Profit Attributable to Owners of Parent	¥74.0 B.	¥2.5 B. +3.6% 	¥1.6 B. +2.2% 

\*Plan disclosed Aug/14/25

## Topics

### FY25 1-3Q Results (YoY comparison)

- Orders, revenue, operating profit, and profit attributable to owners of parent all reached record highs for 3Q
- Despite signs of a slowdown in China, revenue increased in all segments. Operating profit increased overall, due to both contributions from the Environmental Solutions, Energy, and Infrastructure segments, and the absence of the goodwill impairment loss recorded last year by Building Service & Industrial

### FY25 Forecast

- The full-year consolidated forecast has been revised upward for orders, revenue, operating profit, and profit attributable to owners of parent. Orders have been revised upward for Environmental Solutions and Infrastructure and downward for Precision Machinery and Building Service & Industrial
- Limited impact from US tariff policies on overall performance, essentially unchanged from 2Q

### Others

- As of October 31, 2025, EBARA has repurchased ¥10.2 billion of treasury shares under the previously announced ¥20 billion share buyback program (August 20 to December 23, 2025)

## Breakdown of Changes in Operating Profit

Revenue growth outpaced increases in fixed costs, resulting in higher operating profit

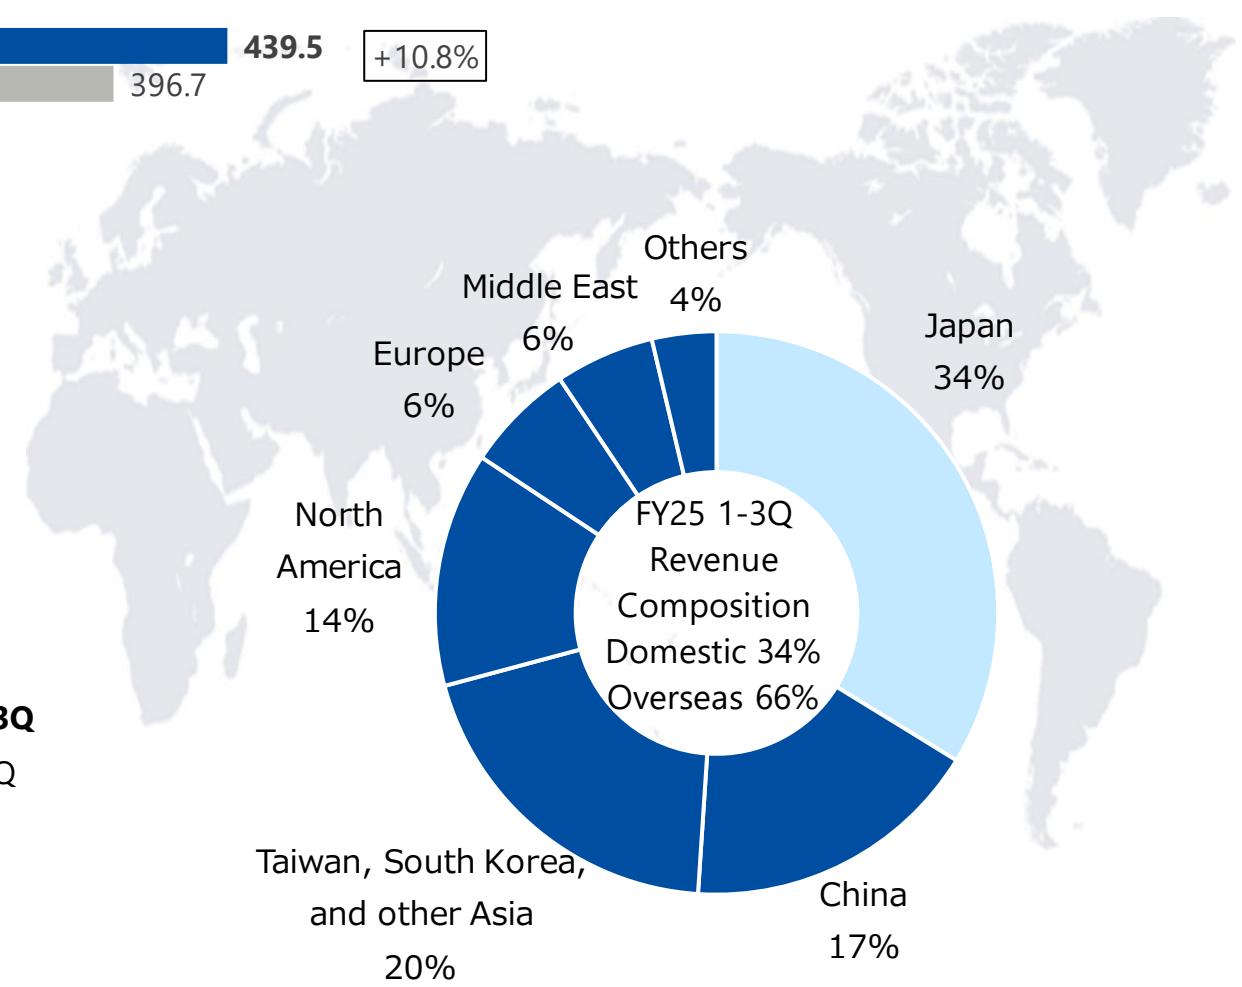

(billions of yen)

