(2) Reason of revision

Regarding the year-end dividend for the fiscal year ended March 31, 2026, the Bank had originally planned to pay 59 yen per share; however, in light of the performance for the fiscal year under review and the basic policy on shareholder returns (dividend payout ratio on profit attributable to owners of the parent at 40% as a guideline), it has decided to increase the dividend by 13 yen per share, resulting in a total of 72 yen per share.

As a result, the annual dividend for the fiscal year under review, including an interim dividend of 59 yen per share, will be 131 yen per share, an increase of 55 yen from the previous fiscal year, with the payout ratio based on profit attributable to owners of the parent expected to be 40%.
