Notice Concerning Revisions to Full-Year Consolidated Financial Results Forecast

HOKKAN HOLDINGS LIMITED (the “Company”) hereby announces that in light of the most recent operating trends, the Company has revised the financial results forecast for the fiscal year ended March 31, 2026, disclosed on May 9, 2025, as described below.

Previously announced forecast (A)	99,000	4,700	4,800	3,200	(Yen) 260.49
Revised forecast (B)	90,700	3,400	3,700	3,200	259.90
Amount of change (B-A)	(8,300)	(1,300)	(1,100)	-

(Reference) Actual results for the previous fiscal year (Fiscal year ended March 31, 2025)	92,419	4,503	5,196	3,262	265.60

2. Reason for revision

The full-year performance outlook for the fiscal year ending March 31, 2026 is now expected to fall below the previous forecast for Net Sales, Operating Profit, and Ordinary Profit, mainly due to a decrease in orders in Global Business. However, due to the recording of Gain on sale of investment securities from the sale of Strategic Shareholdings, Profit attributable to owners of parent is expected to be in line with the previous forecast.

*The forecast above is based on the information available as of the date of release of this notice. Actual results may differ from the forecast depending on various factors arising in the future.
