This was a result of comprehensive consideration of the above policy, the dividend policy as set forth in the Fiscal 2026 Medium-term Management Plan, recent business performance trends, and other factors.

As for the dividend forecast for the fiscal year ending March 31, 2027, the Company plans to pay an annual dividend of 100 yen per share, the same as the actual dividend for this fiscal year. We continue our efforts to proactively return profits to shareholders in line with our sustained growth, in addition to targeting a dividend payout ratio of 35% or more as set forth in the current Medium-term Management Plan, and maintaining a progressive dividend policy in effect.
