The 88th Ordinary General Meeting of Shareholders

Proposals, Business Report, Etc.

HOYA CORPORATION

Message from CEO

I would like to express my thanks for your continued patronage.

I would also like to announce that HOYA CORPORATION (the “Company”) will hold its 88th Ordinary General Meeting of Shareholders on Friday, June 26, 2026.

Regarding performance in the current fiscal year, we achieved record high sales and profit against the backdrop of strong performance of the Information Technology business. In the Life Care business, sales increased due to active sales promotion activities and bolt-on M&A activities in the eyeglass lenses business, as well as an expansion in the number of customers through new store openings in the contact lenses business, among other factors. In the Information Technology business, sales increased substantially due to the high and stable demand for mask blanks for semiconductor manufacturing and substrates for HDDs and strong sales of imaging related products.

With respect to the allocation of capital, the Company actively invested in business expansion, and with respect to returns to shareholders, while paying a dividend of 295 yen per share, we purchased approximately 170.0 billion yen of the Company’s own shares. Going forward, under management conscious of capital efficiency, we will continue to prioritize the allocation of capital to growth investments such as M&A and capital expenditures, with due consideration to the business environment and capital needs, while allocating surplus funds to shareholder returns through dividends and share repurchases. Furthermore, after considering what constitutes an appropriate level of net cash for us, we concluded that we currently hold a certain amount of surplus funds on our balance sheet as of the end of the current fiscal year. We have therefore established a new policy to optimize our cash levels over roughly the next three years through investments, dividends, and additional share repurchases.

For ESG and sustainability, in addition to having implemented Scope 3 disclosures, we are also promoting environmental initiatives with the goal of procuring 100% of in-house electricity consumption from renewable energy sources by FY2040. In terms of our initiatives toward human capital, from the perspective of human resource development, we will also work to improve strategic internal workforce mobility.

We continue to see significant changes in the external environment due to growing geopolitical risks and other factors. Under these circumstances, we will strive to respond quickly to the requests from society, customers, employees and other stakeholders, and increase both social value and corporate value through realization of the Company’s vision “Innovating For a Better Tomorrow.”

We sincerely ask for your continued support.

Eiichiro Ikeda
Director, Representative Executive Officer, President & CEO

池田 英一郎

Corporate Mission

“Dedicated to innovation in
information technology,
lifestyles and culture,
HOYA envisions a world
where all can enjoy the good life,
living in harmony with nature.”

Proposal

Election of Seven (7) Directors

The term of office of all of the seven Directors will expire at the close of this Ordinary General Meeting of Shareholders. As a result of deliberations on the number of members and composition of the Board of Directors in consideration of the diversity, management experience, and expertise prior to the selection of candidates by the Nomination Committee, it is being proposed that, seven Directors be elected - five Independent Directors and two Inside Directors. The reason for the selection of each candidate is stated individually in the following pages.

The Nomination Committee has reported that according to the "Basis for Election of Candidates for Directors" established by the committee, each candidate for Director does not fall under any reason for disqualification and all candidates for both Inside Directors and Independent Directors meet the requirements for such candidates.

All Independent Directors are to serve on the following three committees: the Nomination Committee, the Compensation Committee, and the Audit Committee.

The candidates for Directors are as follows:

No.	Name	Current positions and assignments at the Company
1	Hiroaki Yoshihara	Director, Chairperson of the Audit Committee Member of the Nomination Committee Member of the Compensation Committee Independent
2	Yasuyuki Abe	Director, Chairperson of the Nomination Committee Member of the Compensation Committee Member of the Audit Committee Independent
3	Takayo Hasegawa	Director, Member of the Nomination Committee Member of the Compensation Committee Member of the Audit Committee Independent
4	Mika Nishimura	Director, Member of the Nomination Committee Member of the Compensation Committee Member of the Audit Committee Independent
5	Mototsugu Sato	Director, Chairperson of the Compensation Committee Member of the Nomination Committee Member of the Audit Committee Independent
6	Eiichiro Ikeda	Director, Representative Executive Officer, President & CEO
7	Ryo Hirooka	Director, Representative Executive Officer & CFO

(Note) Mr. Hiroaki Yoshihara, Mr. Yasuyuki Abe, Ms. Takayo Hasegawa, Ms. Mika Nishimura and Mr. Mototsugu Sato are candidates for the posts of Independent Directors. The Company has provided notice to the Tokyo Stock Exchange of Mr. Hiroaki Yoshihara, Mr. Yasuyuki Abe, Ms. Takayo Hasegawa, Ms. Mika Nishimura and Mr. Mototsugu Sato as being Independent Directors appointed by the Company, in accordance with the Tokyo Stock Exchange's rules and regulations.

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held
1	 Hiroaki Yoshihara (Born on Feb. 9, 1957) Candidate for Independent Director [Number of years in office of the Director of the Company] 8 Years [Number of shares of the Company held] 400 Shares [Number of attendances to the board meetings] 10/10 times (100%)	Nov. 1978 Joined Peat Marwick Mitchell & Co. Jul. 1996 National Managing Partner, the Pacific Rim Practice of KPMG LLP Oct. 1997 The Board Member of KPMG LLP Oct. 2003 Vice Chairman and Global Managing Partner of KPMG International (retired in April 2007) Jun. 2018 Director of the Company (present post) (Important positions of other companies concurrently held) Non-Executive Director and Chair Person of the Board of Hitachi Rail Ltd.
	Reason for the Selection of Candidate for Director and Overview of Expected Roles The above candidate has long-term experience as an expert in finance and accounting as well as management experience gained as Global Managing Partner of an international accounting firm. He also has a track record of participating in the M&A of many companies from a professional standpoint. The Company's Nomination Committee has judged that he will contribute to enhancing the supervisory function of the Board of Directors of the Company and at the same time provide plenty of advice in regard to M&A, an important measure in the Company's business strategy, so it has nominated him as a candidate for Director again this year. Nothing in connection with the candidate violates the independence requirements for a Director candidate provided for in the "Basis for Election of Candidates for Directors" set forth by the Nomination Committee of the Company. Message to Shareholders from Candidate Ongoing geopolitical conflicts and tensions are adding complexity to the already uncertain business environment, while rapid advancements in AI and related technologies are creating significant growth opportunities in new sectors. HOYA fully recognizes the complexity of the current situation and is responding swiftly to diverse risks and growth opportunities through its thorough Business Portfolio Management and further improvements and enhancements to business management efficiency and resilience. Additionally, HOYA will aim to continuously update its medium- to long-term growth strategy and maintain stable higher profitability for the Group. With many years of experience in global management and participating in the M&A of many companies, I will strive to support and supervise the execution of duties by the management team from an independent standpoint in order to sustainably enhance both corporate value and social value.	

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held	
2	 Yasuyuki Abe (Born on Apr. 17, 1952) Candidate for Independent Director [Number of years in office of the Director of the Company] 5 Years [Number of shares of the Company held] 400 Shares [Number of attendances to the board meetings] 10/10 times (100%)	Apr. 1977	Joined Sumitomo Corporation
		Jun. 2002	Representative Director and President of Sumisho Electronics Co., Ltd. (present SCSK Corporation)
		Apr. 2005	Representative Director and President of Sumisho Computer Systems Corporation (present SCSK Corporation)
		Jun. 2009	Representative Director, Managing Executive Officer, General Manager, Financial & Logistics Business Unit of Sumitomo Corporation
		Apr. 2010	Representative Director, Managing Executive Officer, General Manager, New Industry Development & Cross-function Business Unit of Sumitomo Corporation
		Apr. 2011	Representative Director, Senior Managing Executive Officer, General Manager, New Industry Development & Cross-function Business Unit, General Manager, Financial Service Division of Sumitomo Corporation
		Apr. 2013	Representative Director, Senior Managing Executive Officer, General Manager, Corporate Planning & Coordination Group of Sumitomo Corporation
		Jun. 2015	Advisor of Sumitomo Corporation (retired in June 2018)
		Jun. 2021	Director of the Company (present post)
		(Important positions of other companies concurrently held) None	
Reason for the Selection of Candidate for Director and Overview of Expected Roles			
The above candidate was primarily engaged in the electric power, machinery, and information fields at Sumitomo Corporation, a general trading company. After stationed twice in the United States, he served as representative director and president of the company's electronics and information related subsidiaries. Subsequently, as a representative director of Sumitomo Corporation, he was engaged in the company's financial, logistics and new business development. The Company's Nomination Committee has judged that he will contribute to the Board of Directors of the Company through his wide-ranging experience at the general trading company, his global mindset cultivated over the years of stay in the United States, his business experience nurtured as a representative director and president, and his experience as an independent director gained at other companies after leaving Sumitomo Corporation, so it has nominated him as a candidate for Independent Director. There were transactions in the fiscal year 2025 between the HOYA Group and Sumitomo Corporation, which the candidate comes from, but the amount involved in the transactions represents less than 0.1% of the consolidated net sales of each party, and nothing in connection with the candidate exists that violates the independence requirements for a Director candidate provided for in the "Basis for Election of Candidates for Directors" set forth by the Nomination Committee of the Company.			
Message to Shareholders from Candidate			
The recent international landscape has been marked by an unprecedented level of unpredictability, resulting from the complex interplay of escalating geopolitical tensions, the restructuring of supply chains, and policy shifts in major countries. In this environment, it has become even more difficult to predict the future, and companies need to be able to respond quickly and flexibly. HOYA has continuously adapted to the diverse changes in the external environment and achieved sustainable growth. Going forward, it will continue to boldly meet unpredictable changes head-on and further enhance its competitiveness by overcoming them. I hope to continue contributing to sustainable growth and the enhancement of the medium- to long-term corporate value of HOYA through both supervision and support activities for the executive team as an Independent Director, based on my many years of global business experience at a trading company and experience in management across multiple industries, including IT, electrical equipment, and automotive.			

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held
3	 Takayo Hasegawa (Born on Oct. 15, 1959) Candidate for Independent Director [Number of years in office of the Director of the Company] 4 Years [Number of shares of the Company held] 400 Shares [Number of attendances to the board meetings] 9/10 times (90%)	Apr. 1984 Joined SHOWA ELECTRIC WIRE AND CABLE CO., LTD. (present SWCC Corporation) Jun. 2005 Deputy Director of Technical Development Center and Manager of Superconducting Project of SHOWA ELECTRIC WIRE AND CABLE CO., LTD. Apr. 2006 Director, Director of Technical Development Center of SWCC SHOWA CABLE SYSTEMS CO., LTD. Apr. 2010 Managing Director, Director of Technical Development Center of SWCC SHOWA CABLE SYSTEMS CO., LTD., and Corporate Officer, General Manager of The Technology Planning Office of SHOWA ELECTRIC WIRE AND CABLE CO., LTD. (present SWCC Corporation) Jun. 2013 Director, General Manager of The Technology Planning Office of SHOWA ELECTRIC WIRE AND CABLE CO., LTD. Jun. 2018 President and Director of SWCC SHOWA HOLDINGS CO., LTD. Apr. 2019 President and Representative Director, Group CEO of SWCC SHOWA HOLDINGS CO., LTD. Apr. 2020 President and Representative Director, Chairperson of the Board of Director, Group CEO of SWCC SHOWA HOLDINGS CO., LTD. Jun. 2022 Director of the Company (present post) Apr. 2024 Representative Director CEO of SWCC Corporation Apr. 2025 Chairperson of the Board, Representative Director of SWCC Corporation (present post) (Important positions of other companies concurrently held) Chairperson of the Board, Representative Director of SWCC Corporation Independent Director of EBARA CORPORATION

Reason for the Selection of Candidate for Director and Overview of Expected Roles

The above candidate was engaged for many years as a researcher in the R&D divisions of the SWCC Group (present the SWCC Group), which was originally established in the electric wire and cable industry and expanded widely into the Energy/Infrastructure, Communications/Industrial Devices, and Electrical Equipment/Components businesses, promoting the technological development of the SWCC Group. Since taking office as the first female President and Representative Director from the R&D divisions in the SWCC Group in 2018, she has implemented rapid reform of governance by dividing the business of SWCC SHOWA HOLDINGS CO., LTD. into segments, helping to ensure stable profitability. The Company's Nomination Committee has judged that she will contribute significantly to the Company's management based on her experience as a manager backed by expertise as an engineer and with regard to initiatives for new business and transformation, so it has nominated her as a candidate for Director. There were transactions in the fiscal year 2025 between the HOYA Group and SWCC, which the candidate comes from, but the amount involved in the transactions represents less than 0.1% of the consolidated net sales of each party, and nothing in connection with the candidate exists that violates the independence requirements for a Director candidate provided for in the "Basis for Election of Candidates for Directors" set forth by the Nomination Committee of the Company.

Message to Shareholders from Candidate

Recent times have seen the growing escalation of geopolitical risks, creating an environment in which we must approach supply chain management with a sense of urgency. Despite the circumstances, HOYA has built a portfolio strategy centered on stable leadership and solid technological capabilities, and has flexibly managed its business operations. Furthermore, by actively engaging with new technologies, the Company maintains its competitive edge in the market and continues to develop its business sustainably. As an Independent Director, I will continue to place importance on transparency and fairness, and to contribute to the enhancement of corporate value by making use of the experience I gained while working concurrently as an engineer and a corporate manager in order for the HOYA Group to continue to develop as a company that can contribute to society.

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held
	 Mika Nishimura (Born on Aug. 14, 1963) Candidate for Independent Director [Number of years in office of the Director of the Company] 4 Years [Number of shares of the Company held] 400 Shares [Number of attendances to the board meetings] 10/10 times (100%)	Jun. 1985 Joined BAIN & COMPANY Aug. 1989 Joined LEK PARTNERSHIP Jan. 1992 Director, Global Marketing of GUIDANT CORPORATION Sep. 1999 Managing Partner of THE BLG GROUP Oct. 2002 Vice President International Sales, Operations and Marketing of EV3 Jan. 2007 Managing Partner of THE BLG GROUP Jan. 2011 Operational Partner of GILDE HEALTHCARE PARTNERS (present post) Apr. 2011 Vice President, Commercial Development of AUXOGYN (present PROGYNY) Nov. 2015 Vice President, Commercialization of NVISION MEDICAL CORPORATION (present BOSTON SCIENTIFIC) Jun. 2022 Director of the Company (present post) (Important positions of other companies concurrently held) Operational Partner of GILDE HEALTHCARE PARTNERS Member of the Board (Independent Director) of NEC Corporation
4	Reason for the Selection of Candidate for Director and Overview of Expected Roles The above candidate has over 30 years of experience in the medical technology sector and was engaged in commercialization strategy on a global scale (50 markets in North America, Europe, the Asia-Pacific region, and Central and South America). Through leadership positions, including Director, Global Marketing, she has been involved in clinical and business strategies and has a proven track record in helping to launch franchises that contribute to stable revenue growth. In addition, her experience as a partner in a life science venture fund has given her a broad global perspective on the latest technologies and companies. Based on her past experience, the Company believes that she will contribute to strengthening the supervisory function, primarily in the life science business, and at the same time provide a great deal of advice on business strategy of the Company, so she has been nominated as a candidate for Director. There were no transactions in the fiscal year 2025 between the HOYA Group and GILDE HEALTHCARE PARTNERS, which the candidate comes from, and nothing exists that violates the independence requirements for a Director candidate provided for in the “Basis for Election of Candidates for Directors” set forth by the Nomination Committee of the Company.	
	Message to Shareholders from Candidate Uncertainty is growing in the business environment due to rising geopolitical tensions, changes in the trade landscape—including tariffs—and other factors. Amid such circumstances, HOYA has maintained its solid business performance and, under disciplined management, continues to invest in medium- to long-term growth opportunities while steadily optimizing its business portfolio from the perspectives of growth potential and capital efficiency. Moreover, while the advancement of AI presents opportunities for creating new value, it also heightens the importance of addressing cyber security and data protection. The Board of Directors continues to develop its monitoring framework to appropriately address these opportunities and risks. As a U.S.-based Independent Director, I will continue to bring a global perspective and help the management team to drive sustainable growth in corporate value through strengthened governance.	

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held	
	 Mototsugu Sato (Born on Oct. 17, 1956) Candidate for Independent Director [Number of years in office of the Director of the Company] 3 Years [Number of shares of the Company held] 0 Shares [Number of attendances to the board meetings] 10/10 times (100%)	Apr. 1979	Joined Matsushita Electric Works Ltd.
		Apr. 2008	Executive Officer of Matsushita Electric Works Ltd.
		Apr. 2011	Senior Executive Officer in charge of accounting of Panasonic Electric Works Co., Ltd.
		Oct. 2013	Executive Officer in charge of Planning of Panasonic Corporation (present Panasonic Holdings Corporation)
		Jun. 2014	Director in charge of Planning of Panasonic Corporation
		Apr. 2015	Managing Director in charge of Planning of Panasonic Corporation
		Apr. 2016	Representative Director and Senior Managing Director in charge of Planning and Human Resources of Panasonic Corporation
		Jun. 2017	Representative Director, Senior Managing Executive Officer, Chief Strategy Officer (CSO), and Chief Human Resources Officer (CHRO) of Panasonic Corporation
		Apr. 2019	Representative Director and Executive Vice President, Director of Corporate Strategy Division of Panasonic Corporation
		Apr. 2022	Representative Director, Executive Vice President of Panasonic Holdings Corporation (retired in June 2025)
			Representative Director, Member of the Board, President and Chief Executive Officer (CEO) of Panasonic Operational Excellence Co., Ltd. (retired in March 2025)
		Jun. 2023	Director of the Company (present post)
		(Important positions of other companies concurrently held) None	

Reason for the Selection of Candidate for Director and Overview of Expected Roles

The above candidate has extensive experience as a manager at Panasonic Holdings Corporation, a company that develops a wide variety of products globally, including home appliances, audio/visual equipment, automotive products, industrial equipment, and information and telecommunications equipment, primarily on diverse staff functions, including administrative divisions, and has contributed to the company's business growth and corporate value enhancement.

