ONWARD VISION 2030

: Human Capital Management

Promotion of Organizational and Human Resource Platform Transformation (1)

By developing and recruiting talent to lead transformation and advancing organizational and human resource platform transformation, we aim to evolve into a company where diverse and unique talent can thrive

Creating a Workplace Where Diverse and Unique Talent Can Thrive

- In 2025, we were awarded the “Award Grand Prize” in the “MYNAVI TENSHOKU BEST VALUE AWARD,” which recognizes companies committed to salary increases, workstyle improvements, and career development support.
- In recognition of initiatives such as the Healthcare Keeper program and the installation of tactile paving blocks and multipurpose restrooms at our office buildings, Onward Kashiya Co., Ltd. was designated as a “Barrier-Free Mindset” Support Company by the Tokyo Metropolitan Government.
- As part of our initiatives to foster a corporate culture where diverse and unique talent can thrive, we are promoting women’s career advancement. In March 2026, we appointed one additional female executive officer, bringing the ratio of female executive officers to 14.3%. The ratio of women in leadership positions reached 34.1%. (Onward Kashiya Co., Ltd.)

Average Monthly Overtime Hours
(Applicable to employees covered by the Work Style Design Project)

Average Number of Paid Holidays and Vacations Taken per Year
(Applicable to employees covered by the Work Style Design Project)

Ratio of women in leadership positions
(Onward Kashiya Co., Ltd.)

Note: Actual results at the beginning of each fiscal year

Initiatives to Strengthen Group-wide Talent Exchange and Development

- The mentor program, initially introduced at Onward Kashiyama Co., Ltd., was expanded to Chacott Co., Ltd., Yamato Co., Ltd., and Island Co., Ltd. in fiscal year 2024.
 - Through these efforts, we are developing management talent across the Onward Group and promoting talent exchange across group companies.
- In recognition of our diverse career-support initiatives and low employee turnover rate, we received the “Excellent Career Support Company Award” at the “MYNAVI TENSYOKU BEST VALUE AWARD 2026.”

Human Resource Strategies to Support Diverse Workstyles

- Our human resource strategies addressing diverse workstyles were highly recognized, earning us the “Excellence Award” at the “Career Ownership Management Award 2025.”
- We were recognized as a “Best Workplace” in the “D&I AWARD 2025” for the third consecutive year.
- In 2022, we introduced an “Interval System” to support employee health and productivity.
 - This system operates in conjunction with a “Shift Selection System” that allows employees to choose from 13 shift options to ensure a minimum 11-hour rest period between workdays.

Initiatives to Create a Workplace Where Employees Can Work Comfortably

- We actively promote the use of childcare leave among male employees, achieving a 100% childcare leave utilization rate in fiscal year 2025.
(Onward Holdings Co., Ltd., Onward Kashiyama Co., Ltd., and Onward Digital Lab Co., Ltd.)

—ONWARD—

ONWARD VISION 2030

: Sustainable Management

Progress of Sustainable Management Strategy

■ Recycling activity of the Group's own clothing

- Extend the activities of reuse, recycling and upcycling through the “Onward Green Campaign” launched in FY2009
 - Through February 2026, we collected 9.82 million items of clothing from approximately 1.9 million customers.
 - We have set a target of collecting 2.0 million apparel items per year by FY 2030. To promote collection, we will further expand eligible collection locations and strengthen initiatives such as online collection programs. (Collection results for FY2025: 0.975 million items)
 - Through engagement with the Japanese Red Cross Society, blankets and work gloves produced from some of the collected clothing are used to support developing countries and disaster-stricken areas.

■ Advance a production system that avoids excessive production

- Further reduce overproduction through the expansion of made-to-order production
 - FY2030 Made-to-Order Production Target: $\times 4.0$ (vs. FY2023)
→ FY2025 Production Volume: $\times 1.4$ (vs. FY2023)

Note: The Dalian factory expanded production capacity with a two-factory setup from August 2025.

■ Enhance traceability

- Evolve traceability in the supply chain through the visualization of PLM system-assisted production
 - Partners collaborating in PLM that is centered on ONWARD:
25 companies (May 2024) → 81 companies (March 2025)
