Notice Regarding Acquisition of Water Management Business from Panasonic Connect Co., Ltd.

Nisshinbo Holdings Inc. hereby announces that, at a meeting of its Board of Directors held on October 30, 2026, the Company resolved that Japan Radio Co., Ltd. ("Japan Radio") will acquire the water management business operated by Panasonic Connect Co., Ltd. (comprising the municipal water management business and electric power-related water management business; hereinafter, the "Business"), as described below.

1. Background and Purpose of the Business Acquisition

The Nisshinbo Group develops solutions for social infrastructure, including disaster prevention and mitigation and river information systems, based on wireless and communications technologies.

Through the acquisition of the Business, the Group will combine the technologies, expertise and customer base that Panasonic Connect Co., Ltd. has developed in the field of water management with Japan Radio's systems and communications technologies and operational expertise in the fields of disaster prevention and river management.

This will strengthen the Group's proposal capabilities and business foundation in the field of water management, enabling it to address issues such as the increasing frequency and severity of water-related disasters and the aging of social infrastructure. By providing more advanced and reliable total solutions, the Group aims to enhance its corporate value over the medium to long term.