# Revenue by Region

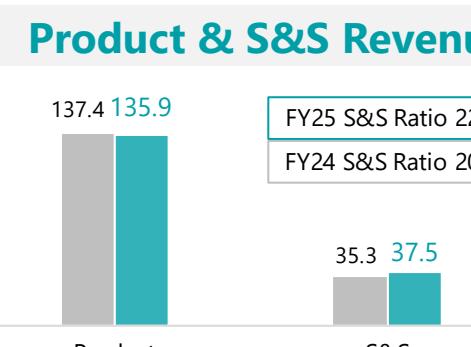

"Revenue by Region" indicates revenue on the basis of the geographical location where the goods are sold

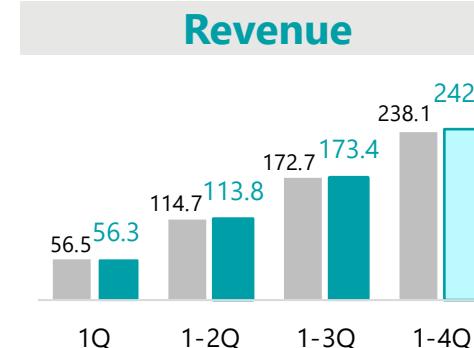

1. FY25 1-3Q Summary of Results
- 2. FY25 1-3Q Results by Segment**
3. FY25 Forecast
4. Topics

# Building Service & Industrial

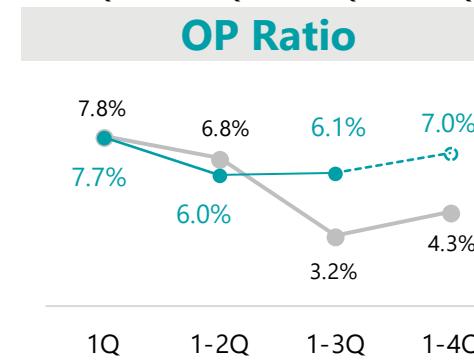

## Results (Billions of yen)

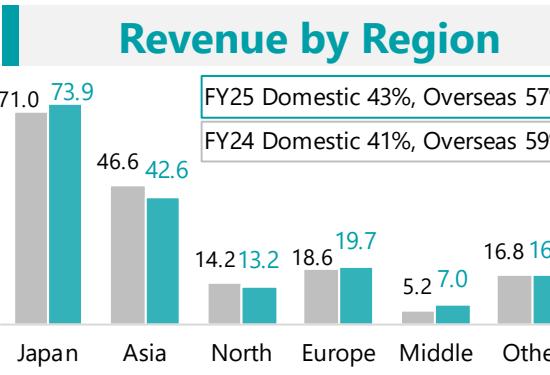

## Revenue

## OP Ratio

## Revenue by Region

## Key Changes (vs. FY24 1-3Q)

### Market Environment

- GDP growth is showing signs of recovery in the Middle East, Japan, and Europe; however, other regions remain sluggish
- China's building equipment market remains sluggish due to restrained real estate investment

### Orders

- Strong S&S performance in Japan, product orders increased as well
- Continued solid performance in North America for data center-related products
- In China, both the building equipment and industrial equipment markets remain sluggish

