Announcement Regarding Impairment Loss (Consolidated Financial Results), and Revision of Financial Forecast for the Six Months Ending September 30, 2026

Sysmex Corporation (HQ: Kobe, Japan; President: Iwane Matsui) hereby announces that, in the second quarter of the fiscal year ending March 31, 2027, it will record an impairment loss in its consolidated financial statements, as set forth below.

In addition, the Company also announces a revision to its financial forecast for the six months ending September 30, 2026, announced on August 7, 2026.

1. Impairment Loss (Consolidated Financial Results)

The Company announces that it will record an impairment loss of 5,769 million yen in the second quarter of the fiscal year ending March 31, 2027. The principal components of this impairment loss relate to goodwill recognized at the time of the acquisition of Sysmex BioMajesty Co., Ltd., as well as property, plant and equipment, and intangible assets held by the acquired company.

With respect to the overseas business of Sysmex BioMajesty Co., Ltd., the Company revised its estimates of future cash flows to reflect a review of the planned timing for business launch in its business plan and conducted an impairment test. As a result, the Company determined that the recoverable amount was below the carrying amount and therefore recognized an impairment loss.

2. Revised Consolidated Financial Forecast for the Six Months Ending September 30, 2026

(April 1, 2026 to September 30, 2026)

Despite of the impairment loss described above, net sales, operating profit, profit before tax, and profit attributable to owners of the parent are expected to exceed the previously announced forecast, primarily reflecting strong business performance in the Americas region. Accordingly, the Company has revised its forecast.

The full-year consolidated financial forecast is currently under review and will be announced together with the consolidated financial result for the six months ending September 30, 2026, scheduled to be disclosed on November 10, 2026.