The Company's Nomination Committee has judged that he will contribute significantly to the Company's management with regard to important issues such as new business and supervision of the entire Group, based on his experience as a manager backed by his wide range of experience in the global manufacturing industry and extensive knowledge of business administration, so it has nominated him as a candidate for Director. There were transactions in the fiscal year 2025 between the HOYA Group and the Panasonic Group, which the candidate comes from, but the amount involved in the transactions represents less than 0.1% of the consolidated net sales of each party, and nothing in connection with the candidate exists that violates the independence requirements for a Director candidate provided for in the "Basis for Election of Candidates for Directors" set forth by the Nomination Committee of the Company.

Message to Shareholders from Candidate

Rising geopolitical tensions and trends of protectionist economic policies have significantly amplified uncertainty and instability in the global economy and presented difficult challenges for global corporate management. HOYA accurately grasps these changes in the business environment and adopts a flexible and strategic approach under a medium- to long-term business portfolio strategy in order to sustainably realize healthy growth. From my perspective as an Independent Outside Director, I will aim to further increase HOYA's corporate value by providing an objective opinion on issues facing the management team and by striving to strengthen corporate governance and risk management. Going forward, I will continue to contribute to highly transparent management to meet shareholders' expectations.

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held
6	 Eiichiro Ikeda (Born on Mar. 17, 1970) [Number of years in office of the Director of the Company] 4 Years [Number of shares of the Company held] 7,300 Shares [Number of attendances to the board meetings] 10/10 times (100%)	Apr. 1992 Joined the Company Feb. 2010 Co-CEO, Memory Disk Division of the Company Sep. 2010 Head of Optical Lens of the Company Jun. 2013 Executive Officer & Chief Operating Officer (COO) of the Company Jun. 2015 Executive Officer & Chief Operating Officer (COO), Information Technology and Chief Technology Officer (CTO) of the Company Mar. 2020 Executive Officer & Information Technology and Chief Technology Officer (CTO) of the Company Mar. 2022 Representative Executive Officer, President & CEO of the Company Jun. 2022 Chief Representative of Singapore Branch of the Company (present post) Jun. 2022 Director, Representative Executive Officer, President & CEO (present post) (Important positions of other companies concurrently held) None
	Reason for the Selection of Candidate for Director The above candidate has been leading the Group as Representative Executive Officer, President & CEO and Director, and gives appropriate explanations and reports on strategies based on portfolio management at meetings of the Board of Directors. He also supervises the execution of operations by other Executive Officers and adequately fulfills his role as Executive Officer and Director. The Company's Nomination Committee has nominated him as a candidate for Director again this year, taking into consideration his past performance as a Director.	
Message to Shareholders from Candidate HOYA engages in portfolio management to operate multiple businesses in each of the Life Care and Information Technology domains that support, "Vision," "Health," and "Information Society." I recognize that portfolio management of the entire Group, which can realize sustainable corporate growth, is the most important issue in terms of my role as Group CEO. Amid the drastic changes in the business environment due to the recent rapid fluctuations in the global situation, the executive side is required to accurately verify the growth potential, profitability, and risk of each business and to make decisions quickly. As CEO, I will steer the proper course and strive diligently to enhance the corporate value of the HOYA Group in order to live up to the expectations and trust of our shareholders and other stakeholders.		

No.	Name	Brief history, positions and assignments at the Company, and important positions of other companies concurrently held	
7	 Ryo Hirooka (Born on Jan. 14, 1974) [Number of years in office of the Director of the Company] 4 Years [Number of shares of the Company held] 12,800 Shares [Number of attendances to the board meetings] 10/10 times (100%)	Apr. 1996	Joined The Sumitomo Trust and Banking Company, Limited (present Sumitomo Mitsui Trust Bank, Limited)
		Sep. 2002	Joined the Company
		Aug. 2004	Financial Manager of HOYA HOLDINGS N.V. (Netherlands)
		Feb. 2007	Director of HOYA HOLDINGS N.V.
		Jul. 2007	Director of HOYA HOLDINGS N.V., and President of HOYA HOLDINGS (Asia) B.V.
		Jul. 2009	Deputy CFO of Netherlands Branch of the Company
		Jun. 2013	Executive Officer & CFO of the Company
Jun. 2014	Representative Executive Officer & CFO		
Jun. 2022	Director, Representative Executive Officer & CFO (present post)		
		(Important positions of other companies concurrently held) None	
Reason for the Selection of Candidate for Director			
The above candidate has been leading the Group’s financial strategy as Representative Executive Officer & CFO and Director, implementing proactive and flexible measures with a focus on capital efficiency. In addition, he has been explaining and reporting financial matters, including financial results, appropriately at meetings of the Board of Directors and results briefing sessions, and has been fulfilling his role as an Executive Officer and Director. The Company’s Nomination Committee has nominated him as a candidate for Director again this year, taking into consideration his past performance as a Director.			
Message to Shareholders from Candidate			
Through portfolio management of businesses, I will strive to further enhance corporate value by maintaining financial discipline and balancing long-term growth investments with timely returns to shareholders. Amid major changes in global conditions, I am committed to adapt to those changes and addressing the challenges we face in order to continue being a company that is needed by our many stakeholders and shareholders.			

(Notes) 1. Special interests between the candidates and the Company

No candidate has any special interest in the Company.

2. Reasons for the selection of candidates for Independent Director

A company-with-nomination committee, etc. has been adopted as a structure for its Board of Directors. The Company set up three committees, namely the Nomination Committee, Compensation Committee and Audit Committee, with the aim of securing management transparency and fairness and reinforcing supervisory functions. At the same time, the Company established a system that enables speedy and efficient management by Executive Officers by a substantial transfer of authority from the Board of Directors to Executive Officers. Independent Directors must comprise a majority at each of the three committees. The Articles of Incorporation of the Company prescribe that half or more of its Directors must be Independent Directors, for the purpose of ensuring fairness. The reason for the selection of a candidate for Independent Director is described separately for each candidate.

3. Number of years in office of the Director of the Company for candidates

The number of years in office of Independent Director (up to the close of this General Meeting of Shareholders) is described separately for each candidate.

4. Conclusion of limited liability agreements

The Company and each of the five candidates for reappointment as Independent Director have concluded an agreement that limits liabilities for damages in Paragraph (1), Article 423 of the Companies Act to the higher of 10 million yen or the amount provided by Paragraph (1), Article 425 of the Companies Act.

When the reappointment of each person is approved and passed, the above liability limitation agreement will be continued.

5. Conclusion of a directors and officers liability insurance contract

The Company has concluded a directors and officers liability insurance contract between an insurance company, as stipulated in Paragraph (1), Article 430-3 of the Companies Act, and plans to renew the contract under the same terms in the fiscal year 2026. Under this contract, the insured persons are fully or partially compensated for damages (defense costs and compensation or settlement payments) incurred as a result of assuming liability of the duties executed or receiving claim for such damages held accountable. However, this does not cover certain events such as claims for damages for willful violation of laws and regulations. This contract mainly covers individuals executing important duties, including Directors and Executive Officers of the Company, and Directors, etc. of the Company's subsidiaries. The full amount of the insurance premiums is borne by the Company. When a person subject to this insurance, including a Director of the Company, is appointed as a Director or others, they will be an insured person under the insurance contract.

6. Independent Directors

The candidates for Independent Director not only meet the requirements for outside directors stipulated by the Companies Act but also meet the "Basis for Election of Candidates for Directors" that the Nomination Committee of the Company has set out as requirements to ensure the independence of candidates for Independent Director as described below. Therefore, the Nomination Committee has determined that the candidates sufficiently secure independence as Independent Directors.

7. Number of attendances to the board meetings

During the fiscal year 2025, there were instances where written resolutions of the Board of Directors were adopted pursuant to Article 370 of the Companies Act. However, since these did not involve the actual convening of a meeting of the Board of Directors, they have not been included in the aforementioned calculation of attendance at meetings of the Board of Directors.

(Reference 1)

Outline of matters that violate requirements for independence of candidates for Independent Director

<Those who are related to the HOYA Group>

- Those who previously worked for the HOYA Group
- Those who have a family member (spouse, child or relatives by blood or by affinity within the second degree) who has held the position of Director, Executive Officer, Corporate Auditor or top management of the HOYA Group in the past five years

<Major shareholders>

- Those who are major shareholders (10% or more) of the HOYA Group, or those who are directors, executive officers, corporate auditors or employees of companies that are major shareholders of the HOYA Group or those who have a family member who is a top management of such companies
- Those who execute operations of a company of which a major shareholder is the HOYA Group

<Those who are related to big business partners>

- Those who are operating directors, executive officers or employees of any important business partner, either for the HOYA Group or the corporate groups which the candidates come from, the sales to which business partner comprises 2% or more of the consolidated net sales of the HOYA Group or the company groups for either of the past three years, or those who have a family member who is a top management of such business partner

<Those who provide professional services (lawyers, certified public accountants, certified tax accountants, patent attorneys, judicial scriveners, etc.)>

- Those who have received remuneration of 5 million yen or more per year or those who have a family member who has received remuneration of 5 million yen or more per year, from the HOYA Group in the past three years
- When the organization which the candidate belongs to, such as a company and association, has received cash, etc. from the HOYA Group, the amount of which exceeds 100 million yen per year or 2% of consolidated net sales of the said organization, whichever is higher

<Donation, etc.>

- When the association or organization which the candidate belongs to as director or operating officer has received donations or grants in the past three years, the amount of which exceeds 10 million yen per year or 30% of the said organization's average annual total costs, whichever is higher, or when the association or organization which the candidate's family member belongs to has received donations or grants equivalent to the aforementioned amount

<Others>

- When directors are exchanged
- When the candidate has any other important interest in the HOYA Group

(Reference 2)

As a company-with-nomination committee, etc., the Company's Board of Directors plays a role as a monitoring board to maximize the corporate value over the medium- to long-term.

The Board of Directors supervises the management situation of executives and if necessary, need to decide on critical matters such as replacing the CEO.

The Company considers that experience in top management is important for Independent Directors to fulfill their function as a monitoring board, and that diversity in gender and skill sets is necessary to supervise management from various viewpoints, as well as extensive insight and leadership to reflect such diverse viewpoints in management.

Skill items	Definition	Reason for selection	Yoshihara	Abe	Hasegawa	Nishimura	Sato
Corporate Management	Knowledge and experience regarding company management and corresponding corporate governance.	To sustain improvement in business performance and growth, and thereby enhance the corporate value.	●	●	●		●

Business Report Notice of the 88th Ordinary General Meeting of Shareholders (From April 1, 2025 to March 31, 2026)

Matters Relating to the Present State of the HOYA Group

Business Development and Results

Progression and result of businesses

■ General Overview:

As of March 31, 2026, the HOYA Group consisted of the HOYA CORPORATION, 131 consolidated subsidiaries (7 of which are domestic and 124 overseas) and 12 affiliates (3 of which are domestic and the other 9 overseas).

The HOYA Group has adopted a business management structure where the Life Care and Information Technology business segments control subsidiaries around the world based on their respective responsibilities. Regional headquarters in the Americas, Europe and Asia support business operations by strengthening relationships with countries and areas in the respective regions, such as by providing legal support and conducting internal audits.

<Adoption of the International Financial Reporting Standards>

Beginning from the 73rd fiscal year, the HOYA Group prepares its consolidated financial statements and other documents in compliance with the International Financial Reporting Standards (IFRS accounting standards) pursuant to the paragraph (1), Article 120 of the Ordinance on Company Accounting. With respect to reportable segments presented in the overview of operation by business category, the HOYA Group divides its business into three reportable segments, based on IFRS accounting standards. These segments are Life Care, Information Technology, and Other Businesses.

The Life Care segment deals in health care related products such as eyeglass lenses and contact lenses, as well as medical related products such as intraocular lenses and medical endoscopes. The Information Technology segment handles electronics related products such as mask blanks for semiconductors, photomasks for flat-panel displays (FPDs) and glass substrates for hard disk drives (HDDs), and imaging related products such as digital camera lenses. The Other Businesses segment offers mainly speech synthesis software, and the transfer of this business was completed in October 2025.

<Sales and Profit>

The business results of the HOYA Group for the consolidated fiscal year ended March 2026 are shown in the graph on the left. Both the Life Care business and the Information Technology business performed well, resulting in increased revenue. In addition, regarding an intraocular lenses joint venture established in China, a conservatively estimated purchase price for a future equity acquisition was recorded as long-term financial liabilities. However, due to changes in market conditions, the actual acquisition cost fell below the initial estimate, resulting in a one-time gain, leading to a significant increase in profits.

There were no discontinued operations in the consolidated fiscal year ended March 2026 and the preceding consolidated fiscal year. Therefore, all numerical values and percentage changes herein are based on continuing operations.

<Financial Position>

Total assets at March 31, 2026 increased by 66,619 million yen from the end of the preceding consolidated fiscal year to 1,300,897 million yen.

Non-current assets decreased by 14,402 million yen to 340,145 million yen. This is primarily due to an increase of 24,763 million yen in property, plant and equipment-net, and a decrease of 39,828 million yen in long-term financial assets.

Current assets increased by 81,021 million yen to 960,752 million yen. This is primarily due to increases of 7,931 million yen in inventories, 32,468 million yen in trade and other receivables, 40,125 million yen in cash and cash equivalents, and 184 million yen in other short-term financial assets.

Total equity increased by 63,375 million yen to 1,035,004 million yen. This is primarily due to profit for the year of 251,451 million yen despite decreases of 171,970 million yen due to acquisition of treasury shares and 81,966 million yen due to dividends from retained earnings.

Equity attributable to owners of the Company increased by 46,437 million yen to 1,020,460 million yen.

Liabilities increased by 3,244 million yen to 265,893 million yen. This is primarily due to increases of 3,510 million yen in interest-bearing long-term debt, 4,511 million yen in other current liabilities, and 14,115 million yen in income tax payables, despite a decrease of 165 million yen in trade and other payables.

The ratio of equity attributable to owners of the Company to total assets at March 31, 2026 decreased by 0.5 percentage points from the end of the preceding consolidated fiscal year and reached 78.4%, which was 78.9% in the preceding consolidated fiscal year.

The breakdown of changes in retained earnings is presented later in this report in the section for Consolidated Statement of Changes in Equity.

■ Outline of consolidated results by business segment

Health Care related products

Sales of eyeglass lenses increased due to strong sales in Europe for high-value-added products such as progressive lenses and the Meiryō series (coatings).

Sales of contact lenses increased substantially. This was due to strong online sales, as well as new store openings and increased sales of private brand products (hoyaONE).

Medical related products

Sales of medical endoscopes increased due to stable growth in Europe.

Sales of intraocular lenses for cataracts increased, driven by continued sales growth in Japan and Europe.

In other medical-related products, sales increased, driven by strong sales of endoscope washer-disinfectors and other products.

As a result, sales in the Life Care segment increased by 7.2% compared to the preceding consolidated fiscal year to 590,680 million yen. Segment profit increased by 43.3% to 129,531 million yen.

■ Outline of consolidated results by business segment

Electronics related products

Sales of mask blanks for semiconductors increased significantly thanks to high and stable demand for advanced products for EUV (Extreme Ultraviolet), driven by development activities and other factors, as well as an increase in demand for DUV (Deep Ultraviolet), which continued on an upward trend.

Sales of photomasks for FPD increased significantly, driven by the ramp-up of the Chinese factory.

Sales of HDD substrates saw a significant decline for 2.5-inch products, while 3.5-inch products performed well driven by robust demand for near-line storage in data centers, resulting in increased revenue.

Imaging related products

Sales of imaging related products increased substantially. Demand for interchangeable lenses for mirrorless cameras remained stable, while sales of lenses for wearable cameras and polarizing glasses for near-infrared use (CUPO) used in optical communications also grew.

As a result, sales in the Information Technology segment increased by 14.0% compared to the preceding consolidated fiscal year to 354,751 million yen, and segment profit increased by 12.9% to 192,325 million yen.

View of Capital Expenditures

The total capital expenditures of all operations of the HOYA Group amounted to 65,711 million yen during the consolidated fiscal year ended March 2026. This is an increase of 4,793 million yen over the preceding consolidated fiscal year.

In the consolidated fiscal year ended March 2026, investment in the Life Care business amounted to 30,246 million yen and investment in the Information Technology business amounted to 34,195 million yen, which accounted for 46% and 52% of the total capital expenditures by the Group, respectively.

During the consolidated fiscal year ended March 2026, in the Life Care business, the HOYA Group mainly invested in increasing production of eyeglass lenses.

In the Information Technology business, we made investments mainly to increase production of mask blanks for semiconductors.

Category	86th Fiscal Year (Ended March 2024)	87th Fiscal Year (Ended March 2025)	88th Fiscal Year (Ended March 2026)
Capital expenditures (million yen)	56,947	60,918	65,711

Management Issues Requiring Actions

The HOYA Group globally promotes the operation of a number of businesses in “Life Care” and “Information Technology” in order to achieve sustainable growth and maximize its corporate value. While operating a diverse range of businesses, the HOYA Group maximizes its competitiveness by optimally allocating management resources and endeavors to improve results. In addition, the HOYA Group believes that corporate value will increase and stakeholders will be satisfied when profit exceeds the cost of capital. In order to achieve this, we have introduced Shareholders Value Added (SVA) as a management indicator, and we strive for efficient management.

(i) Speedy and flexible response to changes in the market and efficient utilization of management resources

In the manifold business areas of the HOYA Group, we will increase the speed of decision making by broadly delegating authority to business divisions, and devise strategies that are in line with customer needs ahead of the competition. We will allocate management resources of the Group appropriately and will make timely decisions regarding plant and equipment investment, business alliances, mergers and acquisitions, withdrawal from or reduction in business operations, etc.

