TS TECH considering applying for approval to extend deadline for the submission of the semiannual securities report for the 81st fiscal period (fiscal year ending March 31, 2027)

TS TECH announces that it is considering applying for approval to extend the deadline for submission of the semiannual securities report for the 81st fiscal period (fiscal year ending March 31, 2027), as outlined below. The statutory deadline for submission is November 16, 2026.

Details

1. Consideration of applying for approval to extend the deadline for submission of the semiannual securities report

As announced in the October 30, 2026 News Release "TS TECH announces establishment of internal investigative committee and postponement of announcement of financial results for the second quarter (first half) of the fiscal year ending March 31, 2027," TS TECH has established an internal investigative committee, whose membership includes outside experts, after having identified the need to confirm the accounting treatment of inventories and other matters at its consolidated subsidiary in the Americas, TST NA TRIM, LLC. While the internal investigative committee is currently conducting its investigation, the investigation is expected to take a considerable amount of time to complete, and it will also be necessary, based on the results of the investigation, to prepare the condensed interim consolidated financial statements and related documents and for the accounting auditor to perform additional audit and review procedures. Accordingly, it would be difficult to receive the interim review report from the accounting auditor and submit the semiannual securities report for the 81st fiscal period (fiscal year ending March 31, 2027) by November 16, 2026, the statutory deadline for submitting the semiannual securities report. For these reasons, TS TECH is considering applying to the Kanto Regional Finance Bureau for approval to extend the deadline for submission of the semiannual securities report.

2. Future outlook

TS TECH will promptly make an announcement if its policy regarding the semiannual securities report for the 81st fiscal period (fiscal year ending March 31, 2027) has been decided, through consultation and confirmation with related parties.

TS TECH wishes to express its sincere apologies for any concerns raised or inconvenience caused to shareholders, investors, and other stakeholders.
