## Notice of Differences Between Non-Consolidated Financial Results for the Fiscal Year Ended March 31, 2026 and the Previous Fiscal Year

As the non-consolidated financial results for the fiscal year ended March 31, 2026, announced today, have changed by a certain amount or more compared with the actual non-consolidated results for the previous fiscal year, we hereby announce the details as follows.

### 1. Differences Between Non-Consolidated Financial Results for the Fiscal Year Ended March 31, 2026 and the Previous Fiscal Year

(April 1, 2025 – March 31, 2026)

	Net Sales	Operating Income	Ordinary Income	Net Income	Net Income per Share
March 31, 2025 (A)	Millions of yen 723,660	Millions of yen 2,186	Millions of yen 68,274	Millions of yen 91,118	Yen 428.39
March 31, 2026 (B)	689,441	4,022	72,702	27,879	131.05
Amount of Change (B – A)	(34,219)	1,836	4,428	(63,239)	—
Rate of Change (%)	(4.7)	83.9	6.4	(69.4)	—

### 2. Reasons for Differences

Net income decreased significantly compared with the previous fiscal year, mainly due to the waiver of reimbursement claims and the recognition of valuation losses on investments in associates arising from the reorganization of consolidated subsidiaries. These factors are eliminated in the consolidated financial statements and therefore have no impact on consolidated performance.

Net sales decreased year on year, primarily due to a decline in OEM supplies to the United States. However, operating income increased as a result of lower cost of sales, and ordinary income also increased mainly due to a decrease in foreign exchange losses.