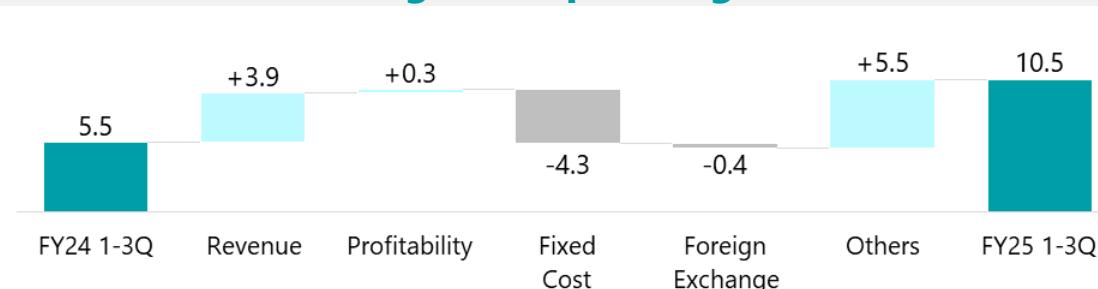

### Revenue

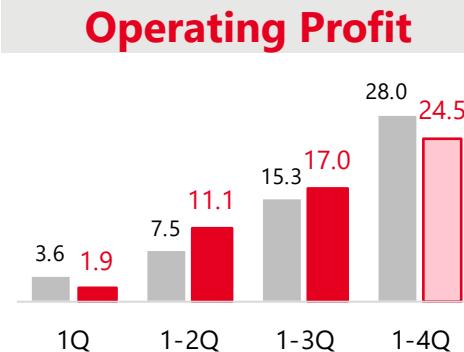

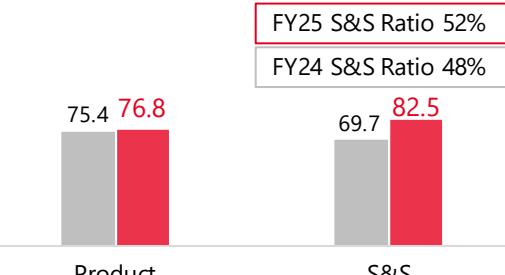

- Increased due to strong S&S performance in Japan
- Continued solid performance in North America for data center-related products
- Overseas markets faced headwinds from China's slowdown and currency effects, but demand in the Middle East and Europe remained solid

### Operating Profit

- Higher S&S revenue in Japan offset decline in China (+)
- Higher labor costs (-)
- One-time provision for doubtful accounts due to U.S. customer bankruptcy (Others) in FY25 2Q (-)
- Absence of goodwill impairment from Turkish subsidiary Vansan recorded FY24 3Q (Others) (+)

## Breakdown of Changes in Operating Profit (Billions of yen)

**Results** (Billions of yen)**Product & S&S Revenue****Revenue**

Quarter	FY24	FY25
1Q	43.5	48.6
1-2Q	92.6	109.0
1-3Q	145.1	159.3
1-4Q	210.4	205.0

Quarter	OP Ratio (%)
1Q	4.1%
1-2Q	8.1%
1-3Q	10.2%
1-4Q	10.7%
1-4Q	13.3%

FY25 Domestic 4%, Overseas 96%  
FY24 Domestic 6%, Overseas 94%

Region	FY24	FY25
Japan	8.7	6.8
Asia	54.0	56.4
North America	44.8	48.7
Europe	8.5	10.9
Middle East	22.0	28.6
Other	6.9	7.6

**Key Changes (vs. FY24 1-3Q)**

**Market Environment**

- Project activity remains steady in North America and Asia, with a trend of recovery in investment sentiment among previously cautious customers
- Signs of softening in China's Oil & Gas market

**Orders**

- Products: Declined YoY due to fewer petrochemical projects. Demand from China's Oil & Gas sector declined, however power-related demand remained solid
- S&S: Declined YoY due to lower field service and parts sales

**Revenue**

- Products: Increased in North America
- S&S: Increased in North America, the Middle East, and Asia

**Operating Profit**

- Revenue increased (+)
- Higher labor costs (-)
- Absence of the one-time gain from land sales recorded in the previous year (-)

**Breakdown of Changes in Operating Profit** (Billions of yen)

# Infrastructure

## Results (Billions of yen)

## Product & S&S Revenue

## Key Changes (vs. FY24 1-3Q)

### Market Environment

- Domestic public pump market remains steady
- Investment in advanced disaster prevention, and aging measures in line with the "Five-Year Acceleration of National Land Resilience Measures" remains steady

### Orders

- Increased due to steady demand in the Japanese public sector
- Secured major water infrastructure projects in South and North America

### Revenue

- Increased as backlogged public sector orders and overseas orders were steadily fulfilled

