Announcement concerning Difference between Forecast and Actual Figures for the Nine Months Ended September 30, 2026

Please be informed of the following difference between the Company's consolidated financial results forecasts for the nine months ended September 30, 2026 announced on August 6, 2026 and the actual consolidated financial results announced today.

1. Difference between forecasts and actual figures for the nine months ended September 30, 2026 (January 1, 2026–September 30, 2026)

	Net sales (millions of yen)	Operating profit (millions of yen)	Ordinary profit (millions of yen)	Profit attributable to owners of parent (millions of yen)	Basic earnings per share (yen)
Previous forecasts (A)	333,000	(6,300)	(11,100)	(12,800)	(36.60)
Actual Figures (B)	332,524	(4,397)	(9,886)	(7,422)	(21.22)
Amount of change (B-A)	(475)	1,902	1,213	5,377	
Rate of change (%)	(0.1)	—	—	—	
(Reference) Results for nine months ended Sep. 30, 2025	304,436	5,869	2,175	(995)	(2.85)

2. Reasons for difference

In the nine-month period ended September 30, 2026 (January 1, 2026–September 30, 2026), operating loss was better than the previously announced forecast thanks to progress in improving costs.

In addition, the Group recorded a gain on sale of shares of subsidiaries and associates of 13,671 million yen as extraordinary income, resulting from a partial divestment of former consolidated subsidiary FORMOSA SUMCO TECHNOLOGY CORPORATION by consolidated subsidiary SUMCO TECHXIV CORPORATION. The Group also posted an extraordinary loss of 3,778 million yen in business restructuring expenses related to ending wafer production at the Miyazaki Plant of SUMCO TECHXIV CORPORATION. Consequently, loss attributable to owners of parent also improved against the forecast.
