Summary of Profit by Segment

New way, New value

(BN JPY)

(BN JPY)	FY25 H1	FY26 H1	Difference	Main Factors
Automotive	0.8	**0.0**	(0.8)	Despite earnings contributions from the automotive sales businesses in Latin America, profit decreased due to weak performance in the used car business in Australia and the recording of expenses related to businesses undergoing structural reforms
Aerospace & Transportation Infrastructure	10.5	**6.7**	(3.8)	Despite the start of earnings contributions from new investments and an increase in handovers at overseas industrial parks, profit decreased due to the absence of gains from the partial sale of the railcar leasing business recorded in the same period of the previous fiscal year
Energy Solutions & Public Infrastructure	7.9	**14.1**	+6.2	Profit increased due to the new consolidation of the infrastructure development business in Australia, an increase in transactions in the U.S. energy solutions businesses, and gains from asset replacements
Metals, Mineral Resources & Recycling	6.9	**9.5**	+2.6	Profit increased due to the impact of structural reforms in the coking coal business in Australia
Chemicals	10.6	**20.1**	+9.5	Profit increased significantly due to higher methanol prices, earnings contributions from NIPPON A&L INC., and steady performance in both domestic and overseas trading businesses
Consumer Industry & Agriculture Business	5.7	**3.8**	(1.9)	Profit decreased due to lower transaction volumes in the overseas fertilizer businesses
Retail & Consumer Service	1.9	**8.4**	+6.5	Profit increased due to strong performance in tobacco trading and the commercial food wholesale business in Vietnam, as well as gains from asset replacement

(Profit for the period)

Main Factors of Difference in Profit for the Period

- Despite earnings contributions from the automotive sales businesses in Latin America, profit decreased due to weak performance in the Australian used car business and the recording of expenses related to businesses undergoing structural reforms

Progress Overview

Revised Forecast : JPY0.0bn Achieved -%

- Downward revision reflecting costs associated with structural reforms

The status of rehabilitating existing businesses

(Used car sales business in Australia)

- Used car sales volume declined due to higher fuel prices stemming from the situation in the Middle East and weaker consumer purchasing power resulting from higher interest rates
- Profit margins at sales locations undergoing turnaround efforts are improving. Continuing to pursue operational improvements

(Total Asset)

Main Factors of Difference

- Increased mainly due to investment in an automobile sales business (VEINSA in Costa Rica)

Automobile sales businesses in Latin America Profit Target FY26 JPY5.0bn Next Stage JPY10.0+bn

Path to Success

Leveraging locally cultivated human capital and expertise rooted in surrounding regions, concentrating resources on building regional dominance in high-growth niche markets and establishing a competitive advantage across a broad value chain

Progress

- Acquisition of automobile sales business in Panama, centered on Kia, Mazda, and Hyundai, leveraging expertise, experience and human capital built in Puerto Rico, Brazil, Argentina and Venezuela
- As part of efforts to build a revenue-generating business cluster (*Katamari*) in Latin America, an investment was made in a multi-brand automotive distributor in Costa Rica (VEINSA)

Energy solutions businesses

Profit Target FY26 JPY10.0bn Next Stage JPY20.0+bn

Path to Success

Shift to energy-saving and data center-related services in the U.S. and Australia, leveraging power and infrastructure expertise and human capital to capture new earnings opportunities. Expansion of functions and customer base through roll-up investments to scale up the businesses

Progress

- Demand for energy-saving services continues to grow alongside rising energy demand. Efforts are underway to build a solid foundation for establishing the energy solutions businesses and extending the same approach to Australia.
- Completed a bolt-on investment in Deca through Freestate in the U.S., strengthening capabilities in electrical contracting and control systems services.

Infrastructure development business in Australia (Capella)

Profit Target FY26 JPY5.0bn Next Stage JPY10.0+bn

Path to Success

Deliver high-quality, efficient infrastructure development, value delivery and stable operations in Australian PPP, leveraging specialized expertise. Capture further opportunities through strong track record and trust. Expand the business foundation beyond Australia and accelerate the growth

Progress

- Consolidation of Capella from FY25, with multiple PPP projects in Australia under consideration. In addition, discussions underway regarding expansion outside Australia
