**Notice Regarding Issuance of Class A Preferred Share through Third-Party Allotment and Reduction of Amounts of Capital Stock and Legal Capital Surplus**

Sumitomo Densetsu Co., Ltd. (the "Company") hereby announces that, at the meeting of the Board of Directors held today, the Company resolved to issue Class A Preferred Shares to Daiwa House Industry Co., Ltd. (the "Planned Allottee") through third-party allotment (the "Capital Increase through Third-Party Allotment") and to reduce the amounts of capital stock and legal capital surplus after the Capital Increase through Third-Party Allotment (the "Capital Reduction") as follows:

**I. Regarding the Capital Increase through Third-Party Allotment**

**1. Overview of the Offering**

(1)	Payment date	March 24, 2026
(2)	Number of new shares to be issued	1 Class A Preferred Share
(3)	Issue price	JPY 123,033,219,326 per share
(4)	Amount of funds to be procured	JPY 123,033,219,326
(5)	Method of offering or allotment (Planned Allottee)	The Class A Preferred Share will be entirely allotted to Daiwa House Industry Co., Ltd. through third-party allotment.
(6)	Other	For details, please refer to the Appendix "Terms and Conditions of Class A Preferred Share." The Capital Increase through Third-Party Allotment is on the conditions that (i) the underwriting agreement between the Company and the Planned Allottee has been duly executed and remains effective, (ii) the proposal on the consolidation of shares to consolidate 1,048,714 common shares of the Company (the "Company Shares") into 1 share, effective on March 5, 2026, (the "Share Consolidation") is approved at the extraordinary shareholders meeting of the Company to be held on February 9, 2026 (the "Extraordinary Shareholders Meeting"), (iii) the Share Consolidation has become effective, and (iv) the proposal on the Capital Increase through Third-Party Allotment and the proposal

	on partial amendment to the Articles of Incorporation concerning creation of new provisions on the Class A Preferred Share are approved at the resolution of the general shareholders meeting of the Company (including the written resolution set forth in Article 319, Paragraph 1 of the Companies Act).

## 2. Purpose of and Reason for Offering

As described in the "Notice Concerning Opinion in Favor of Tender Offer for the Company Shares, etc. by Daiwa House Industry Co., Ltd. and Recommendation to Tender," announced by the Company on October 30, 2025 (the "Opinion Press Release") and the "Notice Regarding the Results of the Tender Offer for the Company Shares by Daiwa House Industry Co., Ltd. and Changes in Major Shareholders and Other Affiliates," announced by the Company on December 16, 2025, the Planned Allottee conducted a tender offer (the "Tender Offer") for the Company Shares during the tender offer period, which was the 30 business days from October 31, 2025 to December 15, 2025, as part of the transaction aiming at acquiring all of the Company Shares (excluding treasury shares held by the Company and the Company Shares held by Sumitomo Electric Industries, Ltd. ("Sumitomo Electric Industries") (17,828,151 shares; Ownership ratio (Note 1): 50.66%; the "Non-Tendered Shares"), which is the parent company of the Company) and eventually making the Company a wholly-owned subsidiary (the "Transaction"). As a result, the Planned Allottee held 14,389,928 Company Shares (Ownership ratio: 40.89%) as of December 22, 2025, which was the commencement date of settlement of the Tender Offer.

(Note 1) "Ownership ratio" means the percentage (rounded to two decimal places) obtained by dividing the number of shares held by a shareholder by the number of shares (35,190,831 shares) calculated by deducting the number of treasury shares held by the Company as of September 30, 2025 (445,048 shares) from the total number of issued shares as of that date (35,635,879 shares), as stated in the "Financial Results for the Second Quarter Ended March 31, 2026 (Japanese GAAP) (Consolidated)" announced by the Company on October 30, 2025.

As described above, although the Tender Offer was completed, the Planned Allottee was unable to acquire all of the Company Shares (excluding the treasury shares held by the Company and the Non-Tendered Shares) through the Tender Offer. Thus, at the request of the Planned Allottee, the Company decided to implement the Share Consolidation, in which 1,048,714 Company Shares would be consolidated into 1 share subject to the approval of shareholders at the Extraordinary Shareholders Meeting, for the purpose of making the Planned Allottee and Sumitomo Electric Industries the sole shareholders of the Company, as announced in the "Notice of Convocation of Extraordinary Shareholders Meeting Concerning Share Consolidation, Abolition of the Provisions of Share Units and Partial Amendment to the Articles of Incorporation," announced by the Company on January 7, 2026. As a result of the Share Consolidation, the number of the Company Shares held by shareholders other than the Planned Allottee and Sumitomo Electric Industries will be fractional shares.

