Notice Concerning Application for a Market Division Change to the Tokyo Stock Exchange Standard Market

Taiko Pharmaceutical Co., Ltd. (the "Company") hereby announces that the Company resolved, at a meeting of its Board of Directors held on August 25, 2026, to apply for a market division change to the Tokyo Stock Exchange (TSE) Standard Market, as described below.

As of December 31, 2023, the Company was non-compliant with one of the continued listing criteria for the TSE Prime Market, namely, tradable share market capitalization.

Given this non-compliant status, the Company submitted a plan to achieve compliance with the continued listing criteria on March 19, 2024, and took various measures to achieve compliance with such criteria. The Company confirmed that it was in compliance with all of the continued listing criteria for the Prime Market as of December 31, 2024.

However, as the Company's tradable share market capitalization again did not meet the criterion as of December 31, 2025, the Company submitted and publicly announced the "Notice Concerning Plan to Comply with the Continued Listing Criteria (Entering Improvement Period)" on March 24, 2026, and has been implementing various measures aimed at achieving compliance with such criteria.

Meanwhile, taking into account the Company's current corporate scale, business environment, and future growth strategy, the Company has determined that, from the perspective of its long-term management strategy and the maximization of shareholder value, it needs to consider its approach to achieving ongoing compliance with the continued listing criteria for the Prime Market and the deployment of management resources associated therewith.

As a result, the Company has determined to position the Standard Market as a market division more appropriate for its current corporate scale and stage of growth, and that pursuing sustainable growth and enhancing mid- to long-term corporate value in the Standard Market will contribute to the interests of all stakeholders, including shareholders.

For the reasons described above, the Company has decided to apply for a market division change to the Standard Market.

The Company will promptly make a public announcement if any matters requiring disclosure arise in connection with this matter in the future.
