Notice Concerning Revision to Dividend Forecast (Dividend Increase)

Aica Kogyo Company, Limited (the "Company") hereby announces that its Board of Directors resolved at a meeting held today to revise the dividend forecasts for the fiscal year ending March 31, 2027, as follows.

1. Reason for the Revision

The Company's capital policy aims to enhance corporate value by optimizing group capital allocation while maintaining an appropriate balance among shareholder returns, capital efficiency, and financial soundness.

With respect to shareholder returns, the Company pays dividends after taking into account consolidated performance for each fiscal period, with the aim of returning profits to shareholders while achieving sustainable growth. Under its current medium-term business plan, "Value Creation 3000 & 300," the Company's basic policy is to continue a progressive dividend policy without dividend reductions.

Regarding dividends for the fiscal year ending March 31, 2027, in light of the Company's strong performance, including the fact that its consolidated cumulative results for the first quarter recorded all-time highs in net sales, operating profit, ordinary profit, and profit attributable to owners of the parent, the Company has comprehensively considered these factors and resolved to revise the interim dividend forecast. As a result, the interim dividend is increased by ¥4 per share from the previous forecast (an increase of ¥6 per share from the previous fiscal year's actual dividend), to ¥72 per share.

Going forward, the Company will continue to enhance shareholder returns and remain committed to further increasing corporate value.

2. Details of the Revision

	Dividend per share		
Record date	Second quarter-end	Fiscal year-end	Full year
Previous dividend forecast (announced on May 1, 2026)	¥68.00	¥72.00	¥140.00
Revised dividend forecast	¥72.00	¥72.00	¥144.00
Previous results (FY ended March 31, 2026)	¥66.00	¥72.00	¥138.00