Furthermore, as announced in the Opinion Press Release, in addition to the Share Consolidation, it was contemplated in the Transaction that, after the Share Consolidation becomes effective, the Company would buy back (the "Share Buy Back") the Non-Tendered Shares (excluding shares equivalent to fractions of less than one share resulting from the Share Consolidation), thereby eventually causing the Company to become a wholly-owned subsidiary, and that, for the purpose of securing funds to implement the Share Consolidation and securing the distributable amount to implement the Share Consolidation, the Planned Allottee would provide funds to the Company to be used for the Share Consolidation through third-party allotment of class shares with no voting rights, and that the Company would reduce the amounts of capital stock and legal capital surplus of the Company pursuant to Article 447, Paragraph 1 and Article 448, Paragraph 1 of the Companies Act.

The Capital Increase through Third-Party Allotment and the Capital Reduction are to be implemented as a third-party allotment to the Planned Allottee and a reduction in the amounts of capital stock and legal capital surplus, which were planned as part of the Transaction, thereby securing funds and distributable amount to implement the Share Buy Back.

## 3. Amounts, Usage and Scheduled Timing of Use of the Funds to be Procured

### (1) Amounts of funds to be procured

(i) Total amount to be paid in	JPY 123,033,219,326
(ii) Estimated issuance expenses	JPY 433,000,000
(iii) Estimated retained balance	JPY 122,600,219,326

(Note 1) Estimated issuance expenses do not include consumption taxes.

(Note 2) Estimated issuance expenses are comprised of registration and license tax and legal advisers' fees.

(2) Specific usage and scheduled timing of use of funds to be procured

Specific usage	Amount (JPY)	Scheduled timing of use
(i) Funds for implementing the Share Buy Back	122,600,219,326	March 2026

4. Reasonableness of the Use of Proceeds

The Capital Increase through Third-party Allotment is intended to secure funds and a sufficient distributable amount for the execution of the Share Buy Back. After the Capital Increase through Third-party Allotment becomes effective, the Company will implement the Capital Reduction to secure a distributable amount for the Share Buy Back and will apply the entire proceeds raised through the Capital Increase through Third-party Allotment to finance the Share Buy Back. These actions will be implemented as part of the Transaction with the Planned Allottee, and the Company determined that the use of proceeds is reasonable.

5. Reasonableness of the Issuance Terms

(1) Basis for Determining the Amount to be Paid in and Specific Details

As stated in the Opinion Press Release, while the Tender Offer Price has been set at JPY 9,760 per share in the Tender Offer, from the standpoint of reconciling the maximization of the Tender Offer Price and fairness among shareholders, the consideration for the Share Buy Back is planned to be a total of JPY 122,604,105,026 (JPY 6,877 per share prior to the Share Consolidation). Taking into account the need to secure funds and a distributable amount for the execution of the Share Buy Back and issuance-related expenses, the amount to be paid in for the Capital Increase through Third-party Allotment has been set at JPY 123,033,219,326 per share. If the Share Consolidation becomes effective, as of the payment date for the Capital Increase through Third-party Allotment (March 24, 2026), the Company's shareholders will consist solely of the Planned Allottee and Sumitomo Electric Industries. The Capital Increase through Third-party Allotment is intended to secure funds to enable the acquisition from Sumitomo Electric Industries of all of the Company Shares it holds (the Share Buy Back) and to secure a distributable amount through the Capital Reduction upon the Capital Increase through Third-party Allotment becoming effective. Since such amount has been set with the objective of making it possible to carry out the Share Buy Back at the total consideration originally contemplated, the Company considers the amount to be reasonable.

With respect to the fair value of class shares for which no objective market price exists, the calculation is highly sophisticated and complex, and various opinions may exist regarding its valuation. Accordingly, the Company cannot completely rule out the possibility that the payment amount could be regarded as especially favorable to the Planned Allottee. Therefore, as a precautionary measure, the implementation of the Capital Increase through Third-party Allotment is subject to the approval of the proposal relating to the Capital Increase through Third-party Allotment at the Company's shareholders meeting (including a written resolution pursuant to Article 319, Paragraph 1 of the Companies Act). The shareholders entitled to exercise voting rights on the resolution will be limited to the Planned Allottee and Sumitomo Electric Industries, who will be the Company's shareholders after the effective date of the Share Consolidation (March 5, 2026). No shareholders meeting composed of the Company's shareholders as of any date prior to the effective date of the Share Consolidation will be convened for the purpose of the Capital Increase through Third-party Allotment.

