Notice Regarding Withdrawal of Application for Change of Market Classification

At the Board of Directors meeting held today, the Company has resolved to withdraw the application for a change of market classification to the Prime Market of the Tokyo Stock Exchange (hereinafter referred to as the "Change Application") and discontinue preparations for the Change Application, which was disclosed in the "Notice regarding Preparation for Application for Change of Market Classification to the Prime Market of the Tokyo Stock Exchange" dated December 13, 2024, and in the " (Update on Disclosed Matters) Notice regarding Application for Change of Market Classification to the Prime Market of the Tokyo Stock Exchange " dated May 9, 2025. We hereby notify you of this decision as follows.

1. Reasons for Withdrawal

We submitted the Change Application using the fiscal year ended June 2024 as the base period. However, the review process is taking longer than anticipated, and it is unlikely that we will receive approval from the Tokyo Stock Exchange by the time we report our financial results for the fiscal year ended June 2025 at the 10th Ordinary General Meeting of Shareholders scheduled for late September 2025. Additionally, changes to the content of the Change Application we have already submitted are anticipated, leading us to decide to withdraw the Change Application and discontinue preparations for the change.

2. Future Outlook

Our policy to seek a change of market classification to the Prime Market of the Tokyo Stock Exchange remains unchanged. We will determine the appropriate time for the change. We will promptly notify you if any matters requiring disclosure arise in the future.

Additionally, we anticipate that the withdrawal of this Change Application will have a minimal impact on our future business operations. This matter will not result in any revisions to our performance or performance forecasts.
