the Board of Directors of the Company, the timing of the removal of the Transfer Restrictions shall be adjusted reasonably as necessary.

(iv) Handling in the event of organizational restructuring, etc.

During the Transfer Restriction Period, if an agenda item concerning a merger in which the Company is the dissolving company or other kinds of organizational restructuring is approved by the Company's General Meeting of Shareholders (or, if approval by the Company's General Meeting of Shareholders is not required for such organizational restructuring, by the Company's Board of Directors), the Company shall remove the Transfer Restriction on all Restricted Shares allocated to Shareholders prior to the effective date of such organizational restructuring.

(v) Malus and clawback clause

During the Transfer Restriction Period and after the removal of Transfer Restrictions, if the Board of Directors of the Company determines that an Eligible Director has committed an illegal act or violation of laws and regulations, etc., the Company may request the Eligible Director to return all or part of the Restricted Shares or ordinary shares of the Company for which Transfer Restrictions have been removed.

(Reference) Summary of the policies relating to the determination of the content of remunerations of individual directors for the 160th fiscal year, subject to approval of Agenda Items 3 and 4

The policies relating to the determination of the content of remunerations of individual directors of the Company for the 160th fiscal year is to consult with the Committee on Personnel and Remuneration, etc., which consists of a majority of Outside Directors, for its opinion on the appropriateness of the policy, and based on the result of the deliberation of the Committee, a resolution for change was adopted at the Board of Directors meeting held on May 12, 2025. The outline of the policy is as follows.

The remuneration of Directors (excluding Outside Directors) consists of basic remuneration, bonuses as short-term incentives, and stock remuneration as medium- to long-term incentives, with the ratio generally set at 30% for basic remuneration, 35% for bonuses, and 35% for stock remuneration, so as to serve as an incentive for the sustainable improvement of the Company's corporate value. Remuneration for Outside Directors shall be limited to basic remuneration in consideration of their duties.

The basic remuneration of Directors shall be a fixed monthly remuneration, which shall be determined and paid in consideration of their duties and responsibilities, the standards of other companies, and the level of employee salaries. Bonuses are calculated based on a position- and responsibility-specific formula tied to consolidated operating profit, the Company's non-consolidated operating profit, and consolidated ROE, and paid annually at a fixed time each year. Stock remuneration is calculated by linking the base number of shares to be granted for each position and responsibility with the degree of achievement of financial and non-financial performance indicators determined for the performance evaluation period (i.e., each fiscal year) based on medium- to long-term management plans and management issues, and the number of shares to be granted to each individual is calculated. The stock remuneration is paid in the form of restricted stock, which

is granted at a certain time after the end of the performance evaluation period each year, with a transfer restriction period from the date of allotment until the date of retirement as a Director.

Agenda Item 5: Revision of Remuneration for Audit & Supervisory Board Members

The amount of remuneration for the Company's Audit & Supervisory Board Members was approved at the 151st Ordinary General Meeting of Shareholders, held on June 29, 2017, to be within the annual amount of 120 million yen, which remains in effect today.

Taking various factors into consideration comprehensively, such as the increased responsibilities of Audit & Supervisory Board Members and the level of remuneration at other companies, we wish to revise the annual remuneration for Audit & Supervisory Board Members up to 200 million yen. The remuneration for Audit & Supervisory Board Members will remain unchanged, consisting only of basic remuneration.

The current number of Audit & Supervisory Board Members is five (5) and will remain unchanged after the close of this Ordinary General Meeting of Shareholders.

BUSINESS REPORT

(From April 1, 2024 to March 31, 2025)

1. Matters Relating to the Current Situation of the Group

(1) Outline and Result of Business

- Management results of FY2024

Revenue increased by ¥467.6 billion (8.7%) year-on-year (YoY) to ¥5,825.2 billion. This was attributable to increased unit sales, price revisions and the effect of foreign exchange rates.

Operating profit increased by ¥149.0 billion (30.2%) YoY to ¥642.9 billion. This was mainly attributable to increased revenue and cost reductions that surpassed increased fixed costs such as R&D expenses and labor costs and the effect of efforts to strengthen business partners' foundations.

Profit before tax increased by ¥138.5 billion (23.4%) YoY to ¥730.2 billion. Profit attributable to owners of parent increased by ¥99.0 billion (31.2%) YoY to ¥416.1 billion.

Regarding profitability for this consolidated fiscal year, ratio of operating profit to revenue improved to 11.0% from 9.2%, and ROE improved to 14.6% from 12.6% compared to the previous consolidated fiscal year. We recognize this is the result of our efforts to strengthen earning power.

(Automobile Business) (91.1% of total revenue)

Revenue increased by ¥435.6 billion (8.9%) YoY to ¥5,305.2 billion. Operating profit increased by ¥143.7 billion (33.9%) YoY to ¥567.6 billion.

(For this English translation, the pictures and the chart are omitted.)

(Motorcycle Business) (6.8% of total revenue)

Revenue increased by ¥33.1 billion (9.1%) YoY to ¥398.1 billion. Operating profit increased by ¥1.7 billion (4.4%) YoY to ¥40.8 billion. This was mainly attributable to sales expansion in India.

(For this English translation, the pictures and the chart are omitted.)

(Marine Business Business) (1.9% of total revenue)

Revenue decreased by ¥2.0 billion (1.8%) YoY to ¥109.7 billion. Operating profit increased by ¥3.1 billion (11.4%) YoY to ¥30.6 billion.

(For this English translation, the pictures and the chart are omitted.)

(Other Business) (0.2% of total revenue)

Revenue increased by ¥0.9 billion (7.9%) YoY to ¥12.1 billion. Operating profit increased by ¥0.5 billion (13.5%) YoY to ¥3.8 billion.

(5) Outstanding Issues

① Major Initiatives for FY2030

<Consolidated revenue target>

Our management targets are set at 8 trillion yen in revenue, 800 billion yen in operating profit with an operating profit margin of 10%, and an ROE of 13% by the fiscal year 2030.

Despite the increasing BEV ratio, rising labor costs, and soaring raw material prices, with a view toward achieving an ROE of 15% in the first half of the 2030s, we will carry out the necessary investments.

(For this English translation, the charts are omitted.)