(ii) Creation of new business and technologies

To secure earnings and continue to grow, the HOYA Group realizes that it is critical to acquire new businesses and technologies through in-house development and M&A in growth areas different from the existing ones. Going forward, we will devote even greater resources to acquiring world-class technologies and businesses that have a significant competitive advantage through in-house development and M&A; and to hiring and training personnel able to support our technologies and businesses.

(iii) Business expansion in growth markets

The population of those in need of eyesight correction continues to grow due to the aging of society globally and declining visual acuity in younger people due to the use of digital devices for long periods of time. The reduction of fatigue and shortening of time for medical treatment are demands by both physicians and patients, and minimally invasive treatment has been spreading at an accelerated pace. In addition, the development of high-performance, power-saving semiconductors and investment in data centers are being driven by the progress of the information society. In this context, the HOYA Group has positioned products that support people’s visual acuity and health, and the progress of the information society as growth areas. We will invest management resources aggressively in these areas to expand our business.

(iv) Response to cyber security

In line with developments in generative AI and other information technologies, as well as the spread of various IT tools, the importance of cyber security initiatives for companies is increasing. At the same time, cyber security threats are constantly evolving. To respond to this environment, at the HOYA Group, we are engaged in continuous efforts to reinforce our cyber security.

(v) Response to geopolitical risks

We continually review and implement measures to address rising costs from changes in tariff policies in various countries, restrictions on sourcing certain raw materials and resources, and the need to optimize production locations.

Response to sustainability (ESG)

At the HOYA Group, we have positioned our response to sustainability and ESG requirements as an important management issue, and the CSO, who has been delegated by the CEO, is leading the promotion of sustainability and ESG activities of the entire Group. Basic policies and important measures are put together by the ESG Promotion Office within the Group Headquarters, and progress is regularly reported to the Board of Directors via the CSO. To ensure the Board of Directors can exercise its supervisory functions for management and maintain an objective standpoint, in the consolidated fiscal year ended March 2026, five of the seven Directors were Independent Outside Directors. In addition to individuals with a global mindset and a wealth of management experience, the Board of Directors are made up of individuals with management experience of important decision making in sustainability and ESG. From multifaceted perspectives, the Board of Directors provides advice and supervision on policies and targets related to sustainability and ESG measures, important matters including budgets, and regular reports.

Since fiscal 2022, we have adopted ESG target^{*1}, which is one of the indicators in Executive Officers' medium- to long-term incentives (Performance Share Unit), showing our company-wide commitment to promoting ESG initiatives. In addition, each business division sets its own climate change response and ESG-related targets specific to each business division, and we are enhancing the effectiveness of our ESG management by newly incorporating such targets into KPIs for remuneration for each president of business divisions.

^{*1} Targets are set based on external evaluations and status of initiatives related to ESG themes such as climate change and human capital.

[Medium- to long-term renewable energy ratio and CO₂ reduction targets]

HOYA joined RE100^{*2} in February 2023, setting targets to use exclusively electricity from renewable energy sources in its business activities and to achieve a 100% reduction in CO₂ emissions compared to fiscal 2021 by 2040. In addition to further promoting the energy-saving activities we have rolled out to date, we will strive to reduce our CO₂ emissions through introducing renewable energy by implementing solar power generation equipment at our production sites, switching to renewable electricity plan, and in other ways.

Solar panels installed at HOYA LAMPHUN LTD. (annual generating capacity: 2,200 MWh; reduction in annual CO₂ emissions: about 1,000 t-CO₂)

For details of our sustainability initiatives, please visit our website (<https://www.hoya.com/en/>).

Changes in the State of Assets, Profits and Losses

Overview of Assets, Profits and Losses of the HOYA Group

Classification		85 th Fiscal Year (Ended March 2023) [IFRS]	86 th Fiscal Year (Ended March 2024) [IFRS]	87 th Fiscal Year (Ended March 2025) [IFRS]	88 th Fiscal Year (Current fiscal year) (Ended March 2026) [IFRS]
Sales	(million yen)	723,582	762,610	866,032	947,749
Profit before tax	(million yen)	215,832	236,564	259,965	327,668
Profit for the year	(million yen)	168,788	182,566	201,750	251,451
Profit attributable to owners of the Company	(million yen)	168,638	181,377	202,101	253,085
Basic earnings per share	(yen)	469.76	515.48	581.45	743.93
Total assets	(million yen)	1,028,326	1,203,623	1,234,278	1,300,897
Total equity	(million yen)	814,604	962,264	971,629	1,035,004
Equity attributable to owners of the Company per share	(yen)	2,311.72	2,760.91	2,841.73	3,041.71

(Notes)

1. Starting from the 73rd fiscal year, the HOYA Group prepares its consolidated financial statements in accordance with the International Financial Reporting Standards pursuant to the paragraph (1), Article 120 of the Ordinance on Company Accounting.
2. The amounts of sales and profit before tax present only the amounts for continuing operations. The amount of profit for the year presents the amount of all operations including discontinued operations.
3. Basic earnings per share is computed, based on the average of the total number of the outstanding shares during the consolidated fiscal year. Equity attributable to owners of the Company per share is computed, based on the total number of shares outstanding as of the end of consolidated fiscal year. The figures for the total number of outstanding shares exclude treasury shares.
4. The overview of the 88th fiscal year (consolidated fiscal year ended March 2026) is presented in the above section of this report titled “Progression and result of businesses.”

Important Subsidiaries

Company name	Capital stock	Voting rights owned by the Company	Main business
HOYA HOLDINGS, INC. (USA)	16,204 thousands of U.S. dollar	100.0%	Regional headquarters in America
HOYA HOLDINGS N.V. (The Netherlands)	9,930 thousands of euro	100.0%	Holding company in Europe, controlling the distribution and sale of eyeglass lenses in Europe
HOYA HOLDINGS (ASIA) B.V. (The Netherlands)	19 thousands of euro	100.0%	Holding company in Asia
HOYA HOLDINGS ASIA PACIFIC PTE LTD (Singapore)	54,326 thousands of U.S. dollar	100.0% (100.0%)	Regional headquarters in Asia and Oceania

(Note) The figure appearing in a bracket in the column entitled “Voting rights owned by the Company” represents indirect ownership.

Major Businesses (as of March 31, 2026)

The HOYA Group has established two business domains in its management principle. They are “Life and Culture” and “Information Technology.” In order to realize a continuous increase in the corporate value in each of the business domains, the Group makes decisions on management resource allocations and monitors their business performance. The major businesses of the HOYA Group can thus be broken down roughly to Life Care business and Information Technology business.

The Life Care segment manufactures and sells health care related products that are used routinely in medical treatment and health maintenance fields, and medical related products that include medical equipment and medical supplies used in medical treatment. Some unique features of this business segment are that approvals and permits are required from relevant authorities in each country and that advanced technological strength and reliable quality control systems are the key requirements.

The Information Technology segment manufactures and sells essential items for digital devices. Included are electronics related products that are indispensable for today’s digital information and communication technology, and imaging related products that use optics technology and are necessary to capture images as digital data.

The major products and services handled by each division are as follows:

Business segment	Business category	Major products and services
Life Care	Health Care related products	Eyeglass lenses, Contact lenses
	Medical related products	Medical endoscopes, medical accessories, Automated endoscope reprocessors (AERs), Intraocular lenses, Ophthalmic medical devices, Artificial bone, Metallic orthopedic implants, chromatography carriers
Information Technology	Electronics related products	Photomasks and Mask blanks for semiconductors, Photomasks for FPD, Glass disk substrates for hard disk drives (HDDs)
	Imaging related products	Optical lenses, Optical glass material, Light source
Other		Speech synthesis software (sold in October 2025)

Current State of the Company

State of Shares (as of March 31, 2026)

- (1) Total number of shares the Company authorized: Common share 1,250,519,400 shares
- (2) Total number of issued shares: Common share 338,414,320 shares
- (Note) The total number of issued shares decreased by 7,444,900 shares compared to the end of the previous fiscal year due to the cancellation of treasury shares implemented on May 14, 2025 and January 9, 2026.
- (3) Number of shareholders: 26,719 (Down 597 YOY)
- (4) Number of shares constituting one unit: 100 shares
- (5) Principal shareholders: (Top 10 shareholders)

Rank	Name	Number of shares	Percentage of investment
		(Hundred shares)	%
1	The Master Trust Bank of Japan, Ltd. (Trust Account)	621,256	18.51
2	Custody Bank of Japan, Ltd. (Trust Account)	230,837	6.88
3	State Street Bank And Trust Company 505001	138,165	4.11
4	Deutsche Bank Trust Company Americas	81,389	2.42
5	State Street Bank And Trust Company 505103	61,449	1.83
6	Government of Norway	54,817	1.63
7	BNYM AS AGT/CLTS 10 PERCENT	54,657	1.62
8	State Street Bank And Trust Company 505025	52,889	1.57
9	BNYM AS AGT/CLTS NON TREATY JASDEC	49,997	1.49
10	JP Morgan Chase Bank 385781	49,272	1.46

(Notes)

- In consideration of the number of voting rights, the numbers of shares are stated in units of one hundred shares and the shares that do not constitute one trading unit are rounded down.
- The percentage of investment is calculated by excluding treasury shares (2,925,524 shares).

- (6) Number of shares granted in this fiscal year to the Directors and Executive Officers of the Company as remuneration for their duty execution

Category	Number of shares granted	Number of Directors and Executive Officers granted with shares
Directors and Executive Officers (excluding Independent Directors)	7,100	3
Independent Directors	1,600	4

(Note)

Information on the Company's share-based remuneration is provided in the "Remuneration, etc. for the Directors and Executive Officers of the Company" section of the Business Report.

- (7) Other important matters regarding shares

A resolution was made at the Board of Directors meeting held on April 30, 2026, on matters pertaining to a share cancellation as follows.

- Total number of shares to be cancelled: 3,576,300 shares
- Date of cancellation: May 15, 2026
- Total number of issued shares after cancellation: 334,838,020 shares

Directors and Executive Officers of the Company

(1) Directors and Executive Officers (as of March 31, 2026)

Name	Position and role at the Company	Important positions of other organization concurrently held
Hiroaki Yoshihara	Director Chairperson of the Audit Committee Member of the Nomination Committee Member of the Compensation Committee	Director, Chairman of the Board of Hitachi Rail, Ltd.
Yasuyuki Abe	Director Chairperson of the Nomination Committee Member of the Compensation Committee Member of the Audit Committee	
Takayo Hasegawa	Director Member of the Nomination Committee Member of the Compensation Committee Member of the Audit Committee	Chairperson and Representative Director, Chairperson of the Board of Directors of SWCC Corporation Independent Director of EBARA CORPORATION
Mika Nishimura	Director Member of the Nomination Committee Member of the Compensation Committee Member of the Audit Committee	Operational Partner of GILDE HEALTHCARE PARTNERS Member of the Board (Independent Director) of NEC Corporation
Mototsugu Sato	Director Chairperson of the Compensation Committee Member of the Nomination Committee Member of the Audit Committee	
Eiichiro Ikeda	Director, Representative Executive Officer, President & CEO	
Ryo Hirooka	Director, Representative Executive Officer & CFO	
Tomoko Nakagawa	Executive Officer, Chief Sustainability Officer (CSO)	

(Notes)

1. Directors Mr. Hiroaki Yoshihara, Mr. Yasuyuki Abe, Ms. Takayo Hasegawa, Ms. Mika Nishimura and Mr. Mototsugu Sato are all Independent Directors as designated in item (15), Article 2 of the Companies Act.
2. Members of the Audit Committee have more than sufficient experience in either finance or accounting having served for several years as company leaders. In particular, Director Mr. Yoshihara has long-term experience as an expert in finance and accounting at an international accounting firm.
3. At the Company, the Audit Committee Office, which supports members of the Audit Committee, was established; under that the Internal Audit Department was established, and staff is assigned to both. Because the Company believes that members of the Audit Committee adequately fulfill their responsibilities by receiving regular reports from the Internal Audit Department, through the Audit Committee Office, putting effort into information gathering, and so forth, we do not have a full-time member of Audit Committee.
4. Ms. Mika Nishimura, Mr. Hiroaki Yoshihara, and Mr. Yasuyuki Abe are members of the HOYA Healthcare Compliance Committee, a voluntary committee, with Ms. Nishimura serving as the Chairperson.
5. Ms. Tomoko Nakagawa's name in the family register is Tomoko Yamashita.

(2) Independent Directors as stipulated at Tokyo Stock Exchange

The Company provided notice on Mr. Hiroaki Yoshihara, Mr. Yasuyuki Abe, Ms. Takayo Hasegawa, Ms. Mika Nishimura and Mr. Mototsugu Sato to the Tokyo Stock Exchange as being independent directors appointed by the Company, in accordance with the Tokyo Stock Exchanges rules and regulations.

(3) Independent Directors

- (i) Important positions and roles concurrently held by the Company's Independent Directors at other organization and their relationship with the Company is shown in "(1) Directors and Executive Officers" above. There is no important business transactions relationship between the Company and each of any other organization.
- (ii) Attendance at Board of Directors Meetings and other Committee Meetings (Number of meetings attended/Number of meetings held)

Name	Board of Directors Meeting	Nomination Committee	Compensation Committee	Audit Committee
Hiroaki Yoshihara	10/10 (100%)	7/7 (100%)	6/6 (100%)	10/10 (100%)
Yasuyuki Abe	10/10 (100%)	7/7 (100%)	6/6 (100%)	10/10 (100%)
Takayo Hasegawa	9/10 (90%)	6/7 (85.7%)	5/6 (83.3%)	9/10 (90%)
Mika Nishimura	10/10 (100%)	7/7 (100%)	6/6 (100%)	10/10 (100%)
Mototsugu Sato	10/10 (100%)	7/7 (100%)	6/6 (100%)	10/10 (100%)

(Notes) During fiscal 2025, certain matters were resolved by written resolution of the Board of Directors pursuant to Article 370 of the Companies Act. As these resolutions did not involve the actual convening of a Board meeting, they have not been included in the calculation of Board attendance figures shown above.

(iii) Major activities at the Board of Directors Meetings and other Committee Meetings during the Fiscal Year

Name	Overview of major activities and duties carried out by Independent Directors in relation to the role expected of them
Hiroaki Yoshihara	Mr. Yoshihara made useful contributions to the discussion of items on the agenda, based on his substantial knowledge and experience as a finance and accounting expert as well as management experience gained at an international accounting firm. As an Independent Director, he made remarks from an objective and impartial position as the occasion required, and fulfilled his role in terms of management supervision. In particular, he provided considerable advice with regard to evaluating M&A targets and assessing market conditions from a global perspective, and proactively voiced his opinions concerning the Company's portfolio in the future. Furthermore, as the Chairperson of the Audit Committee, he led discussions of propositions to make Committee decisions concerning the verification of financial statements, the monitoring of internal control systems, and audits of operations and assets. Additionally, he led discussions as the Lead Independent Outside Director at meetings attended only by Independent Directors (executive sessions) and advised Representative Executive Officers based on the outcomes of those sessions.
Yasuyuki Abe	Mr. Abe made useful contributions to the discussion of items on the agenda, utilizing his experience at a trading company and knowledge accumulated as a manager, as well as his experience as an Independent Director at other companies. As an Independent Director, he made remarks from an objective and impartial position as the occasion required, and fulfilled his role in terms of management supervision. Furthermore, as the Chairperson of the Nomination Committee, in addition to leading discussions of propositions concerning the selection of Director candidates and the succession plan of Independent Directors and Executive Officers, he actively stated his opinions at the Nomination Committee and the Audit Committee, contributing to the lively deliberations.
Takayo Hasegawa	Ms. Hasegawa made useful contributions to the discussion of items on the agenda, based on her substantial management experience and expertise. In particular, she uses her viewpoint as an active manager with an engineering background to make remarks on all aspects of management, including the areas of manufacturing and technological development, from an objective and impartial position as an Independent Director, and fulfilled her role in terms of management supervision. Furthermore, she actively stated her opinions at the Nomination Committee, the Compensation Committee, and the Audit Committee, contributing to the lively deliberations at the committees.
Mika Nishimura	Ms. Nishimura made useful contributions to the discussion of items on the agenda, based on her substantial knowledge and experience as an expert in M&A and medical fields. In particular, based on her global knowledge in the medical field, she made active remarks on compliance in the medical technology field, led deliberations within the HOYA Healthcare Compliance Committee, and fulfilled her role in terms of management supervision. Furthermore, she actively stated her opinions at the Nomination Committee, the Compensation Committee, and the Audit Committee, contributing to the lively deliberations at the committees.
Mototsugu Sato	Mr. Sato made useful contributions to the discussion of items on the agenda, based on his substantial management experience and expertise gained at a comprehensive electronics manufacturer offering diverse products on a global scale. In particular, he used his extensive experience as a manager in diverse staff functions, including administrative divisions, to make appropriate remarks as required from objective and impartial position as an Independent Director, thus fulfilling his role in terms of management supervision. Further, as Chairperson of the Compensation Committee, he led discussions of propositions to make Committee decisions concerning the level of remuneration for Directors and Executive Officers, and the composition of Executive Officer remuneration, as well as the targets to link with their incentives.

(iv) Overview of liability limitation contract

The Company and its Independent Directors have concluded an agreement that limits possible future liabilities of the latter prescribed in paragraph (1), Article 423 of the Companies Act to the higher of 10 million yen or the amount prescribed by the paragraph (1) of Article 425 of the Act.

(v) Overview of the directors and officers liability insurance contract

The Company has concluded a directors and officers liability insurance contract with an insurance company, as stipulated in paragraph (1), Article 430-3 of the Companies Act. Under this contract, the insured persons are fully or partially compensated for damages (defense costs and compensation or settlement payments) incurred while taking responsibility or being held accountable for the execution of their duties. However, it does not cover damages incurred for certain reasons, such as damage claims resulting from intentional violations of laws and regulations.