### Operating Profit

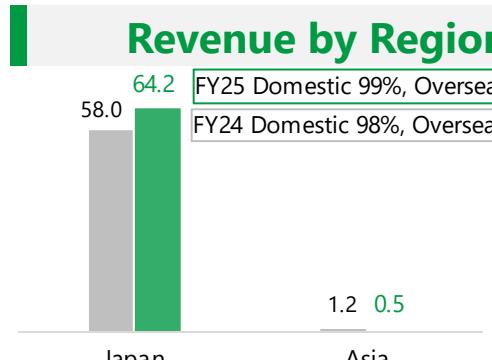

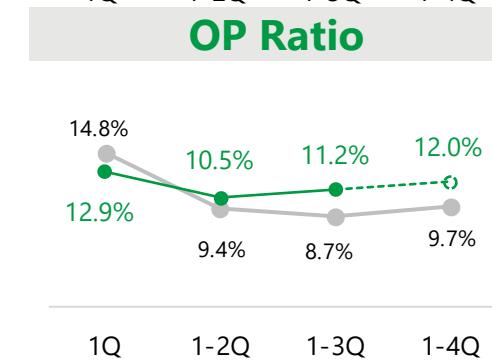

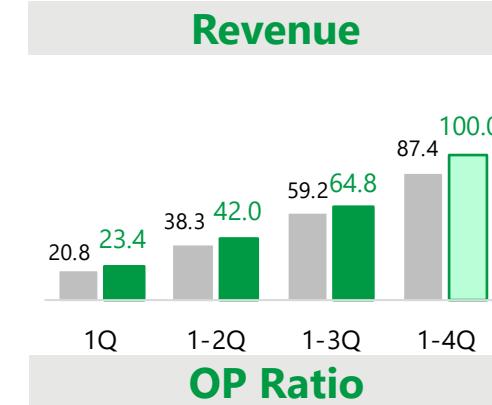

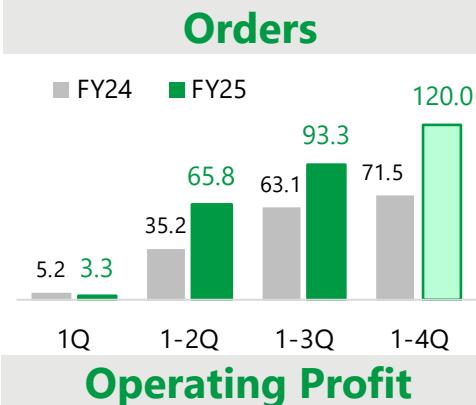

- Revenue increased (+)
- Profitability improved due to more completed projects (+)
- Increased labor and system implementation costs (-)

## Breakdown of Changes in Operating Profit (Billions of yen)

# Environmental Solutions

## Results (Billions of yen)

## Key Changes (vs. FY24 1-3Q)

### Market Environment

- Demand in Japan for new construction of waste treatment plants for public use remains stable

### Orders

- Secured three large-scale projects

FY24 1-3Q	FY25 1-3Q
• Waste treatment plant lifespan extending renovation PJ: 2	• Waste treatment plant lifespan extending renovation PJ: 2
• Lifespan extending renovation PJ and Long-term O&M contract: 1	

### Revenue

- Increased orders for both Engineering, Procurement, and Construction (EPC) and Operation & Maintenance (O&M)

### Operating Profit

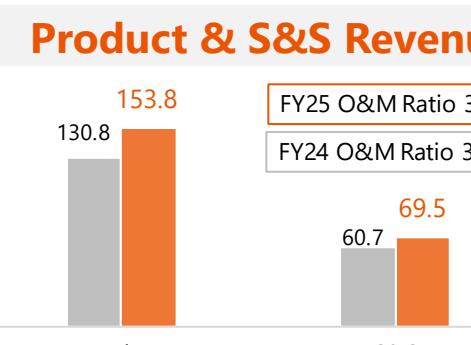

- Revenue increased (+)
- EPC and O&M profitability improved (+)

## Breakdown of Changes in Operating Profit (Billions of yen)

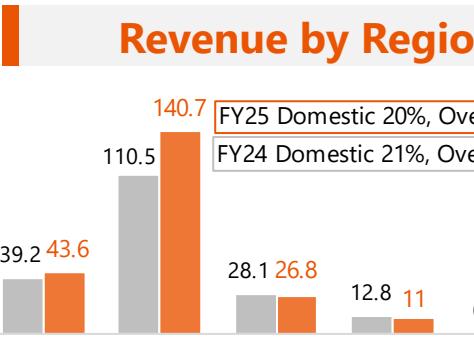

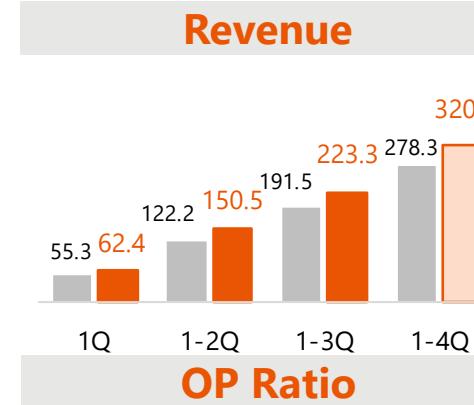

# Precision Machinery

## Results (Billions of yen)

## Revenue

## Key Changes (vs. FY24 1-3Q)

### Market Environment

- Demand related to generative AI continues to grow, and customer factory utilization rates are showing signs of recovery. However, the full-scale resumption of capacity investment is lagging initial expectations
- The China market has moderated from previous high growth but continues to maintain a solid scale