<Businesses>

○Automobile Business

We will introduce appropriate BEV models to comply with regulations in each country. Additionally, considering the energy circumstances and other factors in each country and region, we will offer products such as compressed natural gas (CNG) and compressed biomethane gas (CBG) vehicles and vehicles compatible with ethanol-blend fuels—flexible fuel vehicles (FFVs) and 20% ethanol-blended gasoline (E20)—, allowing customers to choose products that best suit their needs.

(For this English translation, the picture is omitted.)

Japan

Japan is still a growth market for Suzuki. We plan to increase sales of compact vehicles and enhance profitability.

Aiming to become a company needed by customers and society, we continue to support the daily lives of customers who use mini cars as their primary mode of transportation.

Team Suzuki will carefully communicate the passion and dedication we put into our products, enhancing brand value and selling our products at fair prices that reflect their value. Through sales activities that stay close to our customers, we will increase profits by acquiring new customers, boosting replacements, and increasing service sales, growing together with our customers.

India

In India, our most critical market that continues to grow, we aim to achieve a 50% market share as a leading automobile company and become the number one in BEV production, sales, and exports.

We will strengthen our product offerings in the SUV segment and the MPV segment. The Company will also focus on enhancing entry-level models to ensure that the increasingly growing middle-class customers choose Suzuki for their first car purchase.

We will offer customers options such as BEVs, HEVs, CNG, CBG, and FFVs, tailored to the specific circumstances across different regions in India. To achieve this, we will enhance the product planning and development capabilities of Maruti Suzuki in India, which is physically close to our customers, to provide products that align with Indian customer preferences in a timely manner.

Regarding sales, we will further refine our two channels by clearly defining the roles of NEXA for premium customers and ARENA for a broader customer base.

Europe

Europe is a market with extremely high performance demands and advanced environmental and safety regulations. By supplying the vehicles that people need in Europe, we will continue to refine Suzuki's technologies and products.

We will utilize models produced in India to ensure a comprehensive product lineup and maintain our sales and service networks. Additionally, we will strengthen our sales activities by leveraging digital tools.

Middle East and Africa

The Middle East and Africa markets hold significant growth potential. Given their geographical proximity to India and the similarity in road conditions and customer needs in some countries, we will leverage Indian-made models to expand our presence and increase sales and profits. In countries where the demand for compact cars is high, we aim to increase sales by improving customer satisfaction.

Asia (excluding India)

We will restructure our ASEAN operations, focusing on Indonesia, to increase sales volumes. We will enhance the production and sales volume in Indonesia and establish a system to supply highly competitive products from Indonesia to other ASEAN countries.

Pakistan is a crucial market where Suzuki boasts a high market share of 45%. We are committed to further expanding our business scale there. Given the acceptance of Japanese mini cars, we will enhance our product lineup as a global hub for mini cars and leverage Suzuki's strong sales network to expand our market presence.

Latin America and Oceania

In Latin America, we will further expand the sales of compact SUVs. We plan to expand our lineup of Indian-made products to enhance our competitiveness in the market.

In Oceania, we will expand our range of fuel-efficient products. Considering the trends in fuel efficiency regulations in various countries, we will promote Suzuki's "compact and fuel-efficient" models to enhance our presence in the region.

○ Motorcycle Business

We are committed to providing "valuable products" that meet customer needs through uncompromising product development, and continue to earn the trust of our customers by conveying the passion of our creators. We will strengthen our product development, sales, and service activities by segmenting our offerings into those used for leisure, primarily in Europe and the United States, and those used for daily transportation and work in growing markets like India.

○ Marine Business

We will continue to provide durable and reliable products to customers worldwide, striving to be a dependable partner that supports both "pleasure" and "work" on the water. We will segment our

product development, sales, and service activities to cater to customers who use our products for "pleasure" and those who use them for "work."

We will also focus on activities that improve the environment of waterfront areas, which are important to our marine customers, such as implementing microplastic collection devices.

In terms of technology, we are committed to working towards carbon neutrality. Additionally, we will advance the development and commercialization of technologies operational support, providing higher value that meets customer demands.

○ New Business

We aim to leverage the strengths of our existing businesses to launch new ventures in service mobility and energy, targeting expansion of business scale and realization of profitable business. We will actively collaborate with other companies to acquire the technologies and expertise we lack.

Leveraging Suzuki's strengths, we are engaged in a biogas initiative aimed at solving social issues in India and fostering mutual growth. This initiative involves collecting cow dung, which emits methane and refining it into biomethane and CBG. The refined CBG is then used for daily living and cooking in India's rural areas, where energy resources are scarce. Additionally, we promote the use of CBG as fuel for Suzuki's CNG vehicles, providing mobility solutions.

<Technology Strategies>

Suzuki will realize a "technology that minimizes energy consumption" from manufacturing to recycling, and aim for a carbon-neutral world while providing the joy of transportation to people all over the world.

The technical strategies to achieve this goal are as follows: "Light-weight and safety body" that supports the whole as the basis of everything, "Lean-Battery EV and HEV" with optimal materials in optimal place for the customer's demand, "Combination of high-efficiency ICE^{*1} with CNF^{*2}", "SDV^{*3} right" that creates value with affordable system, "Easy recyclability and disassembly design" for the circular economy. These are the five strategies of our technological development.

Notes:

1. ICEs: Internal-combustion engines, which use gasoline or other types of fuel
2. CNF (carbon-neutral fuel): A technology to allow efficient burning of carbon-neutral fuels (e.g., bioethanol and CBG) in small amounts
3. SDV (for "software defined vehicle"): A type of vehicles that allow for increasing/replacing functions, even after sales, by adding or updating software

(For this English translation, the picture is omitted.)

<Carbon Neutrality>

With regard to CO₂ emissions from our business activities (Scopes 1 and 2), we aim to realize carbon neutrality globally (including India) by 2050. We are transitioning to targets aligned with the 1.5°C level of the Paris Agreement, with an interim goal of reducing total emissions by 42% by the fiscal year 2030 compared to the fiscal year 2022.

(For this English translation, the picture is omitted.)

<R&D expenses, capital expenditures>

We aim to improve profitability and efficiency, secure maximum investment funds, and proactively carry out growth investments. To maximize corporate value, we will flexibly allocate the right management resources at the right places according to external conditions. Growth investment will be undertaken primarily in increasing production capacity to meet growing demand in India and technology development towards minimization of energy consumption.

