Notice Concerning the Filing of a Lawsuit by the Company

On September 10, 2026, Premium Group Co., Ltd. announced the “Notice Concerning Filing of Counterclaim by Consolidated Subsidiary.”

On July 6, 2026, DTS CORPORATION (the “Company”) filed a lawsuit against Premium Co., Ltd. (“Premium”) with the Tokyo District Court in connection with a migration project for a core system previously operated by Premium, seeking payment of unpaid service fees for system development services and other work undertaken by the Company, as well as fees for additional work.

The Company has duly fulfilled its contractual obligations under this project and has engaged in good-faith discussions with Premium. However, as no resolution was reached, the Company filed this lawsuit. The Company also believes that Premium’s claim for damages against the Company is without merit. Through the litigation proceedings going forward, the Company intends to establish the validity of its position.

As this matter is now the subject of judicial proceedings, the Company will refrain at this time from making any further detailed comments or expressing its views.

The Company will promptly make an announcement if any matters requiring disclosure arise in the future.