### Orders

- Increased for both products and S&S, due to the recovery in demand for CMP and Components

### Revenue

- Solid growth in products and S&S for both CMP and Components

### Operating Profit

- Revenue increased (+)
- Profitability declined due to project mix and lower S&S ratio (-)
- Higher labor and R&D costs (-)

# EBARA Group Medium-Term Investment Strategy

- Under E-Plan 2025, in Precision Machinery (PM), which is expected to see the most significant growth among our growth businesses, we are actively expanding production capacity, advancing R&D for next-generation semiconductor manufacturing, and making proactive upfront investments in equipment
- In Energy, we are enhancing the capacity of S&S bases and optimizing their placement. For new energy, we are developing and commercializing H<sub>2</sub> compressors and ammonia canned motor pumps
- In Building Service & Industrial (BS&I), we are pursuing M&A and investments in solution businesses aimed at improving product value, profitability, and operational efficiency

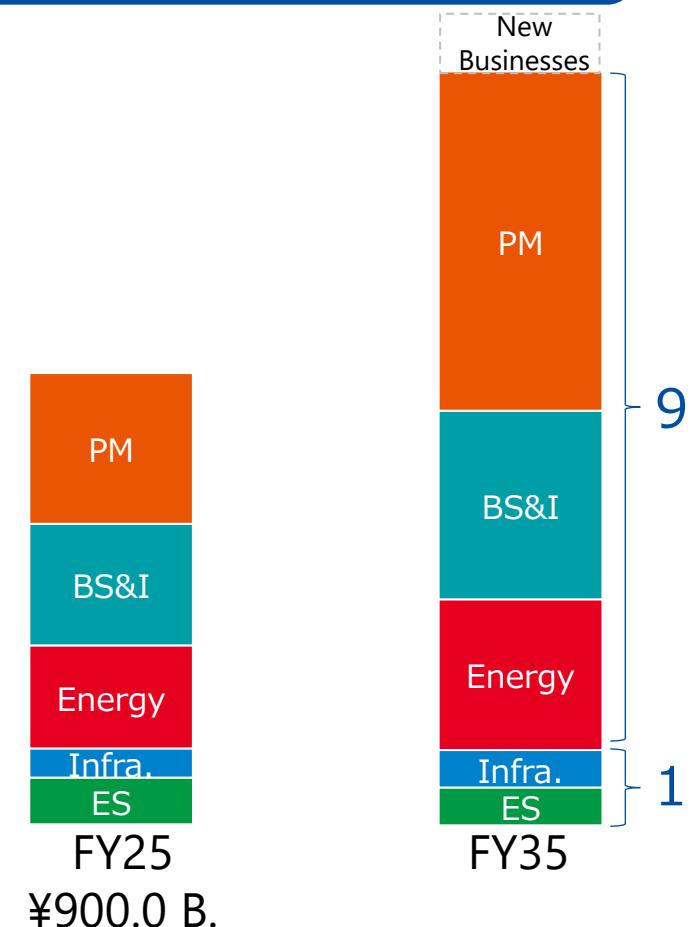