(2) Specific Usage and Scheduled Timing of Use of Funds to be Procured

The Capital Increase through Third-party Allotment is conducted as part of the Transaction, and it is contemplated that the Planned Allottee will ultimately make the Company a wholly-owned subsidiary as of the payment date (March 24, 2026) by

implementing the Share Buy Back after the Capital Increase through Third-party Allotment and the Capital Reduction become effective. Therefore, the Capital Increase through Third-party Allotment can be regarded as being conducted to the Planned Allottee, who is the Company's sole shareholder, in substance, and the dilution resulting from the Capital Increase through Third-party Allotment does not raise concerns from the standpoint of protecting the interests of existing shareholders. Moreover, the number of shares to be issued (one share) has been set at a scale necessary to achieve the purpose of the Capital Increase through Third-party Allotment, which is to secure funds and a distributable amount for the execution of the Share Buy Back. Therefore, the Company considers that both the number of shares to be issued under the Capital Increase through Third-party Allotment and the scale of the resulting dilution to be reasonable. The Class A Preferred Share is a non-voting class share and does not carry any put or call rights or other acquisition provisions under which holders would receive common shares as consideration. Therefore, there will be no dilution of the voting rights attached to the common shares.

(Note 2) The Planned Allottee is listed on the Prime Market of the Tokyo Stock Exchange, Inc. (the "Tokyo Stock Exchange"). By reviewing the basic policy for the exclusion of antisocial forces and the status of its implementation described in the Corporate Governance Report submitted by the Planned Allottee to the Tokyo Stock Exchange (last updated on July 11, 2025) on the Tokyo Stock Exchange's website, the Company determined that the Planned Allottee and its officers and major shareholders have no relationship whatsoever with antisocial forces.

## (2) Reason for Selecting the Planned Allottee

As described above in "2. Purpose of and Reason for Offering."

## (3) Planned Allottee's Policies for Holding Shares

The Company has received an explanation from the Planned Allottee that it plans to hold the Company Shares, including the shares to be allotted, for medium to long term.

## (4) Matters Confirmed with the Planned Allottee Regarding Funds Required for the Payment

According to the Planned Allottee, the Planned Allottee plans to finance the Capital Increase through Third-party Allotment through a loan from Mizuho Bank, Ltd. ("Mizuho Bank"). The Company has reviewed the letter from Mizuho Bank confirming the availability of the loan and has determined that the Planned Allottee has sufficient financial resources to make the payment for the Capital Increase through Third-party Allotment.

11. Terms and Conditions of Issuance

Please see Appendix "Terms and Conditions of Class A Preferred Share".

II. Capital Reduction

1. Purpose of the Capital Reduction

In order to secure the distributable amount to implement the Share Buy Back, the Company decided on the Capital Reduction to reduce the entire amounts of capital stock and legal capital surplus increased through the Capital Increase through Third-party Allotment and to transfer the amounts to other capital surplus. The Capital Reduction will be on the condition that the payment for the Capital Increase through Third-party Allotment is made.

2. Outline of the Capital Reduction

(1) Amount of capital stock to be reduced

The amount of capital stock after the Capital Increase through Third-party Allotment of JPY 67,957,047,465 will be reduced by JPY 61,516,609,663 to JPY 6,440,437,802.

(2) Item and amount of legal capital surplus to be reduced

The amount of legal capital surplus after the Capital Increase through Third-party Allotment of JPY 67,554,707,575 will be reduced by JPY 61,516,609,663 to JPY 6,038,097,912.

(3) Item and amount of surplus to be increased

Other capital surplus JPY 123,033,219,326

(4) Method of the Capital Reduction

After implementing reduction of capital stock and legal capital surplus in accordance with Article 447, Paragraphs 1 and 3, and Article 448, Paragraphs 1 and 3, of the Companies Act, the Company will transfer the entire amounts of capital stock and legal capital surplus to other capital surplus. The Company will reduce the amounts of capital stock and legal capital surplus by the same amounts as the amounts of capital stock and legal capital surplus increased due to the Capital Increase through Third-party Allotment concurrently with the increase of the amounts of capital stock and legal capital surplus due to the Capital Increase through Third-party allotment, and hence the amounts of capital stock and legal capital surplus after the effective date will not fall below the amounts before the effective date. Therefore, the Company will implement the Capital Reduction by resolution of the Board of Directors in accordance with the provisions of Article 447, Paragraph 3 and Article 448, Paragraph 3 of the Companies Act.

3. Schedule for the Capital Reduction

(1)	Date of resolution of the Board of Directors	January 30, 2026
(2)	Date of public notice with respect to statements of objection by creditors	February 12, 2026 (planned)
(3)	Final deadline for statements of objection by creditors	March 14, 2026 (planned)
(4)	Effective date of capital reduction	March 24, 2026 (planned)

4. Future Prospectus

The Capital Reduction is a process of transfer within the accounting items in the net assets section of the Company's balance sheet and will not change the amount of net assets, and there will be no impact on the Company's operating results.
