<Reference> Results for the previous fiscal year (Fiscal year ended March 31, 2026)	51,400	23,580	25,218	18,132	241.20

(2) Reason for the revision

During the current fiscal year, the Company has continued its efforts to strengthen its cloud services, with a focus on both enhanced security and the utilization of AI. As financial results have exceeded the Company’s initial expectations, and net sales and all profit measures are expected to exceed the previously announced forecasts, the Company has revised its full-year financial results forecast for the fiscal year ending March 31, 2027, as stated above.

* The forecasts stated above are based on information currently available to the Company and involve various uncertainties. Actual results may differ from the forecasts due to changes in circumstances and other factors.