This contract mainly covers individuals executing important duties, including Directors and Executive Officers of the Company, and Directors, etc. of the Company's subsidiaries.

Remuneration, etc. for the Directors and Executive Officers of the Company

(1) Policy of the Compensation Committee for determining the amount of remuneration and other benefits received by Directors and Executive Officers and details of the policy

(i) Basic policy and determination method

The Company has established the Compensation Committee with the objective of “contributing to improvement of results of the Company by constructing a remuneration system that raises motivation among Directors and Executive Officers and by appraising their performance appropriately.” The Compensation Committee is made up of all of 5 Directors who are not Executive Officers of the Company. With due consideration of necessary information (including the levels set by other companies as determined by a survey conducted by an outside professional organization), the Compensation Committee discusses and finalizes policies for the remuneration of Directors and Executive Officers, and the particulars of remuneration received by Directors and Executive Officers.

(ii) Policy concerning remuneration for Directors

The remuneration of Directors consists of a fixed salary and a medium- and long-term incentive (restricted stock unit (“RSU”). The fixed salaries consist of a basic compensation and compensation for being a member or a chairperson of the Nomination, Compensation or Audit Committee. The compensation levels are set appropriately by taking into consideration such factors as the Company’s business environment, the levels set by other companies as determined by a survey conducted by an outside professional organization, and the office and responsibility of each Director.

The RSU is a plan which the Company has introduced in place of stock options since fiscal 2022 and which delivers shares prescribed in accordance with the period employed as an Independent Director of the Company. Its purpose is for Directors to share a common viewpoint with shareholders regarding the share price and to share interests with shareholders on a medium- to long-term basis.

The Compensation Committee reviewed the compensation levels and composition again this fiscal year based on the basic policy, the Company’s business environment, and the levels set by other companies as determined by a survey conducted by an outside professional organization. Upon confirming that the composition aligns with the policies of the Company and that the levels are appropriate for each office and responsibility, the compensation of each Director was determined and the compensation for each individual this fiscal year has been deemed to align with the policies of the Company.

The RSU will be granted annually in order for Directors to share a common viewpoint with shareholders regarding the share price and to share interests with shareholders on a medium- to long-term basis. Every year, the Company announces a basic deliverable number of shares equivalent to fixed remuneration to Independent Directors for a three-year period from that year. After the end of the period in question, the Company determines, for each Independent Director, a basic compensation amount which is the market value of the Company’s shares for the basic deliverable number of shares. The Company will pay to the Independent Directors 50% of the basic compensation amount as claims for monetary remuneration. Independent Directors shall invest the monetary claims in kind and shall be granted a number of Company shares, which is equal to the amount of monetary claims in question divided by paid-in amount per Company share. From the viewpoint of ensuring payment of tax, the Company shall pay the remainder of the basic compensation amount in cash. However, for Independent Directors who are non-residents of Japan and cannot receive shares through the system provided by the share-based remuneration management platform provider, heirs of Independent Directors who resign due to death, and Independent Directors who resign due to unavoidable circumstances such as illness or injury, the entire basic compensation amount will be paid in cash. Also, the Company plans to issue RSU for periods of three years starting from the following fiscal year, and continuing thereafter.

[Future composition ratio of remuneration]

Fixed salary: medium- and long-term incentive (RSU) = Approximately 1:1

(Notes) 1. Assuming a share price in three years roughly equivalent to the share price when the RSU was granted.

2. Malus and clawback clause: If the case falls under any of the following items, the Company shall reduce or not provide the unpaid portion of compensation based on the RSU, and may demand return of all or part of the portion that has already been paid.

(i) Case where the recipient voluntarily retired from office regardless of his or her reason, (ii) case where the recipient was dismissed as Director of the Company, (iii) a subsequent correction to financial statements due to a material accounting error or fraud was resolved at the Board of Directors meeting, and (iv) the recipient's gross negligence of duty, or misconduct such as violation of law, violation of internal regulations or material breach of contracts during his or her service was revealed.

(iii) Policy concerning remuneration for Executive Officers

The remuneration of Executive Officers consists of a fixed salary, an annual incentive (performance-based bonuses) and a medium- and long-term incentive (performance share unit, "PSU," and restricted stock unit, "RSU"). For fixed salaries, basic compensation according to the office and responsibility of each Executive Officer (Representative Executive Officer, CFO, etc.) and, in case of expatriates, benefit as expatriate (such as temporary return expenses) are set appropriately by taking into consideration such factors as the offices and responsibilities, the Company's business environment, and the levels set by other companies as determined by a survey conducted by an outside professional organization. Since 2003, the Company has abolished retirement benefits for executive officers, but in exceptional cases, severance pay may be paid as a condition at the time of retirement, as determined by the Compensation Committee. The amount of severance pay and other details will be determined on a holistic basis by the Compensation Committee on a case-by-case basis, taking into consideration the position, reason for leaving the position, and other factors.

Performance-based bonuses shall be determined according to quantitative results and qualitative evaluations, and shall range roughly from 0 to 200%. As indicators of quantitative results, sales, profit attributable to owners of the Company, and basic earnings per share (EPS) given on the Consolidated Financial Statements are selected.

PSU, which has been adopted in place of stock options from fiscal 2019, is a system for granting shares at a number that is in proportion to the level of achievement of the predetermined performance conditions. The payment ratio that corresponds to the level of achievement of the performance targets will range from 0 to 200%, based on the performance over three fiscal-year periods. As indicators of performance over three fiscal-year periods, The Company selected sales, basic earnings per share (EPS), ROE, and ESG indicators, given on the Consolidated Financial Statements.

RSUs, which have been adopted in fiscal 2025 for Executive Officers, is a system aimed at boosting awareness of and commitment to increasing the Group's corporate value over the medium to long term, and at attracting top talent by offering a level and structure of remuneration that is competitive with leading global firms in Japan and overseas, and grants a set number of shares to Executive Officers upon retirement from their position, with the number determined by their length of service as an Executive Officer. Every year, the Company announces a basic deliverable number of shares (CEO: a basic compensation $\times$ 0.25 $\div$ a base share price; other Executive Officers: a basic compensation $\times$ 0.15 $\div$ a base share price) to Executive Officers for a one-year term starting from that year. The base share price is set as the closing price of the Company's shares on the Tokyo Stock Exchange on the business day before the resolution date of the Compensation Committee that determines the basic deliverable number of shares to each Executive Officer. (If there is no trading on that day, the closing price from the most recent prior trading day is used.) After the end of the period in question, the confirmed basic deliverable number of shares is managed within this system during each Executive Officer's term. The Company determines a basic compensation amount which is the market value of the Company's shares of the accumulated basic deliverable number of shares upon retirement. The Company will pay to the Executive Officers 50% of the basic compensation amount as claims for monetary remuneration. Executive Officers shall invest the monetary claims in kind and shall be granted a number of Company shares, which is equal to the amount of monetary claims in question divided by paid-in amount per Company share. From the viewpoint of ensuring payment of tax, the Company shall pay the remainder of the basic compensation amount in cash. Under this system, the payment per share for company stock allocated to Executive Officers is set at the closing price of the Company's shares on the Tokyo Stock Exchange on the business day before the Board resolution regarding the relevant new share issuance or disposal of treasury shares. This Board meeting is held after the Annual General Meeting of Shareholders that takes place at least one year after the rights are granted. (If there is no trading on that day, the closing price from the most recent prior trading day is used.)

However, for Executive Officers who are non-residents of Japan and cannot receive shares through the system provided by the share-based remuneration management platform provider, heirs of Executive Officers who resign due to death, and Executive Officers who resign due to unavoidable circumstances such as illness or injury, the entire basic compensation amount will be paid in cash.

Details of performance-based remuneration for Executive Officers are given in “Outline of performance-based remuneration (annual incentive and medium- and long-term incentive) for Executive Officers” below.

The Compensation Committee reviewed the compensation levels and composition again this fiscal year based on the basic policy, the Company’s business environment, and the levels set by other companies as determined by a survey conducted by an outside professional organization. Upon confirming that the composition aligns with the policies of the Company and that the levels are appropriate for each office and responsibility, the compensation of each Executive Officer was determined and the compensation for each individual this fiscal year has been deemed to align with the policies of the Company.

[Composition ratio of remuneration in the current fiscal year]

CEO	Fixed salary: annual incentive (performance-based bonuses): medium- and long-term incentive (PSU): medium- and long-term incentive (RSU) = Approximately 1:1:1.25:0.25
Executive Officers excluding CEO	Fixed salary: annual incentive (performance-based bonuses): medium- and long-term incentive (PSU): medium- and long-term incentive (RSU) = Approximately 1:1:1:0.15

- (Notes) 1. Subject to a 100% achievement rate for all targets and assuming a share price when the shares are granted roughly equivalent to the share price when the PSU or RSU was granted.
2. Malus and clawback clause: If the case falls under any of the following items, the Company shall reduce or not provide the unpaid portion of compensation based on the PSU and RSU, and may demand to return of all or part of the portion that has already been paid.
- (i) Case where the recipient voluntarily retired from office regardless of his or her reason, (ii) case where the recipient was dismissed as Executive Officer of the Company, (iii) a subsequent correction to financial statements due to a material accounting error or fraud was resolved at the Board of Directors meeting, and (iv) the recipient’s gross negligence of duty, or misconduct such as violation of law, violation of internal regulations or material breach of contracts during his or her service was revealed.

[Composition ratio of remuneration from fiscal 2026]

CEO	Fixed salary: annual incentive (performance-based bonuses): medium- and long-term incentive (PSU): medium- and long-term incentive (RSU) = Approximately 1:1.15:1.25:0.5
Executive Officers excluding CEO	Fixed salary: annual incentive (performance-based bonuses): medium- and long-term incentive (PSU): medium- and long-term incentive (RSU) = Approximately 1:1.15:1:0.3

- (Notes) 1. Subject to a 100% achievement rate for all targets and assuming a share price when the shares are granted roughly equivalent to the share price when the PSU or RSU was granted.
2. Malus and clawback clause: If the case falls under any of the following items, the Company shall reduce or not provide the unpaid portion of compensation based on the PSU and RSU, and may demand to return of all or part of the portion that has already been paid.
- (i) Case where the recipient voluntarily retired from office regardless of his or her reason, (ii) case where the recipient was dismissed as Executive Officer of the Company, (iii) a subsequent correction to financial statements due to a material accounting error or fraud was resolved at the Board of Directors meeting, and (iv) the recipient’s gross negligence of duty, or misconduct such as violation of law, violation of internal regulations or material breach of contracts during his or her service was revealed.

[Outline of performance-based remuneration (annual incentive and medium- and long-term incentive) for Executive Officers in the current fiscal year]

a. Annual incentive (performance-based bonuses)

Annual incentive (performance-based bonuses) shall be paid based on the following calculation.

Amount of annual incentive (performance-based bonuses) = base amount (according to the office of each officer) x performance-linked coefficient (linked to quantitative targets)* x 80% + base amount (according to the office of each officer) x performance-linked coefficient (linked to qualitative targets)* x 20%

* Performance-linked coefficient shall range from roughly 0 to 200%.

[Performance-linked coefficient (performance-based bonuses)]

Indicators	Target (consolidated)	Actual (consolidated)	Reason for selection
Sales (Billions of yen)	905.1	947.7	Selected as an indicator for its measurement of the Group's degree of growth in domestic and overseas markets.
Profit attributable to owners of the Company (Billions of yen)	203.1	253.1	Selected as an indicator for its measurement of whether the Group's growth is accompanied by solid profits.
Basic earnings per share (Yen)	592.43	743.93	Selected as an indicator for its measurement of the Company's degree of growth from a shareholder's perspective.

(Notes)

1. The qualitative assessment method relevant to an annual incentive (performance-based bonuses) involves assessments of items such as the degree of achievement of budget targets in the division under management, the results of which are deliberated on in the Compensation Committee before a decision is made.
2. The target values in the table above are set taking into consideration such as the Company's business environment, and as such may differ from performance forecasts.

b. Medium- and long-term incentive (PSU)

Every year, the Company announces basic deliverable numbers of shares according to the office and responsibility of each Executive Officer and medium- to long-term performance targets for a three-year period from that year. After the end of the period in question, the Company determines, for each Executive Officer, a basic compensation amount which is the market value of the Company's shares for the basic deliverable number of shares multiplied by a coefficient representing the degree of achievement of medium- to long-term performance targets. The Company shall pay the Executive Officer 50% of the basic compensation amount as claims for monetary remuneration. Executive Officers shall invest the monetary claims in kind and shall be granted a number of Company shares, which is equal to the amount of monetary claim in question divided by paid-in amount per Company share. From the viewpoint of ensuring payment of tax, the Company shall pay the remainder of the basic compensation amount in cash.

However, for Executive Officers who are non-residents of Japan and cannot receive shares through the system provided by the share-based remuneration management platform provider, heirs of Executive Officers who resign due to death, and Executive Officers who resign due to unavoidable circumstances such as illness or injury, the entire basic compensation amount will be paid in cash.

Also, the Company plans to issue PSU for periods of three fiscal years starting from the following fiscal year, and continuing thereafter. Below is a table illustrating this system.

2023	2024	2025	2026	2027	2028	2029
PSU			Granting of shares, etc.			
	PSU			Granting of shares, etc.		
		PSU			Granting of shares, etc.	
			PSU			Granting of shares, etc.

[Performance-linked coefficient (PSU)]

Fiscal 2023 allocation (target period: fiscal year ended March 2024 to fiscal year ended March 2026)

Indicators	Target (consolidated)	Actual (consolidated)	Reason for selection
Sales (Billions of yen)	800.0	858.8	Selected as an indicator for its measurement of the Group's degree of growth in domestic and overseas markets.
Basic earnings per share (Yen)	560	614	Selected as an indicator for its measurement of the Company's degree of growth from a shareholder's perspective.
ROE	20.0%	22.2%	Measures whether earnings have been efficiently obtained as compared with the amount of shareholder investment
ESG indicators	Evaluation by external organization and status of initiatives for the key ESG themes	Note	Selected as indicators to measure the initiatives relating to sustainability from an ESG standpoint

(Note) We use two main indicators to measure our sustainability initiatives: "evaluations by external rating agencies" and "status of initiatives for the key ESG themes."

For evaluations by external rating agencies, we have selected assessments from the following three organizations as benchmarks.

[Evaluation scores (listed in order of highest rating by each company)]

Sustainalytics ("S"): Five rating levels (Negligible / Low / Medium / High / Severe)

CDP (Climate Change Score): Eight rating levels (A, A-, B, B-, C, C-, D, D-)

DJSI: Four rating levels (four levels set according to Global ESG Score)

Based on our 2022 ratings — S: Low, CDP: C, and DJSI: 26 points — we set targets as S: Negligible, CDP: B, and DJSI: 73-79 points. In fiscal 2025, our results were S: Low, CDP: B, and DJSI: 42 points.

As part of our efforts to address key ESG themes, we have chosen the "ratio of female managers (Japan)" and "engagement score" as a focus area. With the "ratio of female managers (Japan)" standing at 14.8% and the "engagement score" at 72 points in fiscal 2022, we set targets of 18% for the "ratio of female managers (Japan)" and 77 points for the "engagement score." In fiscal 2025, the "ratio of female managers (Japan)" reached 17.4%, and the "engagement score" (using the fiscal 2024 survey score, the most recent available) was 74 points.

Fiscal 2024 allocation (target period: fiscal year ended March 2025 to fiscal year ending March 2027)

Indicators	Target (consolidated)	Actual (consolidated)	Reason for selection
Sales (Billions of yen)	830.0	-	Selected as an indicator for its measurement of the Group's degree of growth in domestic and overseas markets.
Basic earnings per share (Yen)	570	-	Selected as an indicator for its measurement of the Company's degree of growth from a shareholder's perspective.
ROE	20.0%	-	Measures whether earnings have been efficiently obtained as compared with the amount of shareholder investment
ESG indicators	Status of initiatives for the key ESG themes	-	Development of IT governance (50%), promoting diversity in management (30%), expansion of learning opportunities for employees (20%) were selected as individual indicators

(Note) Figures in parentheses represent weights within ESG targets.

Fiscal 2025 allocation (target period: fiscal year ended March 2026 to fiscal year ending March 2028)

Indicators	Target (consolidated)	Actual (consolidated)	Reason for selection
Sales (Billions of yen)	980.0	-	Selected as an indicator for its measurement of the Group's degree of growth in domestic and overseas markets.
Basic earnings per share (Yen)	670	-	Selected as an indicator for its measurement of the Company's degree of growth from a shareholder's perspective.
ROE	20.0%	-	Measures whether earnings have been efficiently obtained as compared with the amount of shareholder investment
ESG indicators	Status of initiatives for the key ESG themes	-	External evaluations (50%), improvement of renewable energy ratio (50%) were selected as individual indicators

(Note 1) The evaluations from two companies (CDP and DJSI) are used.

(Note 2) Figures in parentheses represent weights within ESG targets.

(2) Total amount of remuneration, etc. of Directors and Executive Officers for the fiscal year

Classification		Number of payees	Total amount of remuneration, etc.	Total amount of remuneration by type				
				Fixed salary	Performance-based bonuses	Stock options	PSU	RSU
Directors	Independent	5 persons	198 million yen	78 million yen	-	4 million yen	-	116 million yen
	Internal	2 persons	10 million yen	10 million yen	-	-	-	-
	Total	7 persons	208 million yen	88 million yen	-	4 million yen	-	116 million yen
Executive Officers		3 persons	1,083 million yen	246 million yen	343 million yen	-	474 million yen	20 million yen
Total		10 persons	1,291 million yen	334 million yen	343 million yen	4 million yen	474 million yen	136 million yen

(Notes)

- At the end of the fiscal year, there were seven Directors (five Independent Directors and two Internal Directors) and three Executive Officers (two of which were concurrently serving as Directors).
- For the stock options, fair values of stock acquisition rights were calculated and the table above shows amounts to be recorded as expenses for the fiscal year. In place of stock options, the PSU has been introduced for Executive Officers since fiscal 2019, and the RSU has been introduced for Executive Officers since fiscal 2025, and the RSU for Independent Directors since fiscal 2022. Note that although no stock options were newly granted to Directors and Executive Officers in the fiscal year, a portion of stock options granted in previous years has been recorded as an expense in the fiscal year.
- For PSU and RSU, the table above shows amounts to be recorded as expenses for the fiscal year.

