* The Company operates principally in the financial instrument exchange business, and its operating results are likely to be affected by economic and market fluctuations. Due to the nature of its business and consequential difficulty in predicting its performance, the Company does not disclose the forecast of operating results.
* The preliminary results above are based on a certain assumption that the Company considers reasonable at the present time. Actual results may differ from the preliminary results.

2. Reasons for the Difference between the Preliminary Financial Results for the Six Months Ended September 30, 2026 and the Actual Results for the Six Months Ended September 30, 2025

Operating revenue for the six months ended September 30, 2026 increased 17.7% year on year, due to increases in offering fees and asset management fees for mutual funds, investment advisory fees related to wrap products and others, as well as the recording of revenue from investee funds, and operating profit turned positive. As a result, ordinary profit and profit attributable to owners of parent increased year on year.
