* The Company conducted a 15-for-1 stock split of its common stock with an effective date of January 1, 2026. For this reason, we have not disclosed the total projected annual dividend per share, as the stock split prevents a simple aggregation of the figures.

2. Reason

Recognizing that returning profits to shareholders is as a key management issue, we have set a basic policy of paying dividends on a payout ratio of 100% during the period of the Fifth Medium-Term Business Plan (FY3/2026 - FY3/2029), and have set an annual per-share dividend of 10 yen* as the minimum dividend.

With regard to the year-end dividend for FY3/2026, net income attributable to owners of the parent announced today exceeded the target in the consolidated financial results for FY3/2026. In accordance with the dividend policy of a 100% payout ratio, we have decided to increase the year-end dividend by 1.40 yen per share from the forecast of 2.60 yen to 4.00 yen.

* The Company conducted a 15-for-1 stock split of its common stock effective January 1, 2026. This amount of per-share dividend is on a post- stock split basis.
