(3) Reasons for the revisions to the full-year earnings forecasts

Both net sales and profits are expected to exceed the previously announced forecasts as, on a non-consolidated basis, profitability has improved, mainly due to enhanced productivity and cost reduction efforts, and, on a consolidated basis, because of the reflection of the outlook for the non-consolidated operating results and the performance of THE KODENSHA Co., Ltd. from October 1, 2026 to March 31, 2027, after including the company in the scope of consolidation.

As a result, the Company has revised the net sales and profits forecasts for the non-consolidated and consolidated earnings forecasts announced on April 27, 2026.