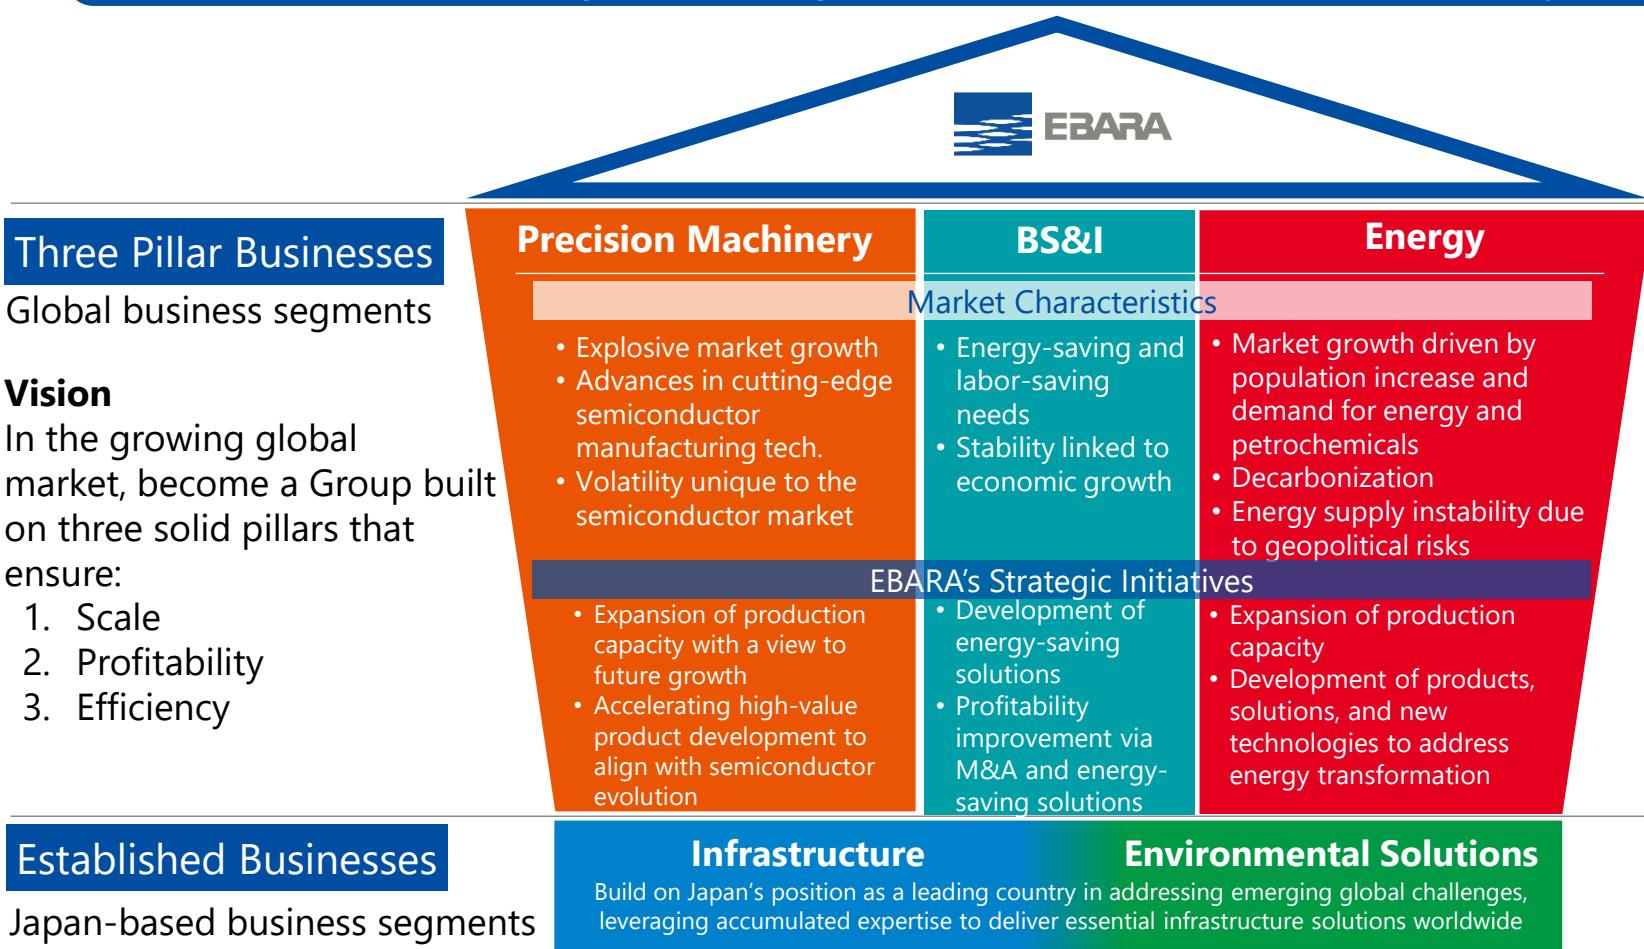

# Vision for EBARA's Business Portfolio in 2035

- EBARA envisions its business portfolio in 2035 as being made up of three robust pillars that ensure scale, profitability, and efficiency, driving EBARA's next stage of evolution as a *Global Excellent Company* while continuously adapting to emerging challenges and needs
- We aim to develop the Building Service & Industrial segment into a solid third pillar by pursuing M&A focused on improving profitability and operational efficiency

Business Portfolio Driving the Next Stage of Evolution as a *Global Excellent Company*

Revenue Composition Image

## Acquisition of Mitsubishi Electric's Three-Phase Motor Business

On November 12, 2025, EBARA and Mitsubishi Electric announced an agreement to transfer the three-phase and Interior Permanent Magnet (IPM) motor businesses operated domestically by Mitsubishi Electric's FA Systems Division, as well as the motor, pump, and die casting<sup>\*1</sup> businesses operated by Mitsubishi Electric's Thai subsidiary, Mitsubishi Electric Automation (Thailand) Co., Ltd. to EBARA

