2. Reason for dividend increase

The Company recognizes that the return of profits to shareholders is one of management's most important tasks.

Under ***ADX 2026*** mid-term management plan launched in Apr. 2024, we are targeting a further increase in the dividend payout ratio to 40% or more, while investing in growth and maintaining a sound financial base.

Based on the above, the Company has decided to raise the year-end dividend for the fiscal year ended Mar. 31, 2026 by 8 yen from the initial forecast of 52 yen per share (announced on May 14, 2025), to 60 yen, taking into overall account the consolidated business results of the fiscal year under review announced today, its financial position, and other factors. Totaled with the 2nd quarter-end of 52 yen, the annual dividend of the FY2025 under review will be 112 yen per share, up 12 yen from the FY2024 (annual dividend: 100 yen), with a consolidated dividend payout ratio at 40.3%.
