## Notice Concerning Potential Leakage of Personal Information Due to Unauthorized Access to Consolidated Subsidiary

Yellow Hat Ltd. (the “Company”) hereby announces that it has been discovered that information of “2rinkan” members managed by its consolidated subsidiary, 2rinkan Yellow Hat Ltd., may have been leaked to an external party. This occurred due to an attack using a malicious program against the member-only server (hereinafter the “Affected Server”) of the subsidiary.

The Company sincerely apologizes for the considerable concern and inconvenience this has caused to our customers and all related parties.

### 1. Background

In the evening of Monday, April 20, 2026, unauthorized access was detected, and the Company promptly implemented emergency measures, including disconnecting the Affected Server from the network.

Subsequently, while investigating the scope of the impact, it was discovered that the personal information of 2rinkan members may have been leaked to an external party.

### 2. Personal Information Potentially Subject to Leakage

Items: Name, address, phone number, date of birth, gender, email address, 2rinkan membership number, point balance, app user ID, app password, and vehicle information.

\*It has been confirmed that credit card information is not subject to this leak, as it was not managed on the Affected Server.

\*The 2rinkan membership system utilizes a customer information management server different from those used by Yellow Hat Ltd. and its other subsidiaries; therefore, there is no impact on customers of the “Yellow Hat” brand or other brands.

### 3. Current Response

Following the discovery of this incident, the Company disconnected the Affected Server from the network and has suspended some services of the “2rinkan App” until recurrence prevention measures are implemented. In the future, we will implement recurrence prevention measures based on investigations and advice from external security experts.

The Company has reported the incident to the Personal Information Protection Commission and consulted with the local police. Additionally, the Company will issue apologies and notices via the 2rinkan website and in-store displays, and will also send individual emails to customers.

#### 4. Contact Information

The Company is currently preparing a dedicated consultation desk for customer inquiries regarding this matter. Details regarding the contact information and service commencement will be announced on the websites of the Company and 2rinkan Yellow Hat Ltd. as soon as preparations are complete.

#### 5. Future Outlook

If any matters arise that require further disclosure, such as a significant impact on financial results, the Company will announce them promptly.
