Notice Concerning the Execution of Memorandum of Understanding on Consideration of a Business Alliance with ZENKOKU HOSHO Co., Ltd.

INTELLEX, Co., Ltd., (the “Company”) hereby announces that, at today’s meeting of the Board of Directors, it resolved to enter into a memorandum of understanding with ZENKOKU HOSHO Co., Ltd. (located in Chiyoda-ku, Tokyo; Yuichi Aoki, President & Representative Director, TSE Prime Market, hereinafter “ZENKOKU HOSHO Co., Ltd.”) regarding the consideration of a business alliance aimed at addressing challenges in the real estate industry and achieving sustainable growth and medium- to long-term enhancement of corporate value for both parties.

1. Purpose of the Business Alliance under Consideration

Since its establishment in 1995, the Company has specialized in renovating pre-owned condominiums. Having sold more than 28,000 units to date, it has established itself as a market leader in the renovation industry, guided by its vision of “Enriched Life for Everyone Through Renovation”. To further accelerate its growth, the Company plans to transition to a holding company structure in December 2025. Amid irreversible changes in the real estate industry - such as persistent inflation and the rapid advancement of technologies including AI - the Company regards these transformations as opportunities. Through business co-creation driven by strategic partnerships and M&A, it aims to evolve into a “Renovation Platformer” that drives the next stage of innovation in the industry.

ZENKOKU HOSHO Co., Ltd. holds the leading position in outstanding guarantee obligations as an independent housing loan guarantee company. Guided by its management philosophy - “Helping customers realize their dreams and happiness and contributing to the development of regional communities through our credit guarantee service business” - the company has, since its founding, leveraged its accumulated expertise in credit guarantees to promote home ownership.

The Company believes that revitalizing the real estate industry, which faces numerous challenges such as labor shortages and rising material costs, requires not only its renovation expertise but also the credit guarantee know-how and extensive sales network possessed by ZENKOKU HOSHO Co., Ltd. Through the initiatives outlined in Section 2: “Overview of the Business Alliance under Consideration”, the Company aims to combine the strengths of both companies to turn industry challenges into business opportunities and enhance corporate value for both parties.