Specifically, for growth investment, we plan to invest 2 trillion yen for capital expenditures and 2 trillion yen for R&D by FY2030, for a total of 4 trillion yen. 1.2 trillion yen of the capital expenditures will be related to India, and 1.35 trillion yen of the R&D expenditure will be for energy minimization.

(2)Remuneration, etc. for Directors and Audit & Supervisory Board Members for the fiscal year

① Matters concerning the decision-making policy regarding the content of individual remuneration of Directors for the fiscal year and matters concerning delegation of the determination of the content of individual remuneration of Directors

Regarding the decision-making policy for individual remuneration of Directors (hereinafter referred to as the “Decision-making Policy”), a report on the validity of the proposed Decision-making Policy is received from the Committee on Personnel and Remuneration, etc.(*), with a majority of the members as Outside Directors. The Board of Directors deliberates and makes a resolution based on the report. The outline of the Decision-making Policy is as follows.

Remuneration of Directors (excluding Outside Directors) consists of basic remuneration, bonuses linked to the Company's performance of each fiscal year, and restricted stock remuneration linked to the medium- to long-term stock price to function as an incentive for continuous improvement of the Company's corporate value. The ratio is roughly 40% basic remuneration, 30% bonuses, and 30% restricted stock remuneration. Outside Directors' remuneration shall be solely basic remuneration, given their duties.

Basic remuneration for Directors is fixed monthly remuneration, which is determined and paid in consideration of duties and responsibilities, remuneration levels at other companies, and employee salary levels. Bonuses are calculated based on a formula for each position linked to consolidated operating profit and are paid at a certain period each year. In addition, the content of restricted stock remuneration is determined based on the criteria for each position and is delivered at a certain period every year.

The specific details of the basic remuneration of Directors for the current fiscal year are delegated to the Committee on Personnel and Remuneration, etc. based on a resolution of the Board of Directors. This delegation of authority is to improve transparency of the remuneration process.

Additionally, the specific details of bonuses for Directors and restricted stock remuneration for the current fiscal year are decided by a resolution of the Board of Directors based on the Decision-making Policy.

Based on the above, the Board of Directors has determined that the content of individual remuneration for Directors for the current fiscal year is in line with the Decision-making Policy.

(*) Members of the Committee on Personnel and Remuneration, etc.

(As of June 2024, the time of delegation to deliberate the Decision-making Policy and determine the specific details of basic remuneration for each individual)

Chairperson: Toshihiro Suzuki, Representative Director & President

Committee members: Naomi Ishii, Representative Director & Executive Vice President

Hideaki Domichi, Outside Director

Shun Egusa, Outside Director

Naoko Takahashi, Outside Director

Observers: Norio Tanaka, Outside Audit & Supervisory Board Member

Norihisa Nagano, Outside Audit & Supervisory Board Member

Mitsuhiko Fukuta, Outside Audit & Supervisory Board Member

② Matters concerning resolutions at the General Meetings of Shareholders related to remuneration, etc. for Directors and Audit & Supervisory Board Members

The annual amount of basic remuneration for Directors and bonuses for Directors excluding Outside Directors were resolved to be within ¥750 million (including an annual amount of ¥50 million for Outside Directors) at the 157th Ordinary General Meeting of Shareholders held on June 23, 2023. The number of Directors after the conclusion of such General Meeting of Shareholders was eight (8) including three (3) Outside Directors.

Separate from this framework of remuneration, it was resolved at the 154th Ordinary General Meeting of Shareholders held on June 26, 2020 that the total amount of remuneration to be paid to Directors excluding Outside Directors for the purpose of granting of restricted stock (monetary remuneration right) shall be within the annual amount of ¥300 million, the total annual limit of the ordinary shares to be granted shall be within 100,000 shares(*), and the transfer restriction period shall be from the date of allotment until the date of retirement from the position of Director. The number of Directors excluding Outside Directors after the conclusion of such General Meeting of Shareholders was six (6).

The annual amount of remuneration for Audit & Supervisory Board Members was resolved to be within ¥120 million at the 151st Ordinary General Meeting of Shareholders held on June 29, 2017. The number of Audit & Supervisory Board Members after the conclusion of such General Meeting of Shareholders was five (5). Audit & Supervisory Board Members' remuneration is basic remuneration only.

(*) As of April 1, 2024, the Company conducted a four-for-one stock split of its common stock. As a result, the total number of shares to be issued will not exceed 400,000 per year.

③ Total amount of remuneration, etc. for Directors and Audit & Supervisory Board Members

Classification of Directors/Audit & Supervisory Board Members	Total amount of remuneration, etc.	Amount of each type of remuneration, etc.			Number of Payees (Directors/ Audit & Supervisory Board Members)
		Basic remuneration	Remuneration, etc. linked to the Company's performance	Non-monetary remuneration, etc.	
Directors (excluding Outside Directors)	¥747 million	¥220 million	¥299 million	¥227 million	8 people
Outside Directors	¥45 million	¥45 million	-	-	3 people
Total	¥793 million	¥266 million	¥299 million	¥227 million	11 people
Audit & Supervisory Board Members (excluding Outside Audit & Supervisory Board Members)	¥70 million	¥70 million	-	-	3 people
Outside Audit & Supervisory Board Members	¥42 million	¥42 million	-	-	4 people
Total	¥113 million	¥113 million	-	-	7 people

Notes: 1. The above "Remuneration, etc. linked to the Company's performance" is a bonus linked to the Company's performance for the current fiscal year. It is paid to Directors (excluding Outside Directors) in order to raise awareness of improvement of each fiscal year's performance and to function as an incentive for continuous improvement of the corporate value. The specific

amount of remuneration for each individual is calculated by multiplying the performance indicators predetermined by the Board of Directors by a stipulated percentage and the multiplication rate by position predetermined by the Board of Directors. The performance indicator is consolidated operating profit from the perspective of company profitability, and changes in consolidated operating profit including the current period are as described in "(4) Property and Financial Results" in "1. Matters relating to the Current Situation of the Group."

2. The above "Non-monetary remuneration, etc." is restricted stock remuneration. It is paid to Directors (excluding Outside Directors) in order to function as an incentive for continuous improvement of the corporate value and to further promote shared value with shareholders. The details of said stock remuneration and the status of its delivery are as described in "(5) Status of Shares Granted to Directors/Audit & Supervisory Board Members as Remuneration for the Execution of Their Duties during This Fiscal Year" in "2. Matters relating to the Shares of the Company."
3. The above "Remuneration, etc. linked to the Company's performance" (bonus) and "Non-monetary remuneration, etc." (restricted stock remuneration) for Directors (excluding Outside Directors) are amounts reported as expenses for the fiscal year.
4. The above remuneration includes remuneration for three Directors, one Audit & Supervisory Board Member, and one Outside Audit & Supervisory Board Member who retired as of the conclusion of the 158th Ordinary General Meeting of Shareholders held on June 27, 2024 due to expiration of their terms of office.

