### **Announcement regarding Establishment of New Europe Subsidiary in Munich, Germany**

Synspective, Inc. (the “Company”) hereby announces that at the meeting of its Board of Directors held today, the Company resolved the planned establishment of its European subsidiary, provisionally named Synspective Europe GmbH, in Munich, Germany. The new entity is scheduled to be established in the first half of 2026 and will be 100% owned by the Company.

#### **1. Purpose of Establishment**

This strategic expansion marks a significant milestone in the company’s global growth, underscoring its commitment to delivering SAR satellite imagery and data-driven insights to clients across Europe, the Middle East, and Africa (EMEA). By establishing a base in Germany, Synspective will gain direct access to European programs and funding while fostering closer ties with a region heavily investing in space technology.

The new subsidiary will focus on several key business objectives:

- **Market Expansion & Revenue Growth:** Capturing the growing demand for SAR solutions in EMEA and enhancing local sales and support capabilities.
- **Partnership Development:** Facilitating collaborations with European research institutions, government programs, and industrial partners.
- **Operational Efficiency:** Localizing administrative and financial processes to respond directly to EU procurement and consortium building.
- **Brand Credibility:** Strengthening Synspective’s position as a global player within a major economic region.

#### **2. Overview of the New Subsidiary**

|                        |                                                               |
|------------------------|---------------------------------------------------------------|
| Name                   | Synspective Europe GmbH                                       |
| Legal Entity           | Gesellschaft mit beschränkter Haftung (GmbH)                  |

| Shareholding Ratio     | 100% owned by Synspective Inc.                                |

#### **3. Profile of Iain MacInnes**

Iain MacInnes is the Head of Europe, Africa & Middle East at Synspective. He has over 25 years of industry experience and holds a BSc in Geography from the University of Glasgow and an MSc in Environmental Remote Sensing from the University of Aberdeen in Scotland. Prior to joining Synspective, Iain led the EMEA Office, Sales and Customer Experience team at Vantor (DigitalGlobe/Maxar) and held Sales Leadership roles in Enterprise and Public Sector markets over a 14-year period. Iain also led International Sales at PCI Geomatics, a Canadian Remote Sensing software company, and managed the Ground Penetrating Radar department at GeoRed Chile. Iain has overseen growth and product diversification for accounts such as the European Space Agency, NATO, and the European Union Satellite Centre, in addition to civil and defense agencies across the region.

### **3. Future Outlook**

This has been incorporated into the full-year earnings forecast for the fiscal year ending December 2026, as disclosed today. The Company will promptly inform you of any matters requiring disclosure that may arise in the future.
