Notice Concerning Application for Change of Market Classification to the Standard Market of the Tokyo Stock Exchange and Application for New Listing to the Main Market of the Nagoya Stock Exchange

KUSURI NO AOKI HOLDINGS CO., LTD. (the "Company") hereby announces that at a meeting of its Board of Directors held today, it resolved to apply for a market classification change to the Standard Market of the Tokyo Stock Exchange (the "TSE") and for a new listing on the Main Market of the Nagoya Stock Exchange (the "NSE"). Details are as follows.

The Company plans to apply for a market classification change from the Prime Market to the Standard Market of the TSE and for a new listing on the Nagoya Stock Exchange Main Market.

The purpose of this application for the market classification change is to prioritize the Company's medium- to long-term growth and management efficiency, and to strengthen efforts to enhance corporate value under a more appropriate market classification. In order to reliably achieve the Fourth Medium-Term Management Plan disclosed today, we believe that the key to our sustainable growth and the maximization of shareholder value lies in making an early decision to change our market classification and concentrating our management resources under the Standard Market, which aligns with actual conditions.

In addition, the purpose of applying for a new listing on the Nagoya Stock Exchange Main Market is to create opportunities for individual investors, primarily in the Tokai region, to gain a broader understanding of our business, thereby aiming to expand our investor base and enhance the liquidity of our stocks.

The Company fully recognizes the impact of decisions regarding the above applications on our shareholders, investors and other stakeholders. We remain committed to ensuring transparent corporate management and rigorous corporate governance, while striving to achieve sustainable growth over the medium to long term. We will continue to give our utmost effort to be a company trusted by our shareholders and investors.
