Notice Concerning Revisions to Financial Results Forecast and Dividend Forecast (Dividend Increase)

SINFONIA TECHNOLOGY CO., LTD. (the "Company") hereby announces that, in light of recent business performance, it has revised its consolidated financial results forecast and dividend forecast announced on May 14, 2026, as described below. Although the Company does not disclose its non-consolidated financial results forecast, the Company also announces that the difference between the forecast for the fiscal year ending March 31, 2027 and the actual results for the previous fiscal year is expected to meet the criteria for timely disclosure.

1. Revision to Consolidated Financial Results Forecast

Revision to Consolidated Full-Year Financial Results Forecast for the Fiscal Year Ending March 31, 2027(April 1, 2026 to March 31, 2027)

	Net sales	Operating profit	Ordinary profit	Profit attributable to owners of parent	Profit per share
Previously announced forecasts (A)	Millions of yen 140,000	Millions of yen 21,000	Millions of yen 21,000	Millions of yen 15,000	Yen 531.64
Revised forecasts (B)	150,000	25,000	25,000	17,500	206.57 (619.70)
Change (B-A)	10,000	4,000	4,000	2,500	—
Change (%)	7.1	19.0	19.0	16.7	—
(Reference) consolidated results for the previous fiscal year (Fiscal year ended March 31, 2026)	128,197	18,464	18,793	14,498	513.87

Reason for the Revision

The consolidated full-year financial results are expected to exceed the previous forecast due to increased net sales and improved profitability in semiconductor-related business and aerospace-related equipment, as well as increased net sales and improved profitability of construction and service operations in the Engineering & Service business.

Note: The Company plans to conduct a three-for-one stock split of its common shares, effective January 1, 2027. Accordingly, profit per share is presented after taking into account the effect of the stock split, with the amount before taking into account the effect of the stock split shown below it. The previous forecast and the actual results for the previous fiscal year are presented without taking into account the effect of the stock split.

2. Revision to Dividend Forecast

Dividend Forecast for the Fiscal Year Ending March 31, 2027

	Annual dividends (Yen)		
	Second quarter-end	Fiscal-year end	Total
Previous forecasts	0	161	161
Revised forecasts (on a pre-stock-split basis)	0	63 (189)	— (189)
Actual results for the previous fiscal year (Fiscal year ended March 31,2026)	0	155	155

Reason for the Revision

Under its basic policy to provide dividends in a continuous and stable manner, the Company determines profit distribution by taking into account the interests of its shareholders, the strengthening of its corporate structure, capital expenditures and development investments for future business expansion, and the outlook for future earnings.

In light of the revision to the financial results forecast, the Company has revised its year-end dividend forecast for the fiscal year ending March 31, 2027 from the previously forecast ¥161 per share to ¥189 per share, an increase of ¥28 per share, on a pre-stock-split basis.

Note: The Company plans to conduct a three-for-one stock split of its common shares, effective January 1, 2027. Accordingly, the year-end dividend per share is presented after taking into account the effect of the stock split, with the amount before taking into account the effect of the stock split shown below it. The previous forecast and the actual results for the previous fiscal year are presented without taking into account the effect of the stock split.

3. Non-Consolidated Financial Results Forecast

Non-Consolidated Full-Year Financial Results Forecast for the Fiscal Year Ending March 31, 2027(April 1, 2026 to March 31, 2027)

	Net sales	Ordinary profit	Profit	Profit per share
Actual results for the previous fiscal year(A)	Millions of yen 96,924	Millions of yen 15,839	Millions of yen 12,999	Yen 460.73
Revised forecasts(B)	115,500	21,500	16,300	192.40 (577.20)
Change (B-A)	18,575	5,660	3,300	—
Change (%)	19.2	35.7	25.4	—

Reason

The non-consolidated full-year financial results are expected to differ from the actual results for the previous fiscal year due to increased net sales and improved profitability in semiconductor-related business and aerospace-related equipment.

Note: The Company plans to conduct a three-for-one stock split of its common shares, effective January 1, 2027. Accordingly, profit per share is presented after taking into account the effect of the stock split, with the amount before taking into account the effect of the stock split shown below it. The actual results for the previous fiscal year are presented without taking into account the effect of the stock split.

Note: The financial results forecast and dividend forecast above have been prepared based on information available as of the date of announcement of this document. Actual results may differ from these forecasts due to various factors in the future.
