Notice regarding the Decision of the Supreme Court on the Case for the Alleged Violation of the Antimonopoly Act

Regarding the case in which Taisei Corporation (the “Company”) and its former counsellor had been indicted by the Tokyo District Public Prosecutors Office for the alleged violation of the Act on Prohibition of Private Monopolization and Maintenance of Fair Trade (“Antimonopoly Act”) in connection with construction projects using the open-cut excavation method for new terminal stations (Shinagawa and Nagoya Stations) of the Linear Chuo Shinkansen Line, the Supreme Court gave the Company its decision to dismiss the final appeal which had been filed by the Company on September 14, 2026 (the “Decision”).

Since the Company insisted that there was no fact of any violation of Antimonopoly Act, the Company and its former counsellor filed the final appeal to the Supreme Court on March 10, 2023. However, under the Decision, the guilty in the sentence (the fine of 250 million Japanese yen) to the Company and the guilty to its former counsellor whose execution of the sentence was suspended have come to be a final decision.

Though it is deeply disappointing that our arguments were not accepted by the Supreme Court in the Decision, the Company takes the Decision very seriously, continue to ensure its compliance with laws and ordinances, and make further efforts to build a compliance system of the Company.

It is very regrettable for the Company that the Decision has caused the great concern to its shareholders and all other stakeholders.