(3) The outline of the status contract for limitation of liability

The Company concludes with each of Outside Directors and Outside Audit & Supervisory Board Members a contract for limitation of liability which specifies the liability under Paragraph 1, Article 423 of the Companies Act as the minimum amount of the limit for liability provided by Paragraph 1, Article 425 of the Act.

(4) The outline of the directors and officers liability insurance contract

The Company has concluded with an insurance company a directors and officers liability insurance contract that insures all Directors, Audit & Supervisory Board Members, Managing Officers, Executive General Managers and other officers of the Company and its subsidiaries, as provided under Paragraph 1, Article 430-3 of the Companies Act. The insurance contract covers damages that may arise due to the insured assuming liability for the execution of his or her duties or receiving a claim for the pursuit of such liability. However, it specifies exemptions such as no insurance coverage for liability arising from actions performed by the insured with intentional violation of laws in order not to impair the appropriateness of the execution of duties. The Company bears all insurance premiums.

- f. Company shall not engage in disadvantageous treatment against those who reported to Audit & Supervisory Board Members, and shall ask the subsidiaries to treat them in the same way.

⑧ Matters regarding procedures for prepayment or redemption of expenses arising from the execution of duties of Audit & Supervisory Board Members and processing of other expenses or liabilities arising from the execution of such duties

The Company shall budget a certain amount of funds each year to pay expenses, etc. caused by the execution of Audit & Supervisory Board Members' duties.

When Audit & Supervisory Board Members claim an advance payment of expenses and others related to the execution of their duties, the Company shall process the claim without delay.

⑨ Other System to ensure effecting auditing by the Audit & Supervisory Board Members

Audit & Supervisory Board Members may seek advice, etc. from lawyers and other external experts, if necessary, at the expense of the Company.

(2) Overview of Operation of the Systems for Ensuring Appropriate Execution of Duties

The following is an overview of operation of the basic policies related to the systems for ensuring appropriate execution of duties:

① Initiatives to ensure that the execution of duties by Directors and employees complies with laws and regulations and the Articles of Incorporation (compliance)

- The Corporate Governance Committee strives to raise employee awareness of compliance and urges caution for individual legal compliance throughout the Company. Furthermore, if compliance issues arise, the Committee conducts deliberation for each issue, formulates required measures, and reports the details to the Board of Directors and the Audit & Supervisory Board as appropriate.
- In light of the improper sampling inspection of fuel efficiency and exhaust gas in 2016 and the improper conduct regarding final vehicle inspection in 2018, we are continuously implementing the following five initiatives in particular, never to occur such misconducts again.

1) President's workplace dialogue

To facilitate communication between managers and their team as well as among colleagues and departments, and to foster a culture in which it is easy to report, communicate, and consult their managers, the president has conducted workplace dialogues for all divisions, on a workplace-by-workplace basis.

2) "Remember 5.18" activities

In addition to reviewing the above two misconducts acts, a comprehensive review of the legal

compliance status of operations is conducted throughout the Suzuki Group, and a debriefing session on the results of the activities is held on May 18 every year.

3) Quality Education Room

A Quality Education Room was established within the Company where all employees can look back on the above two misconducts. They visit this facility every year to learn about quality to prevent the problems from fading away and foster awareness of compliance.

4) Compliance Handbook

Based on the spirit of the Mission Statement, the Philosophy of Conduct, and the Suzuki Group Code of Conduct, the Compliance Handbook outlines specific actions to be taken by Suzuki Group executives and employees from the perspective of compliance, and is used for compliance-related activities in the workplace and for guidance from managers to their team members regarding compliance.

5) Daily compliance quiz

To foster a culture of everyday awareness of compliance, an e-learning program that displays one compliance-related quiz question a day when employees and executives start up their work computers has been running daily.

- Trainings on compliance for executives including officers and employees are continuously conducted.
- The Suzuki Group whistleblowing system, "Suzuki Group Risk Management Hotline," is operated in accordance with the Whistleblower Protection Act. We continuously promote awareness through education, training, and the display of awareness posters in all workplaces, striving for early detection and appropriate handling of compliance issues.

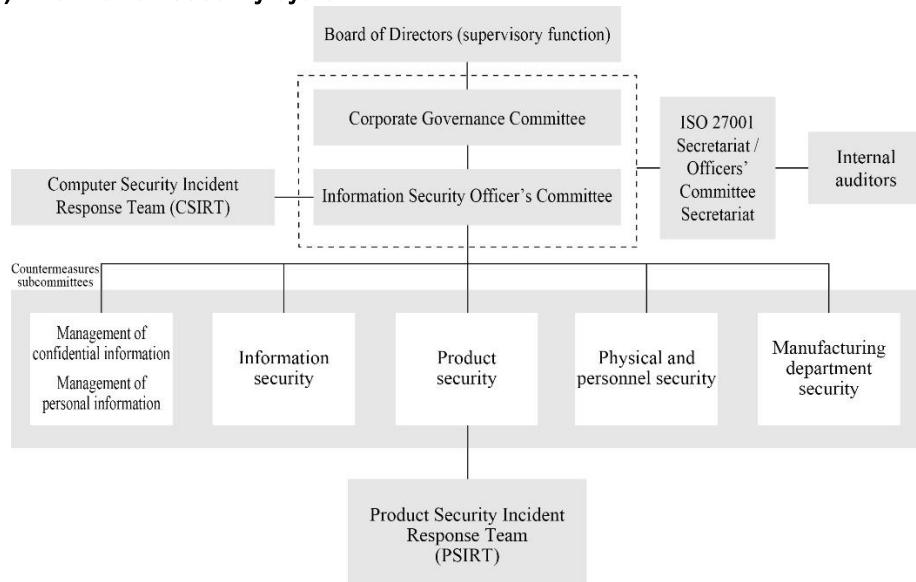

② Measures relating to storage and management of information regarding execution of duties by Directors

- According to laws and regulations and internal rules, minutes of meetings of the Board of Directors as well as other documents and information regarding execution of duties by Directors are stored and managed appropriately. Information security system is established to manage security of information and the system is reviewed regularly.

