Daiichi Sankyo Announces Continuation of a Trust-type Share Grant System for Officers and Employees of its U.S. Subsidiaries

Tokyo, Japan (July 31, 2026) – Daiichi Sankyo Company, Limited (Headquarters: Chuo-ku, Tokyo; hereafter “Daiichi Sankyo” or the “Company”) announced that it decided at a meeting of its Board of Directors held today to continue the trust-type share grant system (the “System”) currently introduced for eligible officers and employees of its U.S. subsidiaries (“Eligible Officers and Employees”). The details are stated as follows.

1. Purpose and Conditions Regarding Introduction of the System

- (1) Daiichi Sankyo will continue the System to enhance the engagement of Eligible Officers and Employees, and to acquire and retain talented human resources by granting shares.
- (2) The System adopts a structure known as a share-granting ESOP (Employee Stock Ownership Plan) trust (“ESOP Trust”). The ESOP Trust is an incentive plan that references U.S. ESOP systems. The system delivers Daiichi Sankyo’s shares and money equivalent to the proceeds from the conversion of Daiichi Sankyo’s shares into cash to Eligible Officers and Employees, based on the job grade and the individual performance of the Eligible Officers and Employees.

2. Structure of the ESOP Trust

- (i) Daiichi Sankyo and its U.S. subsidiaries will perform the required procedures such as resolutions by their Boards of Directors for the continuation of the System.
- (ii) Daiichi Sankyo and its U.S. subsidiaries will make partial amendments to the share delivery rules associated with the System at their respective Boards of Directors meetings, etc.
- (iii) Daiichi Sankyo will establish an ESOP Trust (the "Trust") wherein Eligible Officers and Employees who meet the beneficiary requirements as the beneficiaries and will entrust a set amount of money with the trustee during a set period each year.
- (iv) The Trust will acquire Daiichi Sankyo's shares from the stock market during a set period by using the money contributed in (iii) as a source according to the instructions of the trust administrator.
- (v) Dividends will be paid on Daiichi Sankyo's shares held by the Trust in the same manner as other shares of Daiichi Sankyo.
- (vi) Voting rights of Daiichi Sankyo's shares held by the Trust shall not be exercised throughout the trust period.
- (vii) During the trust period, a set number of points will be granted to Eligible Officers and Employees based on their job grade and the individual performance, etc. After a certain period of time has elapsed since the points are granted, a number of Daiichi Sankyo's shares corresponding to the number of points in question are delivered to Eligible Officers and Employees, who meet certain beneficiary requirements.
- (viii) If residual shares remain at the expiration of the trust period, the Trust will continue to be used as the System or as a similar share delivery system, or the Trust will make a gratis transfer of the residual shares in question to Daiichi Sankyo and Daiichi Sankyo will cancel such shares by a resolution of the Board of Directors.
- (ix) Upon termination of the Trust, the residual assets after distribution to beneficiaries will be returned to Daiichi Sankyo within the scope of the reserve for trust expenses, which is calculated by deducting funds for share acquisition from the trust money. In addition, any portion exceeding the reserve for trust expenses will be distributed to Eligible Officers and Employees that meet certain beneficiary

requirements, and then the remaining amount will be donated to an organization with no interest with Daiichi Sankyo.

(Note) In the case where Daiichi Sankyo's shares are exhausted from the Trust due to the delivery of Daiichi Sankyo's shares to Eligible Officers and Employees, who are meeting the beneficiary requirements, the Trust will be terminated prior to the expiration of the trust period. Daiichi Sankyo may also entrust additional money to the Trust as funds for the acquisition of Daiichi Sankyo's shares, and the Trust may acquire additional shares of Daiichi Sankyo. Then, each of Daiichi Sankyo's U.S. subsidiaries will contribute an amount of money equivalent to trust money based on the number of eligible persons, etc. at each company.
