CENTRAL SECURITY PATROLS CO., LTD. (the “Company”) hereby announces that differences have arisen between the consolidated financial results forecasts for the second quarter (interim period) of the fiscal year ending February 28, 2027, announced on April 13, 2026, and the actual results announced today. In addition, in light of recent business performance and other factors, the Company has revised its full-year consolidated financial results forecasts for the fiscal year ending February 28, 2027, as described below.

1. Differences Between Consolidated Financial Results Forecasts and Actual Results for the Second Quarter (Interim Period) of the Fiscal Year Ending February 28, 2027 (March 1, 2026 to August 31, 2026)

2. Revision to Consolidated Financial Results Forecasts for the Full Fiscal Year Ending February 28, 2027 (March 1, 2026 to February 28, 2027)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Earnings per share

3. Reasons for the Revisions

During the cumulative second-quarter period, certain expenses that had initially been expected to be recorded as operating expenses were reviewed in detail and, as a result, were recorded as an extraordinary loss under loss on contract cancellation. Consequently, operating profit and ordinary profit exceeded the initial forecasts, resulting in differences from the actual results. In addition, the Company had expected to record, as an extraordinary loss under litigation-related loss, the settlement payment associated with the settlement of the damages lawsuit announced on April 21, 2026 and August 13, 2026. As this loss had not been incorporated into the initial forecasts and will affect profit attributable to owners of parent, the Company has revised its full-year consolidated financial results forecasts.

Note: The forecasts presented above are based on information available as of the date of this announcement. Actual results may differ from these forecasts due to various factors.