(3) Amount of consolidated remuneration for each Director and Executive Officer (CEO)

The remuneration of the Chief Executive Officer (CEO) for the 88th fiscal year is as follows.

Name	Executive classification	Total amount	Fixed salary	Performance-based bonuses	Stock options	PSU	RSU
Eiichiro Ikeda, Representative Executive Officer, President & CEO	Director	5 million yen	5 million yen	-	-	-	-
	Representative Executive Officer	562 million yen	124 million yen	172 million yen	-	254 million yen	12 million yen

Executive Officers other than the above whose consolidated remuneration totaled 100 million yen or more during the consolidated fiscal year are as follows.

Name	Executive classification	Total amount	Fixed salary	Performance-based bonuses	Stock options	PSU	RSU
Ryo Hirooka, Representative Executive Officer & CFO	Director	5 million yen	5 million yen	-	-	-	-
	Representative Executive Officer	299 million yen	71 million yen	97 million yen	-	126 million yen	5 million yen
Tomoko Nakagawa, Executive Officer, Chief Sustainability Officer (CSO)	Executive Officer	222 million yen	51 million yen	74 million yen	-	94 million yen	3 million yen

[Note]

Yen amounts shown were obtained by rounding fractions to the closest stated units. Percentage figures shown were also obtained by rounding fractions to the lowest place shown. Numbers of shares shown were obtained by rounding down fractions less than the stated units.

Corporate Governance

The Company promotes management with the aim of maximizing its corporate value based on the recognition that corporate governance is a matter of utmost importance for management.

As the basis of taking a fair approach to stakeholders, we adopted a “company with Nomination Committees, etc.” structure simultaneously with the revision of the Companies Act in 2003, which enables us to better distinguish the execution and supervision of management to prevent management from being conducted based solely on in-house logic. We have also set forth in the Articles of Incorporation that the majority of Directors consist of Independent Directors, who actively supervise management by Executive Officers and provide advice in order to improve corporate value from an objective and broad perspective.

The Company also gives Executive Officers the authority and responsibility for the execution of operations, in order to accelerate decision making and improve management efficiency.

Corporate Governance Structure (As of March 31, 2026)

The Company established HOYA Corporate Governance Guidelines at the meeting of the Board of Directors, and intends to enhance corporate governance structure and to introduce better governance systems by revising the guidelines.

Please see the HOYA Corporate Governance Guidelines at

https://www.hoya.com/wp-content/uploads/2022/04/Governance_Guideline_E_en.pdf

Board of Directors

The Company’s Board of Directors, in which Independent Directors comprise the majority of Board members, convene regular Board meetings 10 times a year as a general rule.

Each meeting of the Board of Directors involves lively discussions and deliberations in a solemn atmosphere, with globally-minded Independent Directors with a wealth of management experience supervising the execution of operations by Executive Officers and providing them with inquiries and advice from various angles. The Board of Directors also works to obtain information as necessary on trends in legal changes and corporate governance by holding lectures by outside experts and through other means. In fiscal 2025, the Board of Directors was comprised of 5 Independent Directors and 2 Internal Directors, with two of the Independent Directors being females. Board of Directors meetings were convened 10 times, with one director attending 90% of them and the remaining directors attending 100% of them. During the fiscal year under review, certain matters were resolved by written resolution of the Board of Directors pursuant to Article 370 of the Companies Act. As these resolutions did not involve the actual convening of a Board meeting, they have not been included in the calculation of Board attendance figures shown above. Based on the Board of Director Regulations, the Board of Directors addresses statutory matters, approves quarterly budgets, approves quarterly earnings reports, deliberates on M&A, deliberates on the executive organization, and approves Group policies related to sustainability and compliance, and receives reports on the current status and medium- to long-term plans of each business division. Once a year, a questionnaire-based self-evaluation is conducted on the operation and effectiveness of the Board of Directors and the committees. The Board of Directors then reviews and analyzes the results. In the fiscal year under review, we conducted a third-party evaluation through a questionnaire survey in February 2026. The evaluation results for fiscal 2025 are as follows. “The Board of Directors has been evaluated as fulfilling its role with an appropriate size and composition of members. The operation of the Board of Directors has been evaluated as appropriate, with early distribution of materials. While there is room for consideration regarding the frequency of meetings, and it has been evaluated that high-quality discussions on medium- to long-term strategy are taking place. Moreover, the Nomination Committee, Compensation Committee, Audit Committee, and HOYA Healthcare Compliance Committee were also highly commended for thorough discussions based on an appropriate size and composition of members.

In terms of the matters raised as the major issues in the evaluation of the effectiveness of the Board of Directors in the fiscal year ended March 31, 2025 ((1) Further discussions on important management issues; (2) Enhancement of discussions on the CEO succession plan; and (3) Enhancement of discussions on risks related to sustainability issues), it has been evaluated that these topics have since been generally discussed in sufficient depth. For (1), in particular, the Board of Directors is seen to be engaging in deeper discussion of medium- to long-term strategy, including changes to the business portfolio, supported by timely and appropriate status reports from management. It is recognized that these discussions need to continue with regard to the Group’s organizational structure and investment and risk management from a medium- to long-term perspective.” Looking ahead, to deepen these discussions, we will continue to examine, improve, and further strengthen effectiveness in light of ongoing improvements to the operation of the Board of

Directors, deepening of communication among Independent Directors and between Independent Directors and Executives, and discussions on each succession plan in the Nomination Committee, as well as the operation of the Board of Directors.

Executive Officers

Having the structure of a “company with Nomination Committees, etc.,” the authority of the HOYA Board of Directors is entrusted to Executive Officers, enabling swift execution of business. Three persons – namely, the Chief Executive Officer (CEO), Chief Financial Officer (CFO), and Chief Sustainability Officer (CSO) have been nominated by the Nomination Committee as candidates for Executive Officers and elected at the Board of Directors meetings. Each of them oversees the execution of operations in their respective jurisdictions determined by the Board of Directors, and carries out decision-making in a speedy fashion. The Executive Officers instruct the Group Headquarters and the person responsible for the business divisions to establish and carry out specific measures based on the management policy determined by the Board of Directors. Budgetary Business Division Meetings are held every quarter in each business division, with attendance by all Executive Officers. At these meetings, each division’s progress is checked vis-a-vis the annual plan and deliberations are held on plans for the coming quarter. Business operations in each business division are largely delegated to the person responsible for the business division, who carries out the action plan approved at the Budgetary Meeting. In addition to CEO and CFO, CSO also attends each meeting of the Board of Directors.

Committees

The Board of Directors has internal organizations, namely, “Nomination Committee,” “Compensation Committee” and “Audit Committee,” each of which consists of Independent Directors.

Nomination Committee

The Nomination Committee, on which all Independent Directors (5 Directors as of the end of fiscal 2025) hold a seat, fairly and rigorously selects candidates for Directors (ensuring said candidates possess knowledge, expertise, and capabilities suited to HOYA’s business environment), based on the “Basis for Election of Candidates for Directors,” and proposes the candidates to the General Meeting of Shareholders for voting. The Committee also fairly and rigorously selects candidates (with knowledge, expertise, and capabilities suited to HOYA’s business environment) for Executive Officers and the Representative Executive Officer, based on the “Standard for Election of Candidates for Executive Officer,” and proposes the candidates to the Board of Directors for voting. In cases that meet the criteria for dismissal, the Committee makes decisions to propose the dismissal of Directors to the General Meeting of Shareholders and the dismissal of Executive Officers to the Board of Directors for voting. The Committee sets out the criteria for independence of candidates for Directors, which is stricter than the rules by Tokyo Stock Exchange so that a function of overseeing Executive Officers required to Independent Directors is secured. The requirements for the independence of candidates for Independent Directors are described on the page 13 of the Reference Material. Nomination Committee meetings were convened 7 times in fiscal 2025, with one director attending 85.7% of them and the remaining directors attending 100% of them. During the fiscal year under review, discussions were conducted, in particular, on the succession plan of Independent Directors and Executive Officers.

Compensation Committee

The Compensation Committee, on which all Independent Directors (5 Directors as of the end of fiscal 2025) hold a seat, builds a remuneration structure that gives more incentives to Directors and Executive Officers and assesses their work in an appropriate manner, with the aim to help improve the Company’s business performance. The Compensation Committee determines the remuneration of Directors and Executive Officers on an individual basis. The policy of Compensation Committee is shown on the pages 29-35 Compensation Committee meetings were convened 6 times in fiscal 2025, with one director attending 83.3% of them and the remaining directors attending 100% of them. During the fiscal year under review, deliberations were conducted in depth, in particular, on the level of remuneration for Directors and Executive Officers, and the composition of Executive Officer remuneration, as well as the targets to link with their incentives.

Audit Committee

The Audit Committee, on which all Independent Directors (5 Directors as of the end of fiscal 2025) hold a seat, formulates the audit policies and audit plans for each fiscal year, and verifies financial statements, etc. based on the quarterly reports and year-end reports received from the Accounting Auditor according to such policies and plans. It also interviews the Internal Audit Department to obtain the results of operational audits, and verifies the soundness, legality, efficiency, etc. of management. All important matters are reported to the Board of Directors, and countermeasures are taken as necessary. Audit Committee meetings were convened 10 times in fiscal 2025, with one director attending 90% of them and the remaining directors attending 100% of them. Deliberations during the fiscal year under review focused on reports from the Accounting Auditor and Internal Audit Department, while providing advice and suggestions to the executive team with regard to the issues that came to light.

In addition to the three committees mentioned above, the Company has established the HOYA Healthcare Compliance Committee as a voluntary committee, comprising three Independent Directors, to receive reports on and monitors compliance related to medical devices.

Consolidated Statement of Financial Position

(As of March 31, 2026)

(Millions of yen)

Item	Amount	Item	Amount
<u>ASSETS</u>		<u>EQUITY AND LIABILITIES</u>	
Non-current assets:	340,145	<u>EQUITY</u>

Opinion

Pursuant to the fourth paragraph of Article 444 of the Companies Act, we have audited the consolidated financial statements of HOYA CORPORATION and its subsidiaries (the "Group"), namely, the consolidated statement of financial position as of March 31, 2026, and the consolidated statement of comprehensive income and consolidated statement of changes in equity for the fiscal year from April 1, 2025 to March 31, 2026, and the related notes.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of March 31, 2026, and its consolidated financial performance for the year then ended in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the International Accounting Standards Board ("IASB").

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the provisions of the Code of Professional Ethics in Japan including the ethical requirements that are relevant to audits of the financial statements of public interest entities, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The Audit Committee is responsible for overseeing the Officers and Directors' execution of duties relating to the design and operating effectiveness of the controls over the other information. The other information comprises the information included in the Business Report and the accompanying supplemental schedules.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Audit Committee for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the IASB, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the IASB.

The Audit Committee is responsible for overseeing the Officers and Directors' execution of duties relating to the design and operating effectiveness of the controls over the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgment. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if

such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

- Evaluate whether the overall presentation and disclosures of the consolidated financial statements are in accordance with accounting standards prescribed pursuant to the provisions of the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting that omit a part of the disclosures required under IFRS Accounting Standards as issued by the IASB, as well as the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business units within the Group as a basis for forming an opinion on the group financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with it all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Group which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Notes to the Readers of Independent Auditor's Report

This is an English translation of the independent auditor's report as required by the Companies Act of Japan for the conveniences of the reader. The other information in "the accompanying supplemental schedules" referred to in the "Other Information" section of this English translation is not translated.

Opinion

Pursuant to the first item, second paragraph of Article 436 of the Companies Act, we have audited the nonconsolidated financial statements of HOYA CORPORATION (the "Company"), namely, the nonconsolidated balance sheet as of March 31, 2026, and the nonconsolidated statement of income and nonconsolidated statement of changes in equity for the 88th fiscal year from April 1, 2025 to March 31, 2026, and the related notes and the accompanying supplemental schedules.

In our opinion, the accompanying nonconsolidated financial statements present fairly, in all material respects, the financial position of the Company as of March 31, 2026, and its financial performance for the year then ended in accordance with accounting principles generally accepted in Japan.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in Japan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Nonconsolidated Financial Statements section of our report. We are independent of the Company in accordance with the provisions of the Code of Professional Ethics in Japan including the ethical requirements that are relevant to audits of the financial statements of public interest entities, and we have fulfilled our other ethical responsibilities as auditors. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

Management is responsible for the other information. The Audit Committee is responsible for overseeing the Officers and Directors' execution of duties relating to the design and operating effectiveness of the controls over the other information. The other information comprises the information included in the Business Report and the accompanying supplemental schedules.

Our opinion on the nonconsolidated financial statements does not cover the other information and we do not express any

form of assurance conclusion thereon.

In connection with our audit of the nonconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the nonconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and the Audit Committee for the Nonconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the nonconsolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of nonconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the nonconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern in accordance with accounting principles generally accepted in Japan.

The Audit Committee is responsible for overseeing the Officers and Directors' execution of duties relating to the design and operating effectiveness of the controls over the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Nonconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the nonconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these nonconsolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in Japan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the nonconsolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks. The procedures selected depend on the auditor's judgment. In addition, we obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- Obtain, when performing risk assessment procedures, an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the nonconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate whether the overall presentation and disclosures of the nonconsolidated financial statements are in accordance with accounting principles generally accepted in Japan, as well as the overall presentation, structure and content of the nonconsolidated financial statements, including the disclosures, and whether the nonconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and communicate with it all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Interest Required to Be Disclosed by the Certified Public Accountants Act of Japan

Our firm and its designated engagement partners do not have any interest in the Company which is required to be disclosed pursuant to the provisions of the Certified Public Accountants Act of Japan.

Notes to the Readers of Independent Auditor's Report

This is an English translation of the independent auditor's report as required by the Companies Act of Japan for the conveniences of the reader. "The accompanying supplemental schedules" referred to in the "Opinion" section of this English translation are not included in the attached financial documents. The other information in "the accompanying supplemental schedules" referred to in the "Other Information" section of this English translation is not translated.

Audit Committee's Audit Report

AUDIT REPORT

The members of the Audit Committee of the Company audited the performance of the Directors and Executive Officers of their duties during the 88th fiscal year from April 1, 2025 to March 31, 2026. We hereby report the method and results thereof:

1. AUDIT METHOD AND ITS CONTENTS

We received periodic reports from the Directors, Executive Officers and others concerning the state of construction and management of the system (internal control system) established in accordance with the resolutions of the Board of Directors concerning matters provided for in (b) and (e) of item (1), paragraph (1), Article 416 of the Companies Act, requested explanations and expressed its opinions as necessary. In addition, we attended important meetings, received reports from Directors, Executive Officers and others on matters concerning the performance of their duties, requested explanations whenever necessary, inspected documentation of important decisions, etc. and investigated the state of activities and assets at the head office and major business offices of the Company in accordance with the audit policy and the assignment of duties, etc. established by the Audit Committee and in collaboration with the audit department of the Company.

Regarding internal controls over financial reports, we received reports on the evaluation of the internal controls and the state of audits from Executive Officers and others, as well as Deloitte Touche Tohmatsu LLC, and requested explanations as necessary.

With respect to subsidiaries, we communicated and exchanged information with directors and auditors thereof, and received business reports from the subsidiaries whenever necessary.

We also monitored the Company's Independent Auditors to verify that they maintained a position of independence and conducted proper audits. We received reports from the Independent Auditors on the state of execution of their duties, and asked them for explanations whenever necessary. Additionally, we received from the Independent Auditors a letter that they were taking steps to build the System for Ensuring Adequate Execution of Duties (pursuant to the items of Article 131 of the Ordinance on Company Accounting) in accordance with the Standards for Quality Control of Audit (Business Accounting Council, March 12, 2024), and asked the Independent Auditors for explanations whenever necessary.

Based on the method described above, we examined the business report, financial statements (consisting of the non-consolidated balance sheet, non-consolidated statement of income, non-consolidated statement of changes in net assets, and notes to the non-consolidated financial statements), their supplementary schedules, and consolidated financial statements (consisting of the consolidated statement of financial position, consolidated statement of comprehensive income, consolidated statement of changes in equity, and notes to the consolidated financial statements, prepared by omitting certain items required to be disclosed by the International Financial Reporting Standards and pursuant to the provisions of the latter part of paragraph (1), Article 120 of the Ordinance on Company Accounting) for the current fiscal year.

2. AUDIT RESULTS

(1) Results of the audit of the business report, etc.

- A. We are of the opinion that the business report and its supplementary schedules fairly present the state of the Company in accordance with laws, ordinances and the Articles of Incorporation.
- B. We are of the opinion that, in connection with the performance by the Directors or Executive Officers of their duties, no dishonest act or material fact of violation of laws, ordinances or the Articles of Incorporation exists.
- C. We are of the opinion that the resolution of the Board of Directors concerning the internal control system was reasonable. We are of the opinion that, in connection with the descriptions in the Business Report or the performance by the Directors or Executive Officers of their duties concerning said internal control system, no matter that needs to be pointed out exists.

(2) Results of the audit of the financial statements and their supplementary schedules

We are of the opinion that the method and results of the audit made by Deloitte Touche Tohmatsu LLC, the Company's Independent Auditors, are in order.

