Notice of Expected Recording of Net Sales Associated with the Dividend Receipt

Prored Partners Co., Ltd. ("the Company") announces that the Company expects to record net sales as shown below for the first quarter of the fiscal year ending October 31, 2026 (November 1, 2025 to January 31, 2026).

1. Recording of net sales

The Company expects to record consolidated net sales of 700 million yen as a result of receiving dividend income from an investee of the investment business by a limited partnership in which our group has invested.

2. Future outlook

The Company expects to record the proceeds from the amount of dividends received in the first quarter of the current consolidated fiscal year.

The net sales include amounts relating to the interests of other LP investors who have contributed capital to the limited partnership, and such amounts will be deducted as profit attributable to non-controlling interests. The Company is therefore currently carefully considering the impact on full-year consolidated financial results for the fiscal year ending October 31, 2026 and other factors.
