Notice Regarding Revision of Dividend Forecast for the Fiscal Year Ending March 31, 2027

MEDIPAL HOLDINGS CORPORATION (“MEDIPAL”) hereby announces that, at the meeting of the Board of Directors held on July 14, 2026, it resolved to revise the forecast for dividends per share (interim and year-end) for the fiscal year ending March 31, 2027, as follows.

1. Reason for Revision of the Dividend Forecast

MEDIPAL concluded the tender offer for the shares of PALTAC CORPORATION (Securities Code: 8283) on July 7, 2026. Going forward, MEDIPAL will proceed to make PALTAC a wholly owned subsidiary through a squeeze-out procedure (scheduled for August 2026). Based on this, MEDIPAL has revised its consolidated earnings forecast for the full fiscal year ending March 31, 2027 (April 1, 2026 – March 31, 2027) today, as announced in the "Notice Regarding Revision of Full-Year Consolidated Financial Forecasts".

As MEDIPAL expects its profit levels to improve following the transition of PALTAC CORPORATION into a wholly owned subsidiary, it has decided to revise the dividend forecast to enhance shareholder returns, taking into consideration its future financial condition and other factors.

For the interim and year-end dividends, MEDIPAL will add 10.00 yen to each of the previously forecast ordinary dividends of 34.00 yen, revising the dividend upward to 44.00 yen per share for each period. Consequently, the annual dividend will be 88.00 yen per share.

2. Details of the Revision

	Dividends per Share (Yen)		
	Interim	Year-End	Full-Year Total
Previous forecast (May 14, 2026)	34.00	34.00	68.00
Revised forecast	44.00	44.00	88.00
Current year actual			
Previous year results (FY Ended March 2026)	32.00	34.00	66.00

(Note) The above forecast is based on information available as of the date of this announcement. Future events may cause actual dividends to differ from the forecast.