(3) Results of the audit of the consolidated financial statements

We are of the opinion that the method and results of the audit made by Deloitte Touche Tohmatsu LLC, the Company's Independent Auditors, are in order.

Accounting Auditors

(1) Name Deloitte Touche Tohmatsu LLC

(2) Amount of remuneration, etc.

Classification	Amount of payment
Amount of remuneration, etc. paid to accounting auditors regarding the fiscal year	148 million yen
Aggregate amount of monetary and other asset gains the Company and its subsidiaries owe to independent auditors	160 million yen

(Notes)

1. The audit agreement between the Company and its accounting auditors makes no clear distinction between the amount of audit fees based on the Companies Act and the audit fee based on the Financial Instruments and Exchange Act. For this reason, the total amount of remuneration, etc. paid to the accounting auditors is stated as the amount of remuneration, etc. for the fiscal year.
2. The member firms of Deloitte Touche Tohmatsu Limited provide audit services to the Company's major subsidiaries overseas.
3. The Audit Committee gave consent on the remuneration, etc. for Accounting Auditors as a result of confirmation and consideration of matters including the audit planning by the Accounting Auditors, status of implementation of the audit and calculation basis for the estimate of the remuneration, in light of the "Guidelines for Cooperation with Accounting Auditors" issued by Japan Audit & Supervisory Board Members Association.

(3) Details of non-audit services

The Company commissions and pays compensation for services related to CSRD readiness to Deloitte Touche Tohmatsu LLC.

(4) Policy on dismissal of accounting auditors or decision against reappointment

When a condition that corresponds to any of the reasons for dismissal prescribed in the items of paragraph (1), Article 340 of the Companies Act exists, and dismissal is deemed to be reasonable, the Audit Committee shall dismiss the accounting auditors with the agreement of all members of the Audit Committee. In this case, a member of the Audit Committee appointed by the Audit Committee shall report the dismissal of the accounting auditors and the reason for the dismissal at the first General Meeting of Shareholders following the dismissal.

The Audit Committee shall also examine the potential for reappointment by taking into consideration the term of office of accounting auditors, the status of prior audit execution, the presence or absence of any serious reason that causes accounting auditors to lose credibility, and other circumstances, and, when reappointment is not considered reasonable, shall place "no reappointment of accounting auditors" on the agenda for discussion at a General Meeting of Shareholders on the regulations of the Audit Committee.

Frameworks and Policies of the Company

1. Frameworks and Policies Concerning Internal Control Systems

The HOYA Group shall operate businesses of different products and markets based on a business division system. Each division shall carry out business in Japan and overseas under the management of the person responsible for that business using an appropriately assigned group of human resources, and possess the responsibility for management and profitable operations of the business including the subsidiaries belonging to that division. Group Headquarters shall be structured to cooperate with the functional departments of each business, specifically with respect to the functions of strategy, legal affairs, finance, and human resources, and assist and promote the business execution at each business division based on the HOYA Group's management policies.

1) Matters Decided on Systems to Ensure Adequacy of Operations and Operation Status Thereof

Contents of the resolutions the Board of Directors of the Company made with regard to internal control systems set out in (b) and (e) of item (i), paragraph (1), Article 416 of the Companies Act and Article 112 of the Ordinance for Enforcement of the Companies Act and a summary of the operation status thereof are as follows:

(1) Matters required for ensuring the adequacy of operations

- (i) Systems concerning the storage and management of information about the execution of duties by Executive Officers
Efforts shall be made to adequately store and manage important matters, including documents, records and minutes relating to applications for approval within the HOYA Group, in accordance with laws, regulations and other standards.
- (ii) Regulations and other systems concerning the management of the risk of loss of the HOYA Group
Each business division (including the subsidiaries operating inside the respective business division) and organization shall try to identify and manage risks, and shall aim for improvements as the occasion demands, taking into consideration the instructions, etc. of the Internal Audit Department.
If a serious crisis occurs, a crisis management headquarters shall be swiftly established under the direct management of the CEO, and efforts shall be focused on response, and settlement of the situation.
- (iii) Systems for ensuring the efficiency of duty performance by Executive Officers of the Company and each business division
Each division shall carry out its operations according to the annual plan and the quarterly budget adopted at meetings of the Board of Directors. The HOYA Group shall ensure the efficiency of Group management by evaluating the levels of target achievement every quarter and working to make improvements as the occasion demands.
Executive Officers shall be timely and precise in performing their duties based on the decision-making system for their execution of duties, which covers their standards for approving important matters.
Efficient procurement of funds shall be conducted in accordance with a common cash management system shared by the HOYA Group.
Efficient accounting management shall be carried out in accordance with a common accounting management system shared by the HOYA Group.
- (iv) Systems for ensuring compliance with laws, regulations and the Articles of Incorporation of the way duties are performed by Executive Officers of the Company, Directors etc. of subsidiaries, and employees of the HOYA Group
The HOYA Business Conduct Guidelines shall be established to guide the conduct of all Group members based on the Group's Corporate Mission and Management Principles.
A Group Headquarters Compliance Group under the supervision of the HOYA Group Chief Compliance Officer (CCO) shall be established as well as a Compliance Officer in each business division to establish the abovementioned HOYA Business Conduct Guidelines, provisions related to legal compliance and to provide training.
The Headquarters Compliance Group shall establish a department for receiving internal reporting (HOYA Help Line), and this department shall serve as a point to receive reporting or requests for advice from inside and outside the Group concerning conduct, etc. that is in violation of the HOYA Business Conduct Guidelines, laws and regulations, the Company's Articles of Incorporation, internal regulations or socially accepted conventions (excluding those related to Executive Officers and CCO). The contents of reports to the department for receiving internal reporting and the response to such reports shall be reported to the Audit Committee on a regular basis. Any unfair treatment of the person reporting or the person seeking advice (including any retaliatory measures such as dismissal, salary reduction, transfer, or harassment) is also prohibited.
Internal reporting concerning Executive Officers and the CCO is responded to directly by the Audit Committee.
- (v) Systems for reporting matters concerning performance of duties of employees of the HOYA Group and Directors, etc. of the Company's subsidiaries
The performance of duties for each business division shall be reported at the regularly held Budgetary Meetings.
As provided for by the internal rules of the HOYA Group, each business division (including the subsidiaries operating inside the respective business division) shall obtain the approval of the Group Headquarters for the matters stipulated by the rules and report the occurrence of important matters to the Group Headquarters and the Company's Executive Officers.

[Operation Status]

In the fiscal year, decisions were made on important matters in businesses division and Group Headquarters in accordance with the Rule of HOYA Group headquarters approval process based on the above policies from perspectives of improving efficiency and value of the entire HOYA Group.

At the Budgetary Meetings held quarterly, risks and opportunities in each business environment were discussed, policies and measures were developed and results thereof were verified, and these were reported to the Board of Directors.

The HOYA Business Conduct Guidelines, which is a code of ethics based on HOYA's Corporate Mission and Management Principles, were posted on the official website of the HOYA Group and the Group's portal site with printed copies distributed to employees who have difficulty accessing both sites for all employees of the HOYA Group to understand the Group's mission and compliance policies and to act accordingly in everyday life. Employees annually undergo training on the HOYA Business Conduct Guidelines at their respective workplaces to increase understanding thereof and to affirm their intention to act accordingly.

Executive Officers reported to the Chairperson of the Audit Committee, after confirming the Guidelines.

The HOYA Help Line, which receives reporting, has been established since 2003. The HOYA Help Line, receives reporting on acts that violate laws and regulations or the HOYA Business Conduct Guidelines from inside and outside the Group including from employees of suppliers. While protecting the informer, the HOYA Help Line is a system that deals with such matters quickly and appropriately, recognizing the problem early and making the relevant organization to exert a self-corrective function, and ensures the soundness of the Group as a whole. Up to the end of the fiscal year ended March 2026, the system was introduced into all of the countries in which the Group carries out its business, and a portion of it is operated in conformity with business customs and laws and regulations of the country or region.

The contents of reports to the HOYA Help Line and the response to such reports were reported to the Audit Committee on a regular basis.

(2) Important matters in the execution of duties by the Audit Committee

(i) Matters concerning Directors and employees assisting the Audit Committee in its duties

The Audit Committee Office shall be established to assist the Audit Committee in its duties.

(ii) Matters concerning independence from the Executive Officers of Directors and employees stated in the above item and matters on securing effectiveness of instructions to Directors, etc. stated in the above item

The Audit Committee has the power to appoint and dismiss staff members of the Audit Committee Office.

Executive Officers shall not give directions to staff members of the Audit Committee Office.

(iii) Systems required for reports to the Audit Committee by Executive Officers and employees of the Company, systems required for reports to the Audit Committee by Executive Officers and employees, etc. of subsidiaries, and systems required to ensure a person who reports to the Audit Committee does not receive unfair treatment.

The Board of Directors Regulations was amended to require reporting of all important matters to the Board of Directors, where Independent Directors comprise the majority of Board members. As a result, reports to the Board of Directors began to cover all important matters. For this reason, no special stipulations are established regarding matters that need to be reported to the Audit Committee.

The person responsible for the management of each respective business division shall swiftly report information being stored or managed in each organization inside the HOYA Group including subsidiaries operating within the business division as requested by the Audit Committee or the Internal Audit Department.

A contact point for receiving internal reporting concerning Executive Officers and the CCO shall be established in the Audit Committee Office to receive reports from within the HOYA Group regarding violations of laws and regulations, the Company's Articles of Incorporation, internal regulations, and socially accepted conventions, or to provide advice thereof. Any unfair treatment (including any retaliatory measures such as dismissal, reduction in salary, transfer, harassment, etc.) of the person reporting or the person seeking advice is also prohibited.

(iv) Matters regarding procedures for advanced payment or reimbursement of costs arising through execution of duties at Audit Committee, or other costs or obligations arising through execution of other duties for members of the Audit Committee

Concerning claims for costs arising through execution of duties at the Audit Committee for members of the Audit Committee, when there are claims from each member of the Audit Committee, appropriate processing of relevant costs or obligations will be performed expeditiously under deliberation by departments and divisions concerned, except in cases when the costs relating to the relevant claims were not necessary for the execution of the relevant duties.

(v) Other systems to ensure the effectiveness of audits by the Audit Committee

The Internal Audit Department shall conduct audits focusing on onsite audits of each place of business inside the HOYA Group, including subsidiaries, according to the audit policies and plans adopted by the Audit Committee and based on the cost budget to implement them, and shall report to the Audit Committee as the occasion demands.

The rules of the Audit Committee stipulate the details and ensure the effectiveness thereof.

[Operation Status]

The Audit Committee Office has been established to assist the Audit Committee in its duties.

The Internal Audit Department has been established under the Audit Committee Office, and staff members have been assigned thereto. The Audit Committee Office and Internal Audit Department are organizations fully independent from the executive department.

The Internal Audit Department conducted audits of each business place of the HOYA Group, including overseas subsidiaries, according to the audit policies and plans adopted by the Audit Committee and based on the cost budget to implement them.

Moreover, persons in charge of internal audits are assigned to each division, separately from the Internal Audit Department, and carry out internal audits within each division. The Internal Audit Department provides the Audit Committee with reports on content of audits carried out by the persons in charge of internal audits assigned to each division.

The Internal Audit Department endeavors to expand areas subject to audit and increase the frequency of audits, in cooperation with the persons in charge of internal audits assigned to each division.

The Audit Committee received regular reports on the status of audit implementation and the contents of reports to the HOYA Help Line and the responses thereto, and provided advice as necessary.

(3) System for ensuring reliability of financial reporting

The HOYA Group shall establish and manage a system of internal controls for financial reporting and build a system for evaluating its financial reporting to ensure the reliability of its financial reporting and valid, appropriate submission of internal control reports as prescribed in the Financial Instruments and Exchange Act.

[Operation Status]

The department in charge of internal controls placed in the Group Headquarters conducted hearing of reports from each business division's manager responsible for supervising the establishment and operation of the respective division's internal control system. These were conducted on a regular basis on matters concerning confirmation of the PDCA cycle of the respective system, and on an as-needed basis on matters concerning any change in systems or environments, understanding of any problem or issue, or occurrence of any event that may cast doubt on effectiveness of any internal control system. The results of the aforementioned were reported to the CFO, who is responsible for supervising internal controls, and the CEO, who is ultimately responsible for the Audit Committee and internal controls.

2) Basic Policy for Eliminating Antisocial Forces

A meeting of the Board of Directors resolved to adopt the following basic policy for the elimination of antisocial forces.

We shall have no association whatsoever with antisocial forces, and deal with undue claims made by such forces resolutely as an organization in cooperation with specialized external agencies.

[Operation Status]

Preventive measures, including a credit investigation at the time of conclusion of a transaction agreement and steps taken in the agreement, have been taken. The Company has assigned persons in charge to the Group Headquarters and made them known as the point of contact in case of any problem throughout the Company and established a system through which it can respond as an organization, strengthening linkage with the police and lawyers.

2. Basic Policy on Parties that Control Decisions Concerning Corporate Finance and Business Policies

The Company does not have a specific basic policy in this regard. However, the Company's basic view is as follows:

The Company takes the view that judgment should ultimately lie with shareholders when an acquisition proposal and the like is made with the transfer of management control as its objective. Currently no concrete threat regarding acquisition emerges. The Company has no intention to fix concrete arrangements (so-called "takeover response policies") before the emergence of any such proposal. The responsibility of management is not to have the Company take unnecessary actions to oppose acquisitions. As an entity that operates for the benefit of its shareholders, the Company considers it crucial to increase the return of profit to shareholders and increase its corporate value by constantly monitoring transactions of its shares and changes to its shareholders, to improve its business performance and increase its financial strength with the greater objective of achieving further growth.

If an acquisition or similar proposal is made, the Company considers it important to provide the information shareholders require to make a judgment based on an examination of the proposal made by the proposer. If the Company believes that the proposal will not increase the corporate value of the Company and benefit the common interest of its shareholders, it will clearly explain to the shareholders the reasons that form the background to its position, and try to obtain the understanding of shareholders.

3. Policy Concerning Decisions on Appropriation of Retained Earnings, etc.

The Company aims to maximize the HOYA Group's corporate value by flexibly adjusting the composition of its business portfolio in response to changes in the times and the external environment.

We reinvest profits from our business operations in growth initiatives to drive sustained increases in corporate value. We will also strengthen internal reserves to support our growth strategy, while maintaining an optimal balance with shareholder returns, aiming to improve capital efficiency and ensure sound finances.

With respect to shareholder returns, we continue investing to drive long-term corporate value, while also returning profits to shareholders through dividends and share repurchase funded by surplus capital. Dividends will be based on profit excluding non-recurring gains, with a target payout ratio of 40%. We adopt a progressive dividend policy as our basic policy, aiming to ensure stable and sustained dividend payments. We will continue to pursue both higher corporate value through growth investment and steady returns to our shareholders.

Coupled with the interim dividend of 125 yen per share already paid, the annual dividend will be 295 yen per share. The consolidated dividend payout ratio was 39.7% and the total shareholder return ratio, including share repurchase, reached 108.0%*.

* Calculated on a cash payment basis

At the same time, given that the ratio of cash and cash equivalents to total assets remains elevated even after the dividend increase and share repurchase, and that a certain level of surplus funds continues to be recorded on the balance sheet, the Company has determined to gradually release surplus funds, primarily through share repurchases, and to optimize its cash and cash equivalents level over a period of approximately three years.

4. Policy Regarding Cross-shareholding

The HOYA Corporate Governance Guidelines stipulate that we will not practice cross-shareholding as a share stability measure. With regard to shares of other companies held for their usefulness from a business management standpoint, our policy is to appropriately sell off holdings that have become less meaningful. In fiscal 2025, the Company held shares of two public companies. The Company's Board of Directors plans to sell the shares of these two companies because they judged it less significant to keep holding them.

Consolidated Statement of Changes in Equity (From April 1, 2025 to March 31, 2026)

(Millions of yen)

	Share capital	Capital reserves	Treasury shares	Other capital reserves	Retained earnings
Balance at April 1, 2025	6,264	15,899	(57,595)	(21,496)	871,357

Cash and cash equivalents at the beginning of the year	533,967
Effects of exchange rate changes on the balance of cash and cash equivalents in foreign currencies	30,524
Cash and cash equivalents at the end of the year	574,092

(Notes)

1. Numbers in parentheses () in the consolidated statement of cash flows are outflows of cash and cash equivalents.
2. Figures presented above are rounded to the nearest unit.

Notes to the Consolidated Financial Statements

Important items for the preparation of the consolidated financial statements

1. Preparation of consolidated financial statements

The consolidated financial statements are prepared in accordance with International Financial Reporting Standards with some omissions of a part of disclosures pursuant to the second sentence of the first paragraph of Article 120 of the Ordinance on Company Accounting.

2. Basis of consolidation

Number of consolidated subsidiaries 131 companies

Names of major consolidated subsidiaries HOYA HOLDINGS, INC.
HOYA HOLDINGS N.V.
HOYA HOLDINGS (ASIA) B.V.
HOYA HOLDINGS ASIA PACIFIC PTE LTD

During the fiscal year, 4 companies were newly established, 4 companies were acquired, 5 companies were liquidated, and 10 companies were sold.

Consequently, the number of consolidated subsidiaries decreased by 7 during the fiscal year.

3. Application of the equity method

Number of associates accounted for by the equity method 9 companies

Name of major associate HTK LENTES OPTALMICAS S.A.

The number of associates accounted for by the equity method decreased by 1 during the fiscal year.

4. Items related to accounting policies

(1) Basis and method of evaluation of financial assets

Financial assets are classified as “financial assets measured at amortized cost,” “financial assets measured at fair value through other comprehensive income” (“FVTOCI”) or “financial assets measured at fair value through profit and loss” (“FVTPL”).

