Notice Concerning Revision (Increase) of Dividend Forecast

At the meeting of the Board of Directors held on February 13, 2026, the Company resolved to revise the dividend forecast per share for the fiscal year ending December 31, 2025 (10th fiscal year) as follows and hereby announces the same.

1. Reason for Revision of Dividend Forecast

The Company's policy is to appropriately implement dividends while securing the necessary internal reserves from the perspective of balancing the continuous generation of profits with investments for business expansion and the strengthening of the financial foundation. The Company has set the dividend payout ratio at 20% and has been paying dividends accordingly.

In the financial results for the fiscal year ended December 31, 2025 announced today, net income attributable to owners of the parent exceeded the Company's forecast. Accordingly, the year-end dividend is set at JPY 3.70 per share.

The Company recognizes the return of profits to shareholders as one of its important management issues and will continue to strive to provide appropriate shareholder returns while considering internal reserves for proactive investments aimed at future growth. For the fiscal year ending December 31, 2026 (11th fiscal year), the Company plans to set the dividend payout ratio at 21% and implement dividends accordingly.
