■Overview of Monthly Performance for February

Sales revenue of our group for February 2026 reached 108.4% year-over-year, as both the Distributor Business and the Cash and Carry Business exceeded the previous year's performance.

The overview of each business segment is as follows:

[Distributor Business (DTB : commercial foods wholesaling)]

Sales to the domestic foodservice industry remained steady, supported by inbound demand. In addition, the newly consolidated company (Sankyo Shokuchō Co., Ltd., consolidated in September of the previous fiscal year) contributed to performance, resulting in 111.5% year-over-year.

[Cash and Carry Business (C&C : commercial foods cash wholesaling)]

Sales to small and medium-sized restaurants remained steady. However, the overall result was partly affected by sluggish sales to general customers, resulting in 100.7% year-over-year, or 100.7% on a same-store basis.

[Food Solutions Business (FSL)]

Due in part to a decrease in project completions by construction-related companies compared to the same month of the previous year, results reached 89.5% year-over-year.

■Store Count as of the End of February

C&C Business: 96 stores (Year-over-Year Change: 2 new stores, 1 closed store) *Including franchise stores
