## Supplementary Materials on Shareholder Benefits Program Expansion

From wealth building to wellness and lifestyle  
— 13 new partner benefits

March 12, 2026

# To Our Valued Shareholders

Thank you for your continued support.

Metaplanet shareholders are unlike any other — forward-thinking, global, and deeply engaged with Bitcoin and the future of finance.

Our partners recognize this, and are eager to bring exclusive benefits to this community. This program exists to reward your conviction, strengthen your connection to the Bitcoin ecosystem, and enhance your everyday life.

Organized around three themes — **WEALTH, HEALTH, and JOY** — **we are introducing 13 new partner benefits** spanning digital assets, security & custody, dining, entertainment, travel, and comfort. Our goal is to build the most comprehensive shareholder benefit program of any listed company in Japan, and we will continue to expand it.

This is just the beginning.

# Introduction to the "Tier Program"

We are introducing the Shareholder Rewards Program to recognize our long-term shareholders.

To reward long-term conviction, we are introducing a tiered benefits structure.

Your tier is determined by both the number of shares you hold and how long you've held them — and higher tiers unlock greater discounts and exclusive benefits.

Number of Shares	< 6 Months	6 - 24 Months	24+ Months
100 ~ 300 shares	SILVER	SILVER	GOLD
301 ~ 2,000 shares	SILVER	GOLD	GOLD
2,001 ~ 5,000 shares	GOLD	GOLD	DIAMOND
5,001 ~ 50,000 shares	GOLD	DIAMOND	DIAMOND
50,001+ shares	DIAMOND	DIAMOND	NAKAMOTO