③ Measures relating to regulations, etc. on management of the risk of loss

- The Company has constructed a system in which issues occurring or recognized in any department are deliberated on promptly by the Executive Committee or the Corporate Governance Committee, depending on their urgency and severity. The Company checks concerns of the impact and measures from each headquarters every week at the Executive Committee in order to quickly grasp the impact of issues related to product quality, certifications, final vehicle inspections, etc., and issues of shortages of parts or raw materials on the business and make necessary management decisions.
- The Company is working to strengthen its system for prompt investigation of causes and implementation of countermeasures in response to quality issues, and the Company constantly keeps track of the latest status of quality issues at weekly and monthly meetings attended by the management. Market actions such as recalls are decided after deliberation by the Quality Assurance Committee, which is composed of related officers, Executive General Managers, General Managers, etc.
- To properly manage personal and confidential information, based on the Suzuki Basic Policy for Information Security, an information security officers' committee was established under the Corporate Governance Committee, which is directed and supervised by the Board of Directors to deal with information security in general including cyber security, and the Company is promoting the Suzuki Group's information security measures.

(Reference) Information security system

- Internal rules are constantly being developed in each department. The Company is working to strengthen systems for efficient and appropriate operations in compliance with laws, regulations, etc. We all have provided chances for ourselves to check each work procedure and make the necessary improvements regularly every year.
- In accordance with the Company's "CSR Guidelines for Suppliers" to comply with laws and regulations, we are working with suppliers to fulfil our corporate responsibilities together, including respect for human rights and environmental preservation, with the principle of safety and quality first in our mind.
- As part of measures to prepare for natural disasters, the Company has formulated the Business Continuity Plan (BCP) assuming the occurrence of the Nankai Trough Earthquake, and based on this, the Company has secured the necessary cash on hand and lines of credit.

④ Measures relating to efficiency improvements in Directors' execution of their duties

- To allow the Board of Directors to make decisions on vital management issues efficiently and quickly, such issues are deliberated at the Executive Committee attended by the Representative Directors and other concerned Directors, Managing Officers and others before being put to the Board of Directors. Also, in order to allow sufficient time for the Board of Directors to deliberate important issues related to management, meetings of the Board of Directors are operated to secure ample time in schedule and materials for the meetings are distributed in advance.
- The Company is aiming to improve efficiency and speed in decision-making by the Board of Directors through certain measures such as by delegating decisions on individual matters to Directors or Managing Officers through the approval system, by receiving monthly reports on the state of operations and progress of business plans of each department including consolidated subsidiaries, and by holding meetings of the Executive Committee attended by the Representative Directors and other concerned Directors, Managing Officers and others periodically and as the need arises to deliberate and make decisions on vital management issues and measures quickly.
- The Board of Directors receives regular updates from the persons responsible for each business segment including consolidated subsidiaries on the Mid-term Management Plan to examine the progress of the plan and provide appropriate instructions.
- The Company clarifies who is responsible for executing new management issues as they arise, gives instructions as necessary and receives reports on the status of execution.
- The internal audit department audits the state of establishment and operation of internal controls, which are based on these basic policies, on a regular basis and reports the results of audits to the Board of Directors.

⑤ Measures to ensure appropriateness of duties of the Corporate Group consisting of the Company and subsidiaries

- The Company has defined the Rules of Business Control Supervision for Affiliated Companies and established departments responsible for the management of each of its subsidiaries. Subsidiaries are managed and supervised to ensure regular provision of status reports and reports on other matters as defined by these Rules, and to ensure the receipt of approval from the Company ahead of any significant matters.
- The Company has established a whistleblowing system in the Group and strives to identify compliance issues at subsidiaries.
- In accordance with the audit plan, through on-site and remote auditing and investigation of written documentation, etc., the Company's internal audit department with personnel thoroughly familiar with the various fields of the Company's operation audits the state of establishment and operation of internal controls, including the appropriateness and efficiency of business at departments of the Company and at domestic/overseas subsidiaries, the state of compliance with laws/regulations and internal rules, and the state of management/maintenance for assets. The results of these audits are reported to the President, other concerned Directors and Audit & Supervisory Board members each time an audit is conducted, and once every half period to the Board of Directors, and the internal audit department provides advice and guidance to the audited departments and audited subsidiaries based on audit results until the applicable improvements have been completed.
- For overseas subsidiaries that have an internal audit department, the Company's audit department checks the activities of those internal audit departments, receives reports on audit plans and results, and provides advice and guidance as needed.

