**Notice of Completion of the Critical Operation Phase for Seven GRUS-3 Earth
Observation Microsatellites**

We hereby announce that our consolidated subsidiary, Axelspace Corporation, announced today that it has successfully completed the critical operations to verify the health of its seven GRUS-3 next-generation Earth observation microsatellites in orbit following their launch on July 7 (UST), 2026.

Going forward, our Group will continue the initial operation of GRUS-3 to verify the status of each onboard component in preparations for commercial operations, with the aim of commencing services utilizing Earth observation data acquired by the GRUS-3 satellites by the end of 2026.

This event has already been incorporated as one of the assumptions underlying our financial forecast for the fiscal year ending May 31, 2027. Should any matters requiring disclosure arise, we will promptly announce them. The consolidated earnings forecast for the fiscal year ending May 2027 will be announced at the time of the release of the full-year financial results for the fiscal year ended May 2026 on July 14.