1) Financial assets measured at amortized cost

Such financial assets are held within a business model whose objective is to hold financial assets to collect contractual cash flows, and the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. It is measured at amortized cost by using the effective interest method.

2) FVTOCI

Such financial assets are measured at fair value through other comprehensive income if both of the following conditions are met:

(i) the financial assets are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets

(ii) the contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. The change in fair value is recognized in other comprehensive income. HOYA CORPORATION and its subsidiaries (the “Group”) recognizes the changes in fair value in other comprehensive income for the equity instruments that the Group irrevocably elected to account for the subsequent changes in fair value within other comprehensive income.

3) FVTPL

Any other securities not included in the classifications above is classified into financial assets measured at fair value through profit and loss. The change in fair value is recognized in profit or loss.

4) Impairment of financial assets

The Group recognizes a loss allowance for expected credit losses on financial assets measured at amortized cost. The Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. If the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month expected credit losses. If the credit risk on a financial instrument has increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to the lifetime expected credit losses. For trade receivables, the Group always measures allowance for doubtful accounts at an amount equal to the lifetime expected credit losses. The Group assesses the expected credit losses by using the change in the risk of a default or aging of trade receivables, or other factors. Expected credit losses are recognized in profit or loss.

(2) Basis and method of evaluation of inventories

Inventories are measured at the lower of cost and net realizable value. Net realizable value represents the estimated selling price for the inventories in the ordinary course of business, less all estimated costs of completion and costs necessary to make the sale. Costs, including purchase costs, process costs, storage costs, and all other costs incurred in bringing the inventories to present location and condition, are assigned to inventories mainly by the average method. The production costs include an appropriate portion of fixed and variable overhead expenses.

(3) Basis and method of evaluation, depreciation and amortization of property, plant, and equipment and intangible assets (other than goodwill)

1) Property, plant, and equipment

The Group applies the cost model for measuring property, plant, and equipment.

Property, plant, and equipment are stated at cost, net of accumulated depreciation and impairment losses. Properties under construction for production, supply, or administrative purposes, or for purposes not yet determined, are carried at cost, less any recognized impairment losses. Cost includes the expenses directly attributable to the assets, the initial estimated costs relating to scrap, removal and retirement, and, for qualifying assets, the borrowing cost for long-term projects. Depreciation of these assets commences when the assets are available for their intended use.

When significant components of property, plant, and equipment are required to be replaced periodically, the Group recognizes such parts as individual assets to be depreciated with specific useful lives. All other repair and maintenance costs are recognized in profit or loss as incurred. Property, plant, and equipment, other than land and construction in progress, are depreciated mainly on a straight-line basis over the estimated useful lives listed below. The estimated useful lives, residual values, and depreciation method are reviewed at each year-end, with the effect of any changes in estimate being accounted for on a prospective basis.

Buildings and structures	3–50 years
Machinery and carriers	3–10 years
Tools, equipment and fixtures	2–10 years

2) Intangible assets

The Group uses the cost model for measuring intangible assets. Intangible assets are carried at cost, less accumulated amortization and impairment losses.

A. Intangible assets acquired separately and/or acquired in a business combination

Intangible assets acquired separately are carried at cost at initial recognition. Intangible assets acquired in a business combination are recognized separately from goodwill at their fair value at the acquisition date when they satisfy the definition of intangible assets, are identifiable, and their fair value is reasonably measured.

B. Internally generated intangible assets — research and development expenses

Expenditures on research activities are recognized as expenses in the period in which they are incurred.

An internally generated intangible asset arising from development (or from the development phase of an internal project) is recognized if, and only if, all of the following have been demonstrated:

- (a) the technical feasibility of completing the intangible asset so that it will be available for use or sale;
- (b) the intention to complete the intangible asset and use or sell it;
- (c) the ability to use or sell the intangible asset;
- (d) how the intangible asset will generate probable future economic benefits;
- (e) the availability of adequate technical, financial, and other resources to complete development and to use or sell the intangible asset; and
- (f) the ability to measure reliably the expenditure attributable to the intangible asset during its development.

The amount initially recognized for internally generated intangible assets is the sum of the expenses incurred from the date when the intangible assets first meet all of the recognition criteria listed above. The assets are amortized over the estimated period in which the development costs are expected to be recovered. If no future economic benefit is expected before the end of the life of assets, the residual book value is expensed.

Subsequent to initial recognition, internally generated intangible assets are reported at cost less accumulated amortization and impairment losses. Where no internally generated intangible asset can be recognized, development costs are recognized as an expense in the period in which they are incurred.

C. Amortization of intangible assets

Amortization is recognized on a straight-line basis over the estimated useful lives below. The Group does not have any intangible assets with indefinite useful lives.

Technology	10–20 years
Customer-related assets	5–16 years
Software	3– 5 years

3) Impairment of property, plant and equipment and intangible assets other than goodwill

At the end of each reporting period, the Group reviews the carrying amounts of its property, plant and equipment and intangible assets to determine whether there are any indications that those assets have suffered impairment losses. If any indications exist, the recoverable amount of the cash-generating unit, to which the asset belongs, is estimated in order to determine the extent of the impairment losses (if any).

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount.

(4) Leases

As a lessee, the Group recognizes a right-of-use asset and a lease liability at the commencement date. The lease liability is measured at the present value of the lease payments that are not paid at the commencement date. The right-of-use asset is measured at cost comprised of the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, any initial direct costs incurred and an estimate of costs, such as the cost to dismantle and remove the underlying asset to the original condition required by the terms and conditions of lease contracts.

After the commencement date, the right-of-use asset is depreciated on a straight-line basis over the useful life or lease term, whichever is shorter.

The lease payments comprise of interest expense recognized as finance costs in the Consolidated Statement of Comprehensive Income and repayments of the lease liability that are calculated by the interest method. The Group does not recognize right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and for leases of low-value assets. The Group recognizes the lease payments associated with these leases as expense on straight-line basis over the lease term or other systematic basis.

As a lessor, the Group classifies each of its leases as either an operating lease or a finance lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership of an underlying asset.

At the commencement date, the asset held under a finance lease is recognized on the Consolidated Statement of Financial Position and presented as a receivable at an amount equal to the net investment in the lease.

The assets held under an operating lease are on the Consolidated Statement of Financial Position and the lease payments received are recognized as income on a straight-line basis over the lease term in the Consolidated Statements of Comprehensive Income.

(5) Goodwill

Goodwill arising from the acquisition of a business is recognized as an asset at the date that control is acquired (i.e., the acquisition date). Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non-controlling interests in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the acquisition-date amounts of the net fair value of the identifiable assets acquired and liabilities assumed. Goodwill is not amortized but is reviewed for impairment at least annually. Goodwill is recorded at cost, less accumulated impairment losses in the consolidated statement of financial position.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units (or groups of cash-generating units) that is expected to benefit from the synergies of the combination. Cash-generating units to which goodwill has been allocated are tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment losses are allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro-rata on the basis of the carrying amount of each asset in the unit. Impairment losses recognized for goodwill are not reversed in subsequent periods. Upon disposal of a cash-generating unit, the attributable amount of goodwill is included in the determination of profit or loss upon disposal.

(6) Method of accounting for significant provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation by outflow of resources embodying economic benefits, and a reliable estimate can be made of the amount of the obligation. The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period (i.e., future cash outflow), taking into account the risks and uncertainties surrounding the obligation.

Where the time value of money is material, a provision is measured by its present value to which estimated future cash flows are discounted using a pre-tax discount rate that reflects the risks specific to the obligation. Interest cost associated with the passage of time is recognized as a finance cost.

The types of provisions are as follows:

1) Asset retirement obligation

The Group recognizes provisions for an asset retirement obligation reserve for estimated costs arising from a contractual obligation to a landlord to dismantle and remove leasehold improvements from a leased office at the end of the lease contract, and estimated costs to decontaminate certain fixed assets. An asset retirement obligation is provided based on past experience of actual cost and each asset is considered individually. The discount rate depends on the useful life of the corresponding assets and the country in which such assets are located. Future expected timing of outflow of economic benefits is mainly more than one year from each reporting period.

2) Warranties provision

Warranties provision is estimated and recognized based on past experience of the occurrence of defective goods and the expected after service costs in the warranty period. Expected outflow of economic benefits in the future is within one year from each reporting period.

3) Contingent liabilities assumed in a business combination

Contingent liabilities resulting from a business combination are initially measured at fair value on the date of acquisition. Subsequent to initial recognition, such contingent liabilities are remeasured considering expected future payments, possible occurrence, and timing of payments at each reporting period.

(7) Method of accounting for retirement benefits

For defined benefit plans, the cost of providing retirement benefits is determined using the projected unit credit method with actuarial valuations being carried out at the end of each reporting period.

Remeasurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable), and the return on plan assets (other than interest), is reflected immediately in the consolidated statement of financial position with a charge or credit recognized in other comprehensive income in the period in which it occurs. Remeasurement recognized in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to profit or loss.

Past service cost is recognized in profit or loss in the period of a plan amendment.

Net interest is calculated by applying the discount rate at the beginning of the period to the net defined benefit liability or asset.

Defined benefit costs are categorized as follows:

Service cost, including current service cost, past service cost, as well as gains or losses on curtailments and settlements; Net interest expense or income; and

Remeasurement.

The Group presents the first two components of defined benefit cost in profit or loss as "Employee benefits expense" or "Finance cost."

The retirement benefit obligation recognized in the consolidated statement of financial position represents the actual deficit or surplus in the Group's defined benefit plans. Any surplus resulting from this calculation is limited to the present value of any economic benefits available in the form of refunds from the plans or reductions in future contributions to the plans.

Payments to defined contribution retirement benefit plans are recognized as an expense when employees have rendered service to the Group.

(8) Revenue recognition

The Group recognizes revenue based on the five-step approach below:

Step 1: Identify the contracts with customers

Step 2: Identify the performance obligations in the contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when the entity satisfies a performance obligation

The Group sells health care related products, medical related products, electronics related products, imaging related products, etc. and recognizes revenue when the control of products is transferred to the customer and the performance obligation is satisfied by the Group on the shipping or delivery date. For service contracts such as maintenance contracts for medical related products, revenue is recognized equally over the contract period because the performance obligation is considered to be satisfied over time. Revenue is measured at the transaction price of the consideration received or receivable less discount, rebate and consumption taxes.

(9) Basis for translation of assets and liabilities denominated in foreign currencies

1) Foreign currency transactions

The individual financial statements of each group entity are presented in the currency of the primary economic environment in which the entity operates (i.e., its functional currency). For the purpose of the consolidated financial statements, the financial results, financial position, and cash flows of each group entity are presented in Japanese yen, which is the functional currency of the Group and the presentation currency for the consolidated financial statements. In preparing the financial statements of the individual entities, transactions in currencies other than the entity's functional currency (foreign currencies) are translated at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are translated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the rates prevailing at the date when the fair value was determined. Exchange differences are recognized in profit or loss during the period.

2) Financial statements of foreign operations

The assets and liabilities of foreign operations are translated into Japanese yen at the foreign exchange rates prevailing at the end of the reporting period. The revenues and expenses of foreign operations are translated into Japanese yen at the average rates of exchange for the year. Where there are material fluctuations in exchange rates, the exchange rate at the transaction date is used. Foreign exchange differences arising from translation are initially recognized as exchange differences on translation of foreign operations in other comprehensive income and accumulated in "accumulated other comprehensive income," which are reclassified from equity to profit or loss on disposal of the net investment and included in "other expenses" or "other income" in the consolidated statement of comprehensive income.

5. Significant accounting estimates and judgments

In preparing the consolidated financial statements, the group management makes estimates and assumptions about the future. The estimates and assumptions are based on management's best estimates, which consider historical experience and factors believed to be reasonable as of the end of fiscal year, may differ from the actual results due to their nature.

The item for which management made estimates and judgments in the consolidated financial statements for the fiscal year that has a material impact on the consolidated financial statements for the following fiscal year is as follows.

Recoverability of suspense payments of income taxes

Amounts recorded in the consolidated financial statements for the fiscal year

Other current assets ¥20,460 million

Other Matters

As described in "Note 3. Other Current Assets" to the Consolidated Statements of Financial Position, for each of the five fiscal years ended March 31, 2007 through 2011, the three fiscal years ended March 31, 2012 through 2014 and the four fiscal years ended March 31, 2015 through 2018, the Company received a reassessment notice from the Tokyo Regional Taxation Bureau (the "TRTB") for additional taxes on the transfer pricing taxation for transactions with overseas subsidiaries that develop and manufacture electronics-related products.

As a result of seeking withdrawal of the assessment in accordance with the relevant law, the Company received a written decision from the National Tax Tribunal (the "Tribunal"), which partially canceled the reassessments. However, the Company disagrees with the remaining findings of the Tribunal's decision that maintains portions of the reassessment and expects to appeal the findings in court to seek cancellation of all the reassessments by the TRTB. Consequently, the paid amounts of ¥7,916 million, ¥4,544 million and ¥8,000 million for each period were capitalized as suspense payments of income tax.

Depending on the outcome of the lawsuit related to the cancellation of the reassessment, there may be a material impact on the consolidated financial statements for the following fiscal year.

Notes to the Consolidated Statement of Financial Position

1. Allowance for doubtful accounts directly deducted from assets

Trade and other receivables	¥	3,499	million
Long-term financial assets	¥	392	million

2. Accumulated depreciation of property, plant and equipment

Property, plant and equipment — net	¥	616,550	million
-------------------------------------	---	---------	---------

Accumulated depreciation includes impairment losses of property, plant and equipment.

3. Other current assets

On June 26, 2013, the Company received a reassessment notice from the TRTB for additional taxes on the transfer pricing taxation for transactions with overseas subsidiaries that develop and manufacture electronics-related products for the five fiscal years ended March 31, 2007 to 2011. The Company has lodged an objection with the TRTB seeking withdrawal of the assessment in accordance with the relevant law.

On March 29, 2018, the Company received a written decision from the Tribunal, which partially cancels the reassessments. The Company disagrees with the remaining findings of the Tribunal's decision that maintains portions of the reassessment and the Company expects to appeal the findings in court to seek cancellation of all the reassessments by the TRTB.

On June 10, 2025, the Company received a judgment from the Tokyo District Court (the "Court"), which cancels approximately ¥1,300 million from the amount of the reassessments. The Company disagrees with the other findings of the Court's judgment that maintains portions of the reassessment and filed an appeal to the judgment in the Tokyo High Court on June 24, 2025.

Consequently, the paid amount of ¥7,916 million is included in "Other current assets" as a suspense payment.

On June 27, 2018, the Company received a reassessment notice from the TRTB for additional taxes on the transfer pricing taxation for transactions with overseas subsidiaries that develop and manufacture electronics-related products for the three fiscal years ended March 31, 2012 to 2014. The Company has lodged an objection with TRTB seeking withdrawal of the assessment in accordance with the relevant law.

On November 11, 2020, the Company received a written decision from the Tribunal, which partially cancels the reassessments. The Company disagrees with the remaining findings of the Tribunal's decision that maintains portions of the reassessment and the Company continues to seek cancellation of all the reassessments by the TRTB. Consequently, the paid amount of ¥4,544 million is included in "Other current assets" as a suspense payment.

On June 29, 2021, the Company received a reassessment notice from the TRTB for additional taxes on the transfer pricing taxation for transactions with overseas subsidiaries that develop and manufacture electronics-related products for the four fiscal years ended March 31, 2015 to 2018. The Company has proceeded to appeal the findings in court to seek cancellation of all the reassessments by the TRTB.

On July 3, 2023 the Company received a written decision from the Tribunal, to dismiss the claim. The Company disagrees with the findings of the reassessment notice and continues to seek cancellation of all the reassessments by the TRTB.

Consequently, the paid amount of ¥8,000 million is included in "Other current assets" as a suspense payment.

Notes to the Consolidated Statement of Comprehensive Income

1. Other Income

Gain on settlement of the financial liabilities ¥23,538 million, Gain on sale of shares of subsidiaries ¥4,137 million, Gain on sale of businesses ¥3,265 million, Insurance claim income ¥1,840 million were mainly recognized.

2. Impairment losses

The Group recognized impairment losses on assets and groups of assets as follows:

Use	Location	Item	Impairment losses
Manufacturing facilities	Japan	Buildings	¥35 million
Manufacturing facilities	Asia	Construction in progress	¥3,180 million
-	Europe	Goodwill etc.	¥657 million
-	U.S.	Goodwill etc.	¥1,052 million

The Group identifies each strategic business unit (“SBU”) as a cash-generating unit for impairment testing purposes. Each business unit has been set based on the production and sales units by major products. For any asset expected to be sold or disposed of, or any idle asset, the asset is individually tested for impairment.

Regarding manufacturing facilities at Japanese and Asian subsidiaries and European goodwill etc. in the Lifecare segment their future use is no longer anticipated due to a consolidation of bases resulting from structural reforms, and therefore, their values have been written down to their recoverable amounts. The recoverable amount for the asset group is measured at fair value less costs of disposition.

For the U.S. subsidiary in the Lifecare segment, the book value of the asset group was reduced to the recoverable amount and an impairment loss of ¥1,052 million was recognized due to the difficulties in achieving the plan at the time of acquisition. The recoverable amount of the asset group is measured at the value in use, and cash flows projections are discounted to the present value using the pre-tax weighted-average cost of capital (WACC) of the cash-generating unit, 15.5%

3. Global Minimum Top-up Tax

Global Minimum Top-up Tax of ¥10,451 million was recognized as “Income tax expense”.

