Notice Concerning Enhancement of Shareholder Benefit Program

TOBU RAILWAY CO., LTD. (the “Company”) hereby announces that today it has decided to partially revise the criteria for issuing shareholders discount tickets as described below to enhance its shareholder benefit program. This revision aims to enhance the attractiveness of the Company’s shares and encourage more shareholders to hold its shares over the long term.

1 Description of enhancement (see Attachment for details)

(1) Subdivision of the shareholder benefit category based on coupon-type tickets

The Company will create a new shareholder benefit category for the shareholders who hold 400 or more shares but less than 600 shares and issue four (coupon-type) shareholder discount tickets. (Under the current category, two tickets are issued.)

(2) Expansion of the shareholder benefit category based on long-term retention

For the shareholders who have held 600 or more shares but less than 1,000 shares for three years or longer consecutively, the Company will issue two (coupon-type) shareholder discount tickets in addition to the current shareholder benefits.

2 Effective date of revised program

The revised program will apply to the shareholder benefits for shareholders listed in the Shareholder Registry as of March 31, 2026. (To be delivered in June 2026)