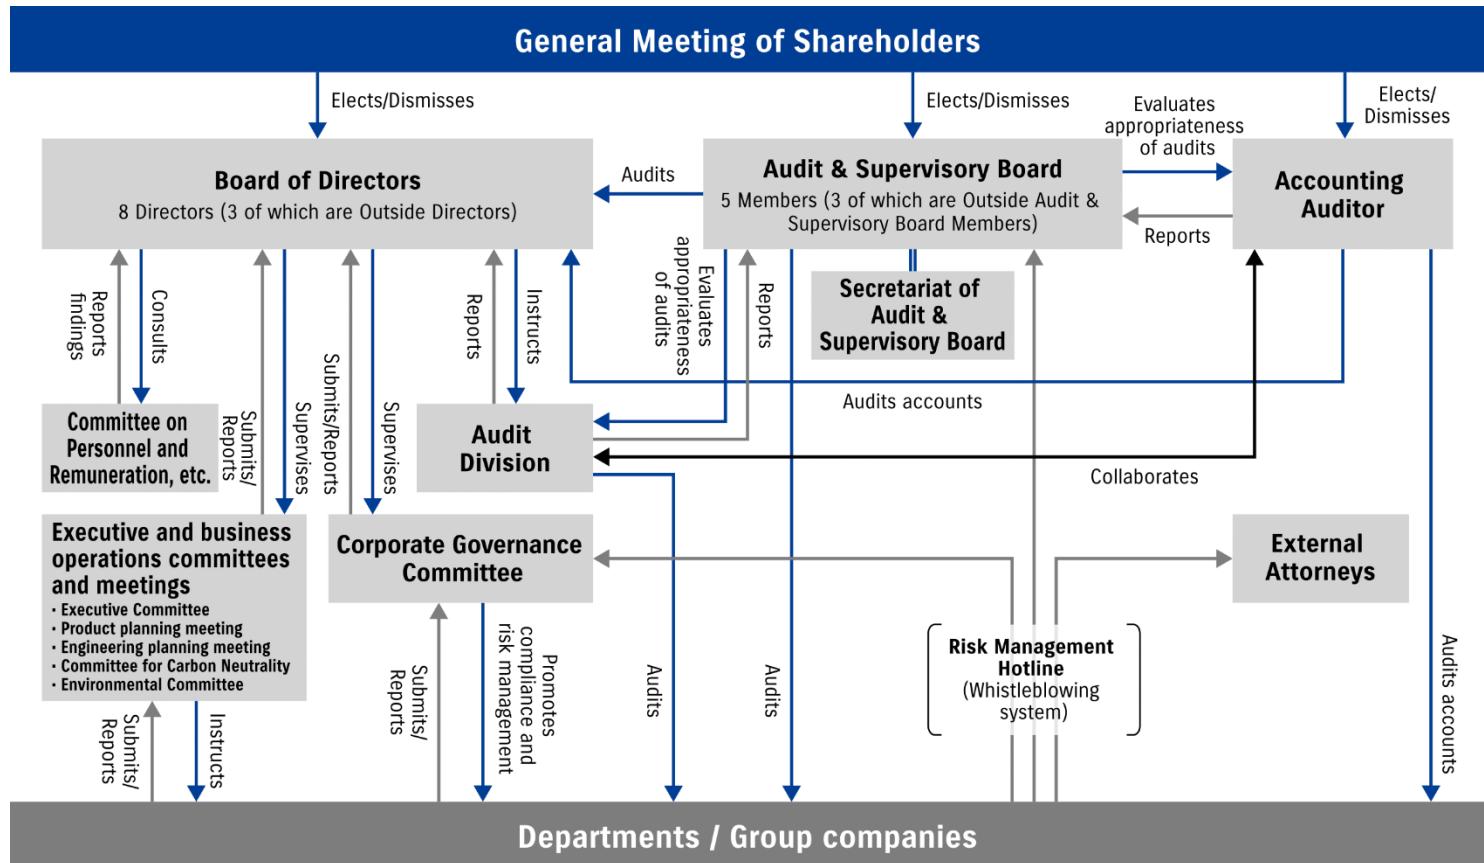

⑥ Measures related to audits by Audit & Supervisory Board Members (Measures for the systems □-□ to ensure appropriateness of duties)

- The Company has established the Secretariat of the Audit & Supervisory Board, which is a full-time staff department independent from the chain of command of Directors, etc., to support the duties of Audit & Supervisory Board Members. Merit Rating of staff at the Secretariat of the Audit & Supervisory Board shall be performed by Audit & Supervisory Board Members whom the Audit & Supervisory Board appoints, and approval from Audit & Supervisory Board Members whom the Audit & Supervisory Board appoints shall be obtained in advance of personnel transfers, etc.
- By having Audit & Supervisory Board Members attend meetings of the Board of Directors, corporate governance meetings and the Executive Committee that are related to business operations and management, the Company makes it possible for Audit & Supervisory Board Members to verify the decision-making process and receive any necessary reports, and express their opinions.
- The decision documents concerning the business operations of the Company and its subsidiaries are provided to the Audit & Supervisory Board Members, and when necessary, the business and business conditions are explained as necessary.
- The internal audit department properly reports results of audits to Audit & Supervisory Board Members, allowing for more efficient auditing to be carried out in joint collaboration between Audit & Supervisory Board Members and the internal audit department.
- In the whistleblowing system of the Suzuki Group, a contact point with Audit & Supervisory Board Members for whistleblowing is established. Additionally, all of the reports received at Corporate Planning Office as well as at external contact points are also reported to the Audit & Supervisory Board promptly so that information regarding various issues within the Company is shared with them.
- Expenses for the execution of duties of the Audit & Supervisory Board Members are independently budgeted and properly processed.

(Reference) Corporate governance system

Through fair and efficient corporate activities, Suzuki aims to earn the trust of our shareholders, customers, suppliers, local communities, employees, and other stakeholders, and to make further contribution to the international community in order to continue to grow and develop as a sustainable company.

To achieve this goal, the Company recognizes that continuous improvement of corporate governance is essential, and as a top priority management issue, we are actively working on various measures.

Opinion

Pursuant to Article 444, Paragraph 4 of the Companies Act, we have audited the accompanying consolidated financial statements, which comprise the consolidated statement of financial position, the consolidated statement of income, the consolidated statement of changes in equity, and the notes to the consolidated financial statements of Suzuki Motor Corporation (the "Company") for the fiscal year from April 1, 2024 through March 31, 2025.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and results of operations of the Company, which consists of the Company and its consolidated subsidiaries, for the period covered by the consolidated financial statements in conformity with accounting standards that omit some disclosure items required by the International Financial Reporting Standards, as permitted under the provisions of Article 120, Paragraph 1 of the Regulations on Corporate Accounting.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Consolidated Financial Statements". We are independent of the Company and its consolidated subsidiaries in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Other Information

Other information includes the business report and the supplementary schedules. Management is responsible for the preparation and the disclosure of the other information, and Audit & Supervisory Board Members and Audit & Supervisory Board are responsible for monitoring the execution of Directors duties for designing and operating the reporting process for the other information.

The scope of our opinion for the financial statements does not include the other information, and we do not provide audit opinion for the other information.

Our responsibilities in audits of financial statements are to read over the other information, and to consider whether there is a material inconsistency, while reading the other information, between the other information and the financial statements or our knowledge obtained in the audit; and to remain alert for indications of a material misstatement in the other information other than the other information.

We are requested to report the fact when we have identified a material misstatement based on the audit work.

We acknowledged that no matter should be reported with respect to the other information.

Responsibilities of Management, Audit & Supervisory Board Members and the Audit & Supervisory Board for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting standards that omit some disclosure items required by the International Financial Reporting Standards, as specified in the latter part of Article 120, Paragraph 1 of the Regulations on Corporate Accounting. This includes designing and operating such internal control as management determines is necessary to enable the presentation and fair presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing whether it is appropriate to prepare the consolidated financial statements in accordance with the premise of a going concern. If it is necessary to disclose matters relating to the going concern based on accounting standards that omit some disclosure items required by the International Financial Reporting Standards, as specified in the latter part of Article 120, Paragraph 1 of the Regulations on Corporate Accounting, management is required to do so.

Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our responsibility is to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the consolidated financial statements from an independent standpoint in an audit report, based on our audit.

Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the consolidated financial statements.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the consolidated financial statements is not to express an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the consolidated financial statements on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the consolidated financial statements in the audit report, or if the notes to the consolidated financial statements pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the consolidated financial statements. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the consolidated financial statements are in accordance with accounting standards that omit some disclosure items required by the International Financial Reporting Standards, as specified in the latter part of Article 120, Paragraph 1 of the Regulations on Corporate Accounting assess the presentation, structure, and content of the consolidated financial statements including related notes, and whether the consolidated financial statements fairly present the transactions and accounting events on which they are based.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the Company and its consolidated subsidiaries in order to express an opinion on the consolidated financial statements. The auditor is responsible for instructing, supervising, and implementing the audit of the consolidated financial statements, and is solely responsible for the audit opinion.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any measures to eliminate obstacles or any safeguards that are in place to reduce obstacles to acceptable levels.

Interest

Our firm and engagement partners have no interests in the Company or its consolidated subsidiaries requiring disclosure under the provisions of the Certified Public Accountants Act of Japan.

Opinion

Pursuant to Article 436, Paragraph 2, Item 1 of the Companies Act, we have audited the accompanying financial statements, which comprise the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the accompanying supplementary schedules of Suzuki Motor Corporation (the "Company") for the 159th fiscal year from April 1, 2024 through March 31, 2025.

In our opinion, the financial statements and the accompanying supplementary schedules referred to above present fairly, in all material respects, the financial position of the Company at the end of the fiscal year, and the results of its operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Basis for the Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibility under the auditing standards is stated in "Auditor's Responsibility for the Audit of the Financial Statements and the Accompanying Supplementary Schedules". We are independent of the Company in accordance with the provisions related to professional ethics in Japan, and are fulfilling other ethical responsibilities as an auditor. We believe that we have obtained sufficient and appropriate audit evidence to provide a basis for our audit opinion.

Other Information

Other information includes the business report and the supplementary schedules. Management is responsible for the preparation and the disclosure of the other information, and Audit & Supervisory Board Members and Audit & Supervisory Board are responsible for monitoring the execution of Directors duties for designing and operating the reporting process for the other information.

The scope of our opinion for the financial statements does not include the other information, and we do not provide audit opinion for the other information.

Our responsibilities in audits of financial statements are to read over the other information, and to consider whether there is a material inconsistency, while reading the other information, between the other information and the financial statements or our knowledge obtained in the audit; and to remain alert for indications of a material misstatement in the other information other than the other information.

We are requested to report the fact when we have identified a material misstatement based on the audit work.

We acknowledged that no matter should be reported with respect to the other information.

Responsibilities of Management, Audit & Supervisory Board Members and the Audit & Supervisory Board for the Financial Statements and the Accompanying Supplementary Schedules

Management is responsible for the preparation and fair presentation of the financial statements and the accompanying supplementary schedules in accordance with accounting principles generally accepted in Japan, and for designing and operating such internal control as management determines is necessary to enable the preparation and fair presentation of the financial statements and the accompanying supplementary schedules that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements and the accompanying supplementary schedules, management is responsible for assessing whether it is appropriate to prepare the financial statements and the accompanying supplementary schedules in accordance with the premise of a going concern, and for disclosing matters relating to going concern when it is required to do so in accordance with accounting principles generally accepted in Japan.

Audit & Supervisory Board Members and the Audit & Supervisory Board are responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements and the Accompanying Supplementary Schedules
Our responsibility is to obtain reasonable assurance about whether the financial statements and the accompanying supplementary schedules as a whole are free from material misstatement, whether due to fraud or error, and to express an opinion on the financial statements and the accompanying supplementary schedules from an independent standpoint in an audit report, based on our audit. Misstatements can occur as a result of fraud or error, and are deemed material if they can be reasonably expected to, either individually or collectively, influence the decisions of users taken on the basis of the financial statements and the accompanying supplementary schedules.

We make professional judgment in the audit process in accordance with auditing standards generally accepted in Japan, and perform the following while maintaining professional skepticism.

- Identify and assess the risks of material misstatement, whether due to fraud or error. Design and implement audit procedures to address the risks of material misstatement. The audit procedures shall be selected and applied as determined by the auditor. In addition, sufficient and appropriate audit evidence shall be obtained to provide a basis for the audit opinion.
- In making those risk assessments, the auditor considers internal control relevant to the entity's audit in order to design audit procedures that are appropriate in the circumstances, although the purpose of the audit of the financial statements and the accompanying supplementary schedules is not to express an opinion on the effectiveness of the entity's internal control.
- Assess the appropriateness of accounting policies adopted by management and the method of their application, as well as the reasonableness of accounting estimates made by management and the adequacy of related notes.
- Determine whether it is appropriate for management to prepare the financial statements and the accompanying supplementary schedules on the premise of a going concern and, based on the audit evidence obtained, determine whether there is a significant uncertainty in regard to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If there is a significant uncertainty concerning the premise of a going concern, the auditor is required to call attention to the notes to the financial statements and the accompanying supplementary schedules in the audit report, or if the notes to the financial statements and the accompanying supplementary schedules pertaining to the significant uncertainty are inappropriate, issue a modified opinion on the financial statements and the accompanying supplementary schedules. While the conclusions of the auditor are based on the audit evidence obtained up to the date of the audit report, depending on future events or conditions, an entity may be unable to continue as a going concern.
- Besides assessing whether the presentation of and notes to the financial statements and the accompanying supplementary schedules are in accordance with accounting principles generally accepted in Japan, assess the presentation, structure, and content of the financial statements and the accompanying supplementary schedules including related notes, and whether the financial statements and the accompanying supplementary schedules fairly present the transactions and accounting events on which they are based.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the scope and timing of implementation of the planned audit, material audit findings including material weaknesses in internal control identified in the course of the audit, and other matters required under the auditing standards.

The auditor reports to Audit & Supervisory Board Members and the Audit & Supervisory Board regarding the observance of provisions related to professional ethics in Japan as well as matters that are reasonably considered to have an impact on the auditor's independence and any measures to eliminate obstacles or any safeguards that are in place to reduce obstacles to acceptable levels.

