Announcement Regarding Recognition of Foreign Exchange Gains in Non-Consolidated Financial Results

NEXON Co., Ltd. today announced the recognition of foreign exchange gains under non-operating income in its non-consolidated financial statements for the nine months ended September 30, 2026 (January 1, 2026 through September 30, 2026). The details are as follows.

1. Recognition of foreign exchange gains

In the nine months ended September 30, 2026, foreign exchange gains amounting to ¥28,293 million were recorded under non-operating income in our non-consolidated financial statements. This was primarily due to the settlement of receivables related to foreign currency-denominated dividend income from consolidated subsidiaries and revaluation at the end of the period.

Please note that the foreign exchange gains above were calculated based on exchange rates as of September 30, 2026, and are subject to change depending on future exchange rate conditions.

2. Impact on financial results

Foreign exchange gains above are included in the “Consolidated Financial Results for the Nine Months Ended September 30, 2026 [IFRS]” released today.
