Auditor's Conclusion

We have conducted an interim review of the quarterly consolidated financial statements of INTERLIFE HOLDINGS CO., LTD. (the "Company") for the third quarter (from September 1, 2025 to November 30, 2025) and the first nine months ended November 30, 2025 (from March 1, 2025 to November 30, 2025) of the Company's fiscal year from March 1, 2025 to February 28, 2026 included in the "Attachments" to the quarterly consolidated financial results; namely, the quarterly consolidated balance sheets, quarterly consolidated statements of income, quarterly consolidated statements of comprehensive income, and notes thereto.

In our interim review, we found no instances that would lead us to believe that the abovementioned quarterly consolidated financial statements have not been prepared in all material respects in accordance with Article 4, Paragraph 1 of Tokyo Stock Exchange, Inc.'s Standards for Preparation of Quarterly Financial Statements, etc. and the accounting standards for quarterly financial statements that are generally accepted in Japan (however, omissions set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements, etc. apply).

Basis for Auditor's Conclusion

We conducted our interim review in accordance with the interim review standards that are generally accepted in Japan. Our responsibilities under the interim review standards are described in "Auditor's Responsibilities in the Interim Review of Quarterly Consolidated Financial Statements." Pursuant to the rules on professional ethics in Japan, we are independent from the Company and its consolidated subsidiaries, and have fulfilled our other ethical responsibilities as an auditor. We believe that we have obtained the evidence to form a basis for our conclusion.

Responsibility of Management and the Audit and Supervisory Committee with Respect to Quarterly Consolidated Financial Statements

The responsibility of management is to prepare quarterly consolidated financial statements in accordance with Article 4, Paragraph 1 of Tokyo Stock Exchange, Inc.'s Standards for Preparation of Quarterly Financial Statements, etc. and the accounting standards for quarterly financial statements that are generally accepted in Japan (however, omissions set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements, etc. apply). This includes designing and operating internal controls that management deems necessary in order to prepare quarterly consolidated financial statements free of material misstatements, whether due to fraud or error.

In preparing the quarterly consolidated financial statements, management is responsible for evaluating whether it is appropriate to prepare the quarterly consolidated financial statements based on the premise of a going concern, and for disclosing matters relating to going concern if required based on Article 4, Paragraph 1 of Tokyo Stock Exchange, Inc.'s Standards for Preparation of Quarterly Financial Statements, etc. and the accounting standards for quarterly financial statements that are generally accepted in Japan (however, omissions set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements, etc. apply).

The Audit and Supervisory Committee is responsible for monitoring the execution of Directors' duties related to designing and operating the financial reporting process.

Auditor's Responsibilities in the Interim Review of Quarterly Consolidated Financial Statements

The auditor's responsibility is to express a conclusion with respect to the quarterly consolidated financial statements from an independent standpoint in an interim review report based on the interim review it has performed.

The auditor shall exercise professional judgment throughout the interim review process in accordance with interim review standards generally accepted in Japan, and perform the following while maintaining professional skepticism:

- Primarily, make inquiries of management, persons responsible for financial and accounting matters, and others, and perform analytical procedures and other interim review procedures. Interim review procedures are limited procedures relative to audits of annual financial statements conducted in accordance with auditing standards generally accepted in Japan.
- If it is determined that there is material uncertainty regarding events or circumstances that would raise substantial doubts about factors relating to the premise of a going concern, the auditor shall conclude, based on the evidence obtained, whether there are any factors that lead the auditor to believe that the quarterly consolidated financial statements have not been prepared in accordance with Article 4, Paragraph 1 of Tokyo Stock Exchange, Inc.'s Standards for Preparation of Quarterly Financial Statements, etc. and the accounting standards for quarterly financial statements that are generally accepted in Japan (however, omissions set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements, etc. apply). Moreover, if there is material uncertainty regarding the premise of a going concern, the auditor is required to call attention to the notes to the quarterly consolidated financial statements in the interim review report, or to express a qualified or adverse conclusion on the quarterly consolidated financial statements if the notes to the quarterly consolidated financial statements regarding material uncertainty are not adequate. The auditor's conclusion is based on evidence obtained up to the date of the interim review report, but future events or circumstances may prevent a company from continuing as a going concern.
- Evaluate whether there are any matters that lead the auditor to believe that the presentation and notes of the quarterly consolidated financial statements have not been prepared in accordance with Article 4, Paragraph 1 of Tokyo Stock Exchange, Inc.'s Standards for Preparation of Quarterly Financial Statements, etc. and the accounting standards for quarterly financial statements that are generally accepted in Japan (however, omissions set forth in Article 4, Paragraph 2 of the Standards for Preparation of Quarterly Financial Statements, etc. apply).
- Obtain evidence regarding financial information of the Company and its consolidated subsidiaries that forms the basis for expressing conclusions about the quarterly consolidated financial statements. The auditor is responsible for directing, supervising, and reviewing the interim review of the quarterly consolidated financial statements. The auditor is solely responsible for the auditor's conclusions.

The auditor shall report to the Audit and Supervisory Committee on the planned scope of the interim review, its timing, and any significant findings from the interim review.

The auditor shall report to the Audit and Supervisory Committee regarding its compliance with provisions related to professional ethics in Japan regarding independence, as well as on any matters that are reasonably considered to affect the auditor's independence, and details of any measures that are taken to remove impediments, or any safeguards adopted to reduce impediments to an acceptable level.

Interest