Report of the Audit & Supervisory Board

Audit Report

With respect to the Directors' performance of their duties during the 159th fiscal year from April 1, 2024 to March 31, 2025, the Audit & Supervisory Board has prepared this audit report after deliberations based on the audit reports prepared by Audit & Supervisory Board Member, and hereby report as follows:

1. Method and Contents of Audit by Audit & Supervisory Board Members and the Audit & Supervisory Board
 - (1) The Audit & Supervisory Board has established the audit policies, assignment of duties, etc. and held regular meetings to receive a report from Audit & Supervisory Board Members regarding the status of implementation of their audits and results thereof. In addition, the Audit & Supervisory Board has received reports from the Directors, etc. and the Accounting Auditor regarding the status of performance of their duties, and requested explanations as necessary.
 - (2) In accordance with the standards for Audit & Supervisory Board Members' audit established by the Audit & Supervisory Board and following the audit policies, assignment of duties, etc., Audit & Supervisory Board Members endeavoured to facilitate a mutual understanding with the Directors, the internal audit department and other employees, etc., and to collect information and maintain and improve the audit environment, and conducted the audit by following manners:
 - ① Audit & Supervisory Board Members attended the meetings of the Board of Directors and other important meetings, received reports on the status of performance of duties from the Directors and other employees, and requested explanations as well as expressed opinions as necessary. In addition, Audit & Supervisory Board Members examined important approval/decision documents, and inspected the status of the corporate affairs and assets at the head office and other principal business locations. With respect to the subsidiaries, Audit & Supervisory Board Members endeavoured to facilitate a mutual understanding and exchanged information with the subsidiaries' directors and Audit & Supervisory Board Members, and received reports on their respective business as necessary. In addition, Audit & Supervisory Board Members received reports from the internal audit department on the results of audits conducted on the head office, principal business locations and subsidiaries, requested explanations as necessary, and exchanged opinions.
 - ② Audit & Supervisory Board Members periodically received reports from the Directors and other employees, requested explanations as necessary and expressed opinions about the status of (a) the contents of the Board of Directors' resolutions regarding the development and maintenance of the system to ensure that the Directors' performance of their duties complied with all laws, regulations and the Articles of Incorporation of the Company and other systems that are set forth in Article 100 (1) and (3) of the Ordinance for Enforcement of the Companies Act of Japan as being necessary for ensuring the appropriateness of the corporate affairs of the corporate group comprised of a joint stock company (kabushiki kaisha) and its subsidiaries as mentioned in the business report, and (b) the systems (internal control systems) based on such resolutions.
 - ③ Audit & Supervisory Board Members monitored and verified whether the Accounting Auditor maintained its independence and properly conducted its audit, received a report from the Accounting Auditor on the status of its performance of duties, and requested explanations as necessary. Audit & Supervisory Board Members were notified by the Accounting Auditor that it had established a "system to ensure that the performance of the duties of the Accounting Auditor was properly conducted" (the matters listed in the items of Article 131 of the Company Accounting Regulations) in accordance with the "Quality Control Standards for Audits" (Business Accounting Council), and requested explanations as necessary. Additionally, we discussed key audit matters with the Accounting Auditor, Seimei Audit Corporation, received a report for the audit implementation status, and requested explanations as necessary.
- Based on the above-described methods, Audit & Supervisory Board Members examined the business report and the supplementary schedules thereto, the financial statements (the balance sheet, the statement of income, the statement of changes in net assets and the note to financial statements) and the supplementary schedules thereto, and the consolidated financial statements (the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in equity and the note to consolidated financial statements), for the fiscal year under consideration.
2. Results of Audit
 - (1) Results of Audit of Business Report, etc.
 - ① We acknowledge that the business report and the supplementary schedules thereto fairly present the status of the Company in conformity with the applicable laws and regulations and the Articles of Incorporation of the Company.
 - ② We acknowledge that no misconduct or material fact constituting a violation of any law or regulation or the Articles of Incorporation of the Company was found with respect to the Directors' performance of their duties.
 - ③ We acknowledge that the Board of Directors' resolutions with respect to the internal control systems are appropriate. In addition, we acknowledge that no matter should be pointed out with respect to the contents of the business report on internal control systems and Directors' performance.
 - (2) Results of Audit of Financial Statements and their Supplementary schedules
We acknowledge that the methods and results of audit performed by the Accounting Auditor, Seimei Audit Corporation, are appropriate.
 - (3) Results of Audit of Consolidated Financial Statements
We acknowledge that the methods and results of audit performed by the Accounting Auditor, Seimei Audit Corporation, are appropriate.

Swift compact passenger car wins 2025 RJC Car of the Year award

The Swift compact passenger car won the 2025 RJC Car of the Year award sponsored by the Automotive Researchers' and Journalists' Conference of Japan (RJC), a non-profit organization.

The award-winning Swift is the fourth-generation model since its launch in 2004, making it the fourth consecutive generation to receive the award.

In January 2025, it was also selected as one of the Top 10 in the 2025 World Car of the Year category and Top 5 in the "2025 World Urban Car" category for the World Car Awards.

Exhibiting at CES 2025 for the first time with the aim of building relationships with people who share the Sho-Sho-Kei-Tan-Bi concept.

The Company exhibited for the first time at CES 2025 in Las Vegas, Nevada, USA.

The theme of the exhibition was "Impact of the Small (small manufacturing makes a big change in society)," and the purpose of the exhibition was to create a network of friends who share our philosophy of Sho-Sho-Kei-Tan-Bi (smaller, fewer, lighter, shorter, and beauty) manufacturing, which has been important to the Company since its establishment, and to help solve social issues. The exhibition was designed to help visitors understand how small craftsmanship has contributed to society and will continue to be a means of solving social issues, and to provide an opportunity to connect with others who share this belief.

Announced the Mid-Term Management Plan "By Your Side"

We announced the Mid-Term Management Plan "By Your Side," which describes concrete initiatives to achieve the goals set forth in the growth strategy announced in 2023. The management targets for FY2030 are a revenue of 8 trillion yen, an operating profit of 800 billion yen, an operating margin of 10%, and an ROE of 13% (with the goal of achieving an ROE of 15% by the first half of 2030s).

To achieve these management goals, we will implement specific strategies and initiatives for each business segment, as well as measures to strengthen our management foundation. Team Suzuki aims for "an infrastructure mobility closely connected with people's lives."
