Notice of Judgement on the U.S. Patent Litigation Concerning Aseptic Filling Systems

Shibuya Corporation, headquartered in Kanazawa, Ishikawa, Japan (hereinafter "Company") announces that on October 13, 2026 (local time), the United States District Court for the District of Delaware entered final judgment in the patent infringement lawsuit brought against the Company by Steuben Foods, Inc. (headquartered in Elma, New York, USA (hereinafter "Steuben").

In the final judgment, the District Court ordered and adjudged (1) that claims 19 and 20 of U.S. Patent No. 6,536,188 and the claim 26 of U.S. Patent No. 6,209,591 have been infringed, (2) compensatory damages are awarded in the amount of US$38.3 million, with pre-judgment interest in the amount of US$10.3 million.

The Company continues to evaluate and pursue all available legal remedies to safeguard its rights, including an appeal of the final judgment to the United States Court of Appeals for the Federal Circuit.

Both patents found to be infringed in the final judgment have already expired and are no longer in force, and they will have no effect on the future sale, use, or maintenance of the Company's aseptic filling systems.

A financial impact to the Company's consolidated results for the fiscal year ending June 2027 due to the judgment is currently under thorough review, and the Company will promptly provide an update once the financial impact has been reasonably estimated and determined.