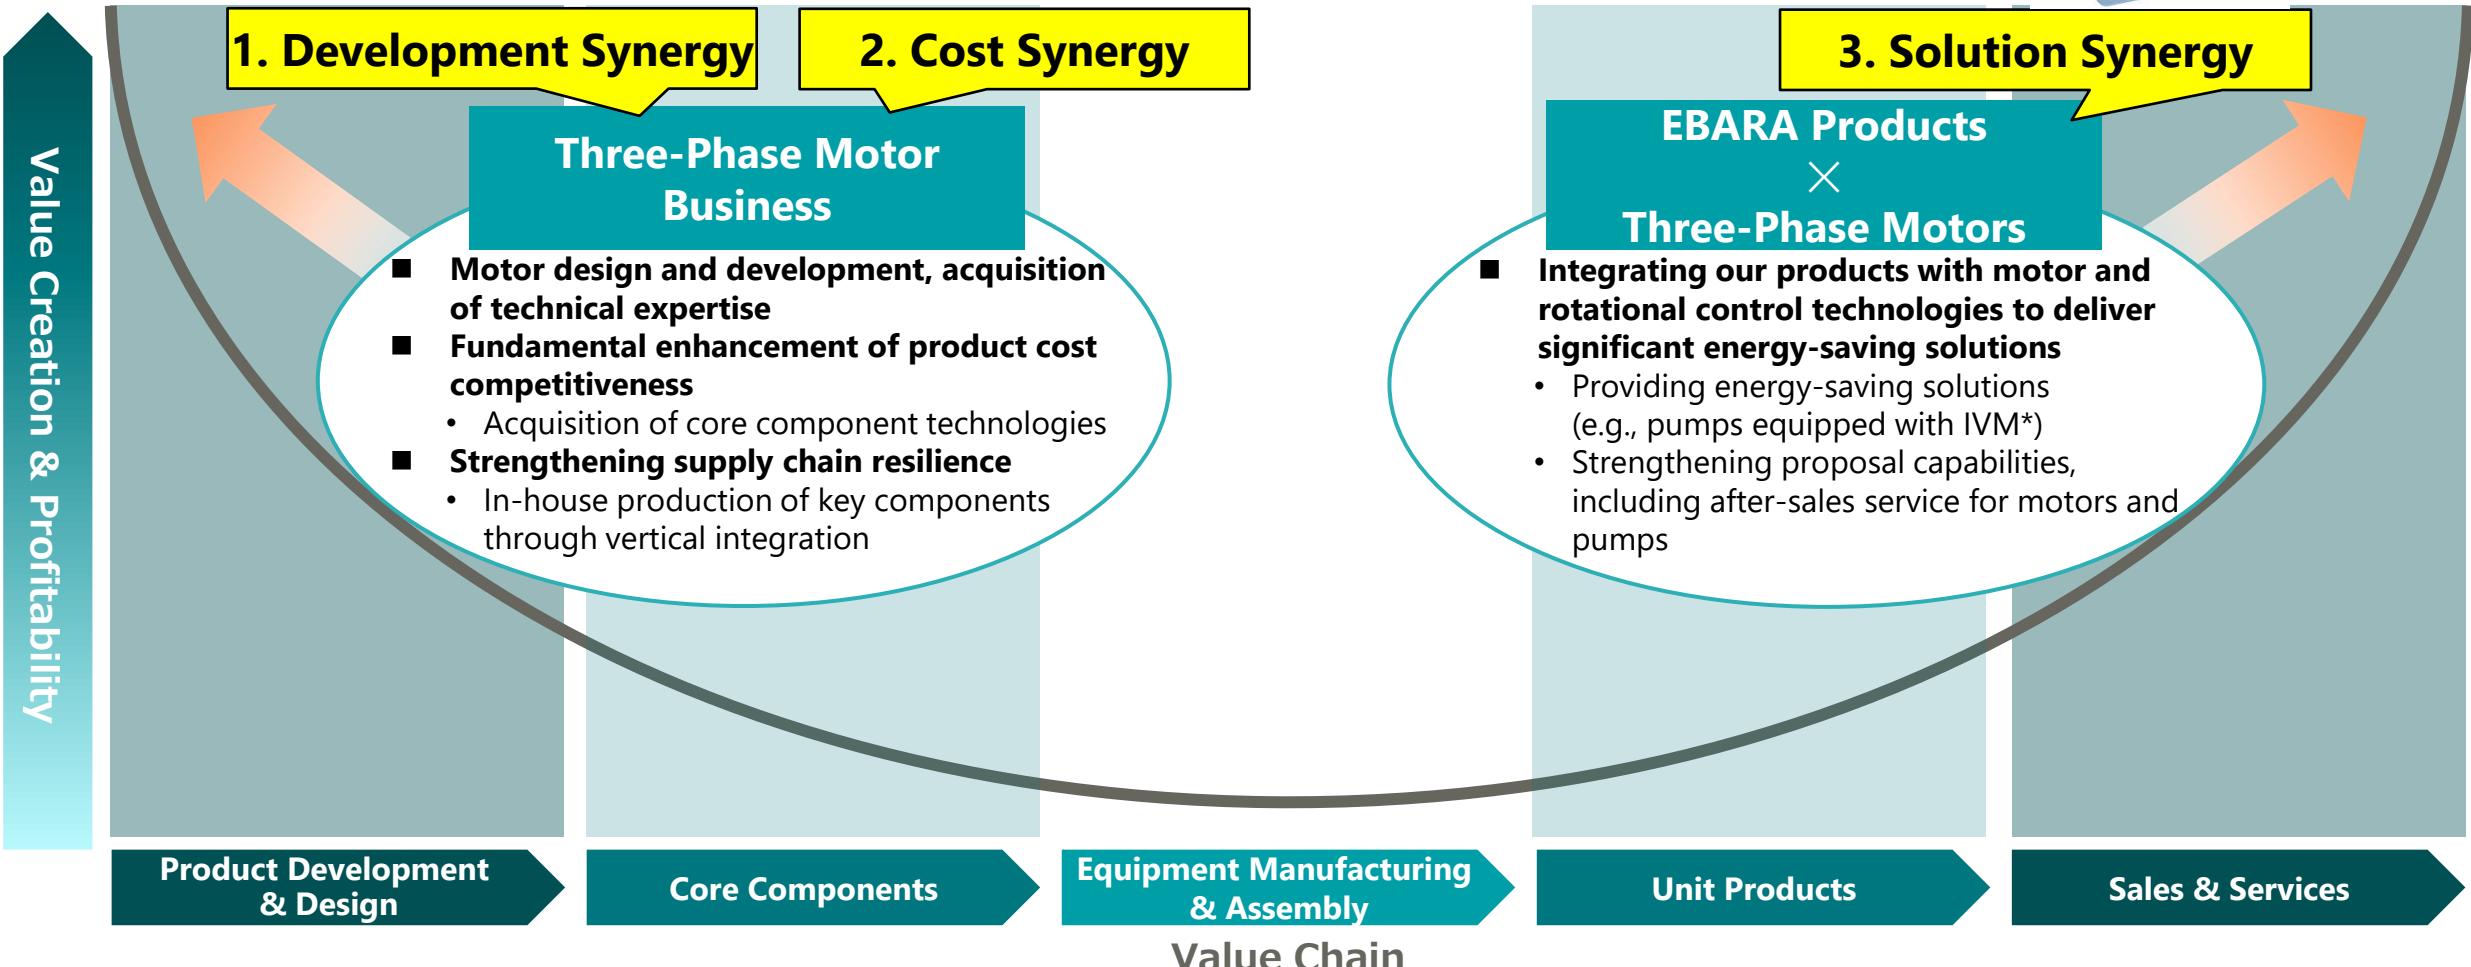

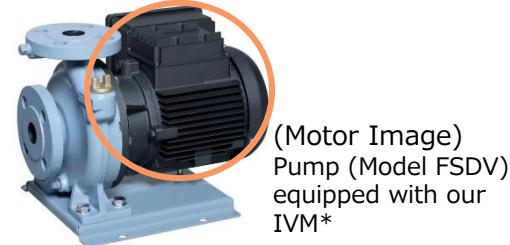

<b>Businesses Subject to Transfer</b>	Design, manufacture, sales and service of three-phase motors <sup>*2</sup> , IPM motors, pumps and die-casting
<b>Expected Completion Date</b>	In 2026
<b>Objective</b>	<ul style="list-style-type: none"><li>■ By acquiring design and development capabilities and technical expertise in motors, we will deliver significant energy-saving solutions that integrate our products with motor and rotational control technologies</li><li>■ By securing and expanding production systems in Japan and Thailand, we will accelerate growth in the global market</li></ul>

<sup>\*1</sup> A casting technology that enables mass production of castings by injecting molten metal into a mold at high speed and high pressure

<sup>\*2</sup> An electric motor powered by three alternating currents

# Building Service & Industrial M&A Strategy

- As global demand for energy-saving industrial machinery continues to rise, we are strengthening and accelerating our ability to propose energy-saving solutions by reinforcing both ends of the value chain, the high-value-added areas of the smile curve
