## Notice Concerning Revisions to Full-Year Financial Results Forecasts

ANYCOLOR Inc. (the “Company”) hereby announces that, in view of the most recent business performance trends, the Board of Directors passed a resolution at its meeting held on March 11, 2026, to revise the financial results forecasts for the fiscal year ending April 30, 2026 (May 1, 2025, through April 30, 2026), disclosed with the announcement of the financial results for the second quarter of the fiscal year on December 10, 2025. Details are as described below.

### 2. Reason for the revisions

During the first quarter, net sales exceeded the initial plan driven primarily by commerce and events, and performance in the second quarter has also progressed in line with expectations. In the third quarter, the Company experienced strong demand primarily in commerce from large-scale initiatives such as anniversary initiatives for VTuber units, seasonal campaigns, and live event-related merchandise. Taking into account the outlook for the fourth quarter, net sales are expected to continue outperforming the initial plan. On the other

hand, in terms of costs, the Company expects expenses to exceed the previous plan due to the recognition of expenses associated with the decision to dispose of inventories in the third quarter and the planned recognition of inventory write-downs in the fourth quarter. Consequently, profits are expected to fall below the previous forecast.

Comprehensive consideration of the above factors has led the Company to anticipate that while full-year net sales will exceed the figures announced on December 10, 2025, operating profit, ordinary profit, net profit, and earnings per share will fall below those figures. Accordingly, the Company has decided to revise its full-year financial results forecasts.