4. Reclassification adjustments and tax effects related to other comprehensive income

(1) Remeasurements of net defined benefit liability (asset)

Gains/ (loss) arising during the year	¥	177	million
Tax-effect adjustment	¥	48	million
Total	¥	226	million

(2) Assets measured at fair value through other comprehensive income

Gains/ (loss) arising during the year	¥	1,763	million
Tax-effect adjustment	¥	(544)	million
Total	¥	1,219	million

(3) Exchange differences on translation of foreign operations

Gains/ (loss) arising during the year	¥	64,757	million
Reclassification adjustments	¥	(947)	million
Total amount before tax-effect adjustment	¥	63,810	million
Tax-effect adjustment	¥	(108)	million
Total	¥	63,702	million

(4) Share of other comprehensive income of associates

Gains/ (loss) arising during the year	¥	209	million
Reclassification adjustments	¥	0	million
Total	¥	209	million

Total other comprehensive income	¥	65,356	million
----------------------------------	---	--------	---------

Notes to the Consolidated Statement of Changes in Equity

1. Type and number of issued shares at March 31, 2026

Ordinary shares	338,414,320 shares
-----------------	--------------------

2. Dividend-related items

(1) Dividends paid

1) Dividends resolved by the Board of Directors on May 22, 2025

• Total dividends	¥	39,417 million
• Dividends per share	¥	115
• Record date		March 31, 2025
• Effective date		June 2, 2025

2) Dividends resolved by the Board of Directors on October 31, 2025

• Total dividends	¥	42,549 million
• Dividends per share	¥	125
• Record date		September 30, 2025
• Effective date		November 28, 2025

(2) Dividends whose record date falls within this fiscal year but the effective date falls within the next fiscal year Dividends resolved by the Board of Directors on May 28, 2026

• Total dividends	¥	57,033 million
• Source of payment		Retained earnings
• Dividends per share	¥	170
• Record date		March 31, 2026
• Effective date		June 5, 2026

3. Type and equivalent number of shares resulting from the potential exercise of stock acquisition rights outstanding at the end of the fiscal year (excluding the rights whose exercise period has not yet commenced)

Ordinary shares	53,200 shares
-----------------	---------------

Notes Concerning Financial Instruments

1. Items concerning financial instruments

(1) Market risks

1) Foreign currency risk

The Group intends to marry major currencies the Group uses (Euro, U.S. dollar, and Japanese yen) in settlements of receivables/payables resulting from operating activities. Specifically, the subsidiaries that continuously conduct import or export transactions retain foreign currencies obtained from exports of goods for payables on imported supplies. This enables the Group to mitigate foreign currency risk. Additionally, the Company, having multiple Strategic Business Units (“SBUs”) that conduct finance and dividend transactions, and holding companies that receive dividends from their subsidiaries and distribute them to the Company and/or other Group companies, sometimes falls into a disparity of foreign currency debt-credit balances in receivables, liabilities, and/or bank deposits. This might cause significant gains or losses on foreign exchange differences when the Japanese yen appreciates or depreciates against the U.S. dollar or the Euro, or when the Euro appreciates or depreciates against the U.S. dollar.

The Group’s policy generally does not permit the use of derivative instruments such as forward foreign exchange contracts. However, in certain circumstances in which the use of such derivatives is determined to be beneficial, the Group may enter into contracts upon obtaining formal approval from the Chief Financial Officer (“CFO”) of the Group in accordance with its Group headquarters approval process. For instance, in order to hedge foreign currency exposures on intercompany receivables, payables, and dividends, the Company occasionally enters into forward foreign exchange contracts.

2) Interest rate risk

The portion of the interest-bearing debt in financing is small. Therefore, the interest rate risk is insignificant.

3) Price risk in equity instruments

The Group is exposed to equity price risks arising from equity instruments (i.e., listed shares). These investments are held as part of business strategy, not for short-term trading purposes. The Group does not sell these investments frequently and periodically reviews the fair value of these instruments as well as the financial condition of investees.

(2) Credit and liquidity risks

The Group manages its credit risk by setting credit limits that are approved by the authorized personnel of each SBU.

Ultimate responsibility for liquidity risk management rests with the CFO of the Group, who is appointed by the Board of Directors. Based on the instructions from the CFO, the financial headquarters of the Group mainly manages the Group’s liquidity risk by maintaining an appropriate level of retained earnings and credit facilities and monitors the actual cash flows and forecasted cash flows. The credit lines for commercial paper are secured for temporary cash shortages due to dividends or bonus payments.

2. Notes concerning the fair value of financial instruments

As of March 31, 2026 (the end of the fiscal year), the carrying amount of financial instruments in the consolidated statement of financial position, the fair values of those instruments, and the differences between them were as follows:

Financial instruments whose carrying amounts are similar to fair values are not included in the table below. Also, financial instruments that are measured at fair value on a recurring basis are not included in the table below, as carrying amounts are equal to fair values.

(Millions of yen)

	Carrying amount in the consolidated statement of financial position*	Fair value*	Difference
Long-term financial assets	6,341	5,927	(413)
Total assets	6,341	5,927	(413)
Interest-bearing long-term debt	(14,512)	(14,804)	(292)
Other long-term financial liabilities	(533)	(533)	—
Total liabilities	(15,045)	(15,337)	(292)

* The balances of liabilities are presented as the numbers in parentheses.

3. Notes concerning the breakdowns of financial instruments by fair value hierarchy

The fair value of financial instruments is categorized into Levels 1 to 3 depending on the observability and importance of inputs from which the fair value was derived.

Level 1: Fair value derived from quoted prices in active markets for identical assets or liabilities.

Long-term financial assets classified as Level 1 consist of listed shares and are measured by market prices.

Level 2: Fair value derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

- Fair value of long term financial assets such as long-term loans to subsidiaries and affiliates and lease deposits are measured by the present value of future cash flows of

each loan categorized according to a certain range of term and discounted by the risk-free rate, etc.

- Fair value of interest-bearing debt and other financial liabilities such as long-term guarantee deposits and long-term other payables is measured by the present value of future cash flows of each debt categorized according to a certain range of term and discounted by the interest rate that reflects the remaining period to the maturity and credit risk.

Level 3: Fair value derived from inputs for the asset or liability that are not based on observable market data (unobservable inputs).

- Long-term financial assets classified as Level 3 mainly consist of unlisted shares and are measured using valuation techniques such as net asset approach, discount cash flow method or comparable company method.

- Trade and other payables and other long-term financial liabilities classified as Level 3 consist of contingent considerations and are measured based on the achievement of milestones considering time value of money.

(1) Financial instruments that are measured at fair value

(Millions of Yen)

	Level 1	Level 2	Level 3	Total
Long-term financial assets	169	—	2,347	2,517
Total	169	—	2,347	2,517
Trade and other payables*	—	—	(332)	(332)
Other long-term financial liabilities*	—	—	(80)	(80)
Total	—	—	(412)	(412)

* The balances of liabilities are presented as the numbers in parentheses.

(2) Financial instruments that are measured at fair value on a non-recurring basis

(Millions of Yen)

	Level 1	Level 2	Level 3	Total
Long-term financial assets	—	5,927	—	5,927
Total	—	5,927	—	5,927
Interest-bearing long-term debt*	—	(14,804)	—	(14,804)
Other long-term financial liabilities*	—	(533)	—	(533)
Total	—	(15,337)	—	(15,337)

* The balances of liabilities are presented as the numbers in parentheses.

Notes Concerning Revenue recognition

1. Disaggregation of Revenue from Contracts with Customers

Revenues and results from continuing operations by the Group's reportable segments are as follows.

(Millions of Yen)

	Japan	Asia	Americas	Europe	Others	Total
Life Care						
Health Care related products	141,912	62,386	109,122	128,239	9,100	450,760
Medical related products	25,239	18,013	29,102	61,416	6,148	139,919
Life Care total	167,151	80,399	138,224	189,656	15,249	590,680
Information Technology						
Electronics related products	14,216	247,600	29,974	3,968	—	295,757
Imaging related products	11,231	43,438	3,503	819	3	58,994
Information Technology total	25,447	291,037	33,477	4,787	3	354,751
Other	473	384	553	909	—	2,318
Total revenue from external customers	193,072	371,820	172,254	195,351	15,252	947,749

2. Basic information to understand Revenue from Contracts with Customer

Please refer to (8) Revenue recognition of 4. Items related to accounting policies, Important items for the preparation of the consolidated financial statements

3. Information to understand Revenue amount for the current consolidated fiscal year and for the following consolidated fiscal year and thereafter

(1) Contract balances

Receivables from contracts with customers and contract liabilities are as follows. Contract liabilities consist mainly of advance received and advance received profit from customers. Contract liabilities increase by the receipt of consideration from a customer before the transfer of a good or service to the customer and decrease by satisfaction of the performance obligation.

(Millions of Yen)

	Contract balance
Receivables from contracts with customers	206,426
Contract liabilities	5,944

Note: Revenues recognized in the year ended 31 March 2026 that were included in the contract liability balances as at 1 April 2025 were ¥3,352 million.

Amount of revenue recognized in this reporting period from performance obligations satisfied (or partially satisfied) in previous periods is immaterial.

(2) Transaction price allocated to the remaining performance obligations

The Group uses the practical expedient of omitting the disclosure of information on the remaining performance obligations because it has no significant transactions with individual expected contractual terms exceeding one year. In addition, no significant considerations from contracts with customers are included in the transaction price and no significant financing components are included in consideration from contracts with customers.

(3) Assets recognized from the costs to obtain a contract with a customer

If the amortization period of the assets is one year or less, the Group uses the practical expedient of recognizing the incremental costs of obtaining the contract as an expense when incurred.

Notes to per Share Information

(1) Equity per share attributable to owners of the Company	¥	3,041.71
(2) Basic earnings per share	¥	743.93

Notes Concerning Significant Subsequent Events

(Cancellation of Treasury Shares)

On April 30, 2026 the Board of Directors made a resolution to cancel the treasury stock repurchased based on resolution of the Board of Directors held on January 30, 2026 pursuant to Article 178 of the Companies Act of Japan in the aim of increasing capital efficiency as well as enhancing shareholder benefit by decreasing the total number of outstanding shares as outlined below.

(1) Class of shares: Ordinary shares

(2) Number of shares to be cancelled: 3,576,300 shares (1.07% of total shares outstanding, excluding treasury shares)

(3) Date of cancellation: May 15, 2026

(4) Total number of issued and outstanding shares after the cancellation: 334,838,020 shares

(Note) Figures in the consolidated financial statements and related notes are rounded to the nearest unit.

Nonconsolidated Statement of Changes in Equity

(From April 1, 2025 to March 31, 2026)

(Millions of yen)

	Shareholders' equity						
	Share capital	Capital reserve		Legal reserve	Retained earnings		
		Additional paid-in capital	Total capital surplus		Other retained earnings		Total retained earnings

Notes to the Nonconsolidated Financial Statements

Significant Accounting Policies

1. Basis and methods for evaluation of marketable and investment securities

Investment securities in subsidiaries and affiliates: Cost determined by the moving-average method Available-for-sale securities:
Marketable securities: Fair value, with unrealized gains and losses, net of applicable taxes, reported in a separate component of equity
Non-marketable securities: Cost determined by the moving-average method

2. Basis and methods for evaluation of derivatives: Fair value

3. Basis and methods for evaluation of inventories: Primarily the lower of cost, determined by the average method, and net realizable value

4. Methods of depreciation of fixed assets:

Property, plant and equipment (excluding leased assets)	Depreciation is computed by the declining-balance method while the straight-line method is applied to buildings acquired on or after April 1, 1998 and building improvements and structures acquired on or after April 1, 2016. The range of useful lives is principally from 15 to 50 years for buildings, from 4 to 15 years for machinery and equipment, and from 2 to 15 years for tools, equipment and fixtures.
Intangible fixed assets (excluding leased assets)	The straight-line method is applied. The period of amortization is 5 years for software.
Leased assets	The straight-line method over the lease terms with no residual value is applied for leases that do not transfer ownership of the leased assets to the lessee.

5. Basis for the conversion of foreign currency assets and liabilities

All short-term and long-term monetary receivables and payables denominated in foreign currencies are translated into Japanese yen at the exchange rate at the nonconsolidated balance sheet date. The foreign exchange gains and losses from translation are recognized in the nonconsolidated statement of income.

6. Allowance, reserves, and provisions

(i) Allowance for doubtful accounts	The allowance for doubtful accounts is provided based on the Company's past experience of credit loss and an evaluation of the financial position of borrowers.
(ii) Accrued bonuses to employees	Accrued bonuses are provided at the year-end to which such bonuses are attributable in the current year.
(iii) Warranty provisions	Accrued warranty cost is estimated and recognized based on past experience of the occurrence of defective goods and the expected after service costs in the warranty period.
(iv) Reserve for periodic repairs	Reserve for periodic repairs is provided based on the actual expenses for the latest repairs for melting furnaces.

7. Revenue recognition

The Company recognizes revenue based on the five-step approach below:

Step 1: Identify the contracts with customers

Step 2: Identify the performance obligations in the contract

Step 3: Determine the transaction price

Step 4: Allocate the transaction price to the performance obligations in the contract

Step 5: Recognize revenue when the entity satisfies a performance obligation

The Company sells healthcare related products, medical related products, electronics related products, imaging related products, etc. and recognizes revenue when the control of products is transferred to the customer and the performance obligation is satisfied by the Company on the shipping or delivery date. For service contracts such as maintenance contracts for medical related products, revenue is recognized equally over the contract period because the performance obligation is considered to be satisfied over time. Revenues are measured at the transaction price of the consideration received or receivable less discount, rebate and consumption taxes.

Notes to Significant accounting estimates and judgments

In preparing the financial statements, management makes estimates and assumptions about the future. The estimates and assumptions are based on management's best estimates, which consider historical experience and factors believed to be reasonable as of the end of fiscal year and may differ from the actual results due to their nature.

The item for which management made estimates and judgments in the financial statements for the fiscal year that has a significant impact on the financial statements for the following fiscal year is as follows.

Valuation of equity securities of subsidiaries and associates and investments in subsidiaries and affiliates

Amounts recorded in the financial statements for the fiscal year	<u>Equity securities of subsidiaries and affiliates ¥237,253 million</u> Investments in subsidiaries and affiliates ¥18,311 million
--	--

Other Matters

The Company assesses the impairment of equity securities of subsidiaries and affiliates and investments in subsidiaries and affiliates without a market price by comparing the acquisition cost with the actual value. The Company's policy is to write down the book value to the actual value, when the actual value declines by 50% or more from the acquisition cost. The actual value is estimated based on the business plans of subsidiaries and affiliates and other factors. However, such estimates may affect the financial statements of the following fiscal year, if the business plans and other revisions are required to be modified due to change in uncertain economic conditions or other factors in the future.

Notes to Revenue Recognition

Basis on comprehension of Revenue is set forth in “Significant Accounting Policies 7. Revenue recognition.”

Notes to changes in presentation of nonconsolidated financial statements

(Nonconsolidated statement of income)

“Gain on sale of investment securities” (¥244 million in the previous fiscal year), which was previously included in "Other" in Extraordinary income until the previous fiscal year, is now stated separately from the current fiscal year onwards due to its financial materiality has increased.

Notes to Nonconsolidated Balance Sheet

- | | | | |
|--|---|---------|---------|
| 1. Accumulated depreciation of property, plant and equipment | ¥ | 109,362 | million |
| Accumulated depreciation includes accumulated impairment losses. | | | |
| 2. Monetary receivables from and payables to subsidiaries and affiliates (excluding classified items in the nonconsolidated balance sheet) | | | |
| (1) Short-term receivables | ¥ | 30,522 | million |
| (2) Long-term receivables | ¥ | 15 | million |
| (3) Short-term payables | ¥ | 16,041 | million |

Notes to Nonconsolidated Statement of Income

- | | |
|--|-------------------|
| 1. Transactions with subsidiaries and affiliates | |
| (1) Sales | ¥ 97,962 million |
| (2) Purchases including commissions | ¥ 42,908 million |
| (3) Non-operating transactions | ¥ 223,486 million |

Notes to Nonconsolidated Statement of Changes in Equity

Matters relating to the number of treasury shares

Share class	Balance at April 1, 2025	Increase	Decrease	Balance at March 31, 2026

- (3) Date of cancellation: May 15, 2026
- (4) Total number of issued and outstanding shares after the cancellation: 334,838,020 shares

(Company split for the contact lens retail business)

1. Purpose of the Company split

Since our contact lens retail business provides consumer-oriented services and differs in many aspects from the business characteristics of the Company's other businesses, we have decided to transfer the contact lens retail business to HOYA Eye Care Retailing Corporation ("HECR") with the aim of further expanding our business by enabling us to make detailed decisions in areas such as sales and marketing activities, and store operations tailored to the characteristics of the industry.

2. Outline of the Company split

(1) Schedule of the Company split

Decision made to effectuate the Company split (the Company)	November 5, 2025
Determination of executive member (HECR)	November 5, 2025
Execution Date of the company split agreement (both entities)	November 5, 2025
Effective Date of the Company split	April 1, 2026

(2) Method of the Company split

The Company split will be an absorption-type company split where the Company being the splitting company and HECR is the succeeding company.

(3) Details of Allotment for the Company split

As HECR is a wholly owned subsidiary of the Company, consideration for the Company split will not be delivered.

(4) Treatment of Stock Acquisition Rights and Bonds with Stock Acquisition Rights upon the Company split

The Company has issued stock acquisition rights, but there will be no change in the treatment of such rights as a result of the Company split. In addition, the Company has not issued any bonds with stock acquisition rights.

(5) Increase or Decrease in Capital Relating to the Company split

There will be no increase or decrease in capital as a result of the Company split.

(6) Rights and Obligations to be Succeeded by the Succeeding Company

Through the Company split, HECR succeed to the assets, liabilities, contractual status and other rights and obligations related to the Company's contact lens retail business to the extent specified in the company split agreement.

The obligations that HECR succeed from the Company will be assumption of liabilities without recourse to the Company.

(7) Prospect of Performance of Obligations

The Company believes that there is no problem with the prospects of fulfillment of obligations of the Company and HECR after the Company split.
